MANY ARE STARVING

Seed Is Scarc—Food Products Are in Short Supply the World Over

To Our Friends and Fellow Farmers:

To plant every available acre this Spring, and to cultivate them so carefully that they will produce the largest possible crops, is the sacred duty of every American farmer and gardener. Very high prices are being paid and will continue to be paid for the products of your farm, your garden and your poultry yard; but even at high prices there will not be enough food produced this year to keep many people of the world from starving, UNLESS the American farmer exercises renewed efforts by planting tens of thousands more acres and devoting his greatest skill and energy to making every crop yield its utmost.

You will save the lives of your fellow men by planting carefully and liberally, but do not waste seed, for there is not enough seed in the world to meet present needs. We start the New Year with a full assortment of carefully saved seed, but our quantities are limited. We therefore urge our customers to send us their orders as soon as possible, so that we may fill them to the entire satisfaction.

We thank you for your generous patronage in the past and wish you a prosperous and happy year.

January 1, 1917.

Yours respectfully, J. BOLIGNIO & SON.

**SIZE OF PARCEL THAT CAN BE SENT BY PARCEL POST**

The size of package that can be sent by Parcel Post cannot be over 84 inches in length and girth combined.

**WEIGHTS BY PARCEL POST**

Parcels up to 50 lbs. can be sent by Parcel Post in the local, 1st and 2nd zones and up to 20 lbs. in all other zones.

**HOW TO ORDER BOLGIANO’S SEEDS—READ CAREFULLY**

### FREE DELIVERY BY MAIL

We deliver free to any postoffice in the United States all Vegetable and Flower Seeds offered in this Catalogue by the packet, ounce, quarter-pound, and all varieties of Tomato and Cabbage Seed in any size package, including pounds. On all other seeds for half-pounds and upwards the Parcel Post Table will apply.

**When Best to Order.** We are fully equipped for filling orders and supplied with New Crop Seeds. Order at once, so that you can have your seed on hand ready to start planting your crops at the proper time without delay.

**The Cost of Your postoffice or express money order may, on all orders over $1.00, be deducted from the amount of your order.**

**One or Two Cent Postage Stamps.** We will accept the same as cash. Do not send other kinds.

**If You Live On a Rural Mail Route.** Just give the letter and the money to the mail carrier and he will get the money order at the postoffice and mail it in the letter for you.

**Use Our Order Blank If You Have One.** If you haven’t one, use any plain paper.

**Tell Us In Your Own Way What You Want.** In any language. Enclose in your letter the amount of money, either a postoffice money order, which you can get at the postoffice, an express money order, which you can get at the express office, or a draft, which you can get at a bank, or put the money in your letter, take it to the postoffice and tell postmaster you want it registered.

**Be Sure to Sign Your Name and Address.** If by boat or railroad say distinctly which boat or railroad to ship by, and if freight has to be prepaid add this amount to your order to prevent delay.

**Don’t Be Afraid You Will Make a Mistake.** We receive many orders from old and new who never before sent away for seeds. We are accustomed to handling all kinds of orders. No matter whether your order is in good or bad writing we will promptly fill it and send it to you.

**Change of Address.** If you have changed or intend to change your address, please let us know; we will change it on our books, so that you will receive our Catalogue at your new postoffice. We thank you for doing this.

### GUARANTEE

We Guarantee All Shipments of Seeds, when remittance accompanies order, to reach the purchaser safely and in good condition.

### AS TO WARRANTY

We Believe Our Seeds will produce for you the best crops you have ever grown, and to show you what confidence we have in our Seeds, if they prove otherwise than represented by us we will refund your order free of charge; but it must be agreed that we do not warrant the crops grown therefrom, either expressed or implied, as to description, purity, productiveness or any other matter and we will not be in any way responsible for them. If the purchaser does not accept our seeds, etc., on these terms they are at once to be returned and the money thereon paid for refunded. We appreciate your orders and we receive our prompt attention.

### BOLGIANO’S FREE EMPLOYMENT DEPARTMENT

If you are in need of a reliable gardener—get in touch with our Employment Department. We only furnish those whose references we have carefully looked into and who we know to be honest, reliable, sober, capable men of good character. For this service we charge absolutely nothing. This will save you the trouble and annoyance necessitated in securing capable and satisfactory help. If you are a gardener desiring a position, register with our Employment Department.
A Perfect Lawn

VARIETIES OF LAWN SEED BEST TO USE

If you have measured the amount of Lawn Seed you will sow on your lawn by the amount of money you have appropriated for that purpose—don't see how much seed you can buy for the given amount of money, but if necessary buy less seed and know that it is good. The buying of seed is entirely a matter of confidence; all depend upon the knowledge, experience and trustworthiness of the seedsmen from whom you buy. Don't buy less Seed by measure; you can easily understand the more chalk, hulls, etc., which are left in the seed the more quickly will it measure. Always purchase by the pound, as good, fresh, solid, heavy, thoroughly cleaned seed weighs, and when you purchase 10 pounds or 100 pounds you are not depending upon someone else's ideas of what a quart or a bushel should be. Often two quarts of measured seed sold for 50 cents does not contain as many good seeds which will produce grass plants as one pound at a cost of 25 cents. This should be thoroughly understood and remembered to be most successful, and to be successful at the minimum cost be sure to buy your seed by the pound. The most successful grass in this climate are Kentucky Blue Grass (Poa pratensis), Red Top Grass (Argyrodes Vulgaris) White Dutch Clover (Trifolium repens), Rhode Island Bent Grass, Creeping Bent Grass and Perennial Sweet Vernal Grass (to give the lawn a sweet fragrance when cut), however, many people have found the combination of grasses as scientifically proportioned in the Druid Hill Park Velvet Green Lawn Grass Mixture to accomplish the most satisfactory results. This will quickly produce a luxuriant lawn, which is not only permanent, but becomes more beautiful each succeeding year. In shaded situations a special mixture of grass should be used. The Shady Nook Lawn Mixture has been prepared after many years of experimenting with grasses in wooded and shaded locations, and especially to the amateur this mixture will appeal, for there are many discouragements in store for the beginner, when a shaded location has to be contended with, unless he takes advantage of the experience of others.

WHEN TO SOW THE SEED

In the early Springtime, about the last week in February or the first week in March, the seed should be sown at the rate of 60 pounds to the acre (40,000 square feet); the seed which was prepared in the Fall or the Lawn which has been already established, should be thoroughly raked so the teeth of the rake form crevices in the earth for the seed to lodge, then the seed should be sown carefully both from east to west and from north to south, being very particular that it is sown evenly and not a large quantity of seed dropped at one spot and other places receiving little or no seed at all. After sowing the seed firm it in the soil by running a heavy roller over it. Never rake the soil after the seed is sown.

A lawn may be made in two ways, by sodding or by sowing seed. Sodding is not only very expensive but unsatisfactory as well. Sods are ordinarily taken from the pasture or along the roadside and almost invariably contain weed seeds and coarse, blustery grasses, which make their appearance after the lawn is made. This is the worst of all. Much less expensive, but is attended with better results. The most important thing to consider in selecting seed for lawn grasses, is to obtain a proper mixture of several varieties, for two reasons: First, each variety is at its best during a certain part of the season. By properly choosing early, medium and late grasses, a smooth, even, green lawn is assured from early Spring to late Autumn. Second, a given area can support only so many grass plants of one kind; far they all absorb the same food, but if several varieties are sown, the same area will support many more plants, as different sorts live on different elements in the soil. This will give a much thicker and more inviting turf all over the lawn.

With these facts in mind our Druid Hill Park Velvet Green Lawn Grass Seed is scientifically proportioned. Our experience of many years has given us an intimate knowledge of grasses, their habits and requirements. In our Druid Hill Park Velvet Green Lawn Grass Seed are included only the very best varieties—pure, clean and free from weed seed. Our Druid Hill Park Velvet Green Lawn Grass is very quick in growth, is easy for mowing in from four to six weeks, the time the seed is sown.

From early Spring until late in the Fall, lawn sown with our Druid Hill Park Velvet Green Lawn Grass remain green and fresh, for the reason that this mixture includes quick growing varieties which are at their best soon after the frost is out of the ground, others that mature and flourish in Midsummer, and still others that are greenest and sturdiest in Autumn. For each of these seasons there are several different varieties living on different elements in the soil, so that one is certain always to have a satisfactory carpet of green wherever our Druid Hill Velvet Green Lawn Grass is sown.

Not only is our Druid Hill Park Velvet Green Lawn Grass suitable for the making of new lawns, but it will be found equally valuable for quickly renewing imperfect, old and worn-out areas. Always see that the soil is thoroughly prepared, carefully pulverized and enriched with Sheep Manure or Bone Meals before sowing the seed. One pound will sow 20 x 20 feet; 10 pounds will sow 50 x 150 feet; 60 pounds will sow an acre. 20 pounds measures one bushel. 1/2 lb. 10c. 1/3 lb. 15c. 1 lb. 25c. 5 lbs. $1.00. Bu. of 30 lbs. $6.00.
Shady Nook Lawn Grass Mixture

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and shady places. For sowing in such places we recommend the use of this special mixture. It will quickly produce a beautiful lawn, and in time the grass will spread and fill in the spaces between the trees, and make the shaded place look more natural than it has ever been before. The grasses selected for this mixture are the result of many years of study and experimentation, and have been chosen from those which have proven most satisfactory in all kinds of conditions and climates. They are all hardy and will grow under the most trying conditions. The grasses in this mixture are:

1. Festuca rubra—Blue Grass
2. Poa palustris—Wild Bent Grass
3. Festuca arundinacea—Smooth Bent Grass
4. Agrostis capillaris—Buffalo Grass
5. Lolium perenne—Perennial Ryegrass
6. Lolium multiflorum—Italian Ryegrass
7. Phleum pratense—Timothy Grass
8. Poa pratensis—Kentucky Blue Grass
9. Agrostis stolonifera—Black Awnless Grass
10. Festuca ovina—Sheep's Fescue
11. Lolium temulentum—Tall Fescue
12. Festuca pratensis—Annual Ryegrass
13. Poa pratensis var. alpina—Alpine Blue Grass
14. Festuca rubra var. pumila—Lacy Blue Grass
15. Poa annua—Annual Meadow Grass
16. Poa trivialis—Common Bent Grass
17. Agrostis capillaris—Green Bent Grass
18. Festuca ovina—Sheep's Fescue
19. Poa pratensis—Kentucky Blue Grass
20. Agrostis stolonifera—Black Awnless Grass
21. Festuca rubra—Blue Grass

In addition to these grasses, the mixture contains a small amount of clover and other legumes, which will help to keep the soil rich and nourished. The clover will also provide a beautiful ground cover and help to prevent weeds from growing. The mixture is available in bags of 100 lbs. and is priced at $8.95 per bag. It is recommended for use in all kinds of soils and climates, and will produce a beautiful and healthy lawn in a short time.

Best Fertilizers for Lawns, Flowers, Vegetables, House Plants, Etc.

HARDWOOD ASHES, Acts as Both Insecticide and Fertilizer

Hardwood ashes besides being excellent for building up the soil and correcting the acidity and sourness which is so common in almost every soil and restoring it to its original fertility, contains a fair percentage of active pastic-basotish, which not only furnishes the plant with the necessary food for its development, but acts as an insecticide in destroying insects which constantly prey on plants. Extra-selected, double-sifted, finest unashed Canada Hardwood Ashes, $1.50 per 100 lbs., $25 per Ton.

Yeast of the Earth

Black in Color
Absolutely Odorless

The Most Wonderful
Natural Fertilizer in the World

Rex HUMUS

It is not only a quick stimulant but a permanent plant food and soil builder. It is also valuable as a特效 dressing for lawns. Formerly known as "Flower Grower's Soil," it is now known as "Rex HUMUS." It is a mixture of organic matter and mineral elements, which makes it a complete and balanced fertilizer. It is easy to apply and will produce rapid results. The use of Rex HUMUS in lawns produces a luxuriant growth of grass which is bright green in color and as thick as to discourage weed development. Lawns treated with this mixture will retain their fresh appearance 10 to 15 years. Directions: Spread Rex HUMUS over the grass and rake it in with an iron tooth rake. A generous top dressing of Rex HUMUS, about one inch in depth, will produce astonishing results and has a beneficial action which will be evident for years.

Flower Beds

The results from the use of Rex HUMUS on flower beds are wonderfully beneficial. It has proved in countless instances to be better than all other fertilizers for this purpose. Directions: Spread Rex HUMUS evenly over the flower bed and rake it in with an iron tooth rake. A generous top dressing of Rex HUMUS, about one inch in depth, will produce astonishing results and has a beneficial action which will be evident for years.

Vegetable Gardens

For vegetable gardens, Rex HUMUS is far better than any other fertilizer. Its effect is immediate and lasting. It is excellent for promoting the growth of vegetables and plants, and is especially effective for potatoes, tomatoes, and other vegetables. It makes things grow beyond all belief. Mix it with the soil in your flower boxes, flower pots, flower beds, and around your trees and shrubs. It will make them better than they have ever been before. You will be amazed at the results. Descriptive booklet on request.

Lawn

Lawn mixtures produce a luxuriant growth of grass which is bright green in color and as thick as to discourage weed development. Lawns treated with this mixture will retain their fresh appearance 10 to 15 years. Directions: Spread Rex HUMUS evenly over the grass and rake it in with an iron tooth rake. A generous top dressing of Rex HUMUS, about one inch in depth, will produce astonishing results and has a beneficial action which will be evident for years.

Potted Plants and Window Boxes

Rex HUMUS will make your flower pots and window boxes the envy of the whole neighborhood. Its action is almost immediate, furnishing exactly the nutritious elements needed to bring the plants to the highest state of healthy development. Directions: Three parts soil to one part Rex HUMUS, well mixed, should be used when placing the plants in pots or boxes. When the plants have been properly potted, an inch or two of the top soil should be removed and replaced with Rex HUMUS. Work the layer of Humus into the soil and be careful not to injure the roots. If the soil is not available, it is best to use one to two parts soil to one part Rex HUMUS.

Prices—Rex HUMUS

5 lbs. 15c, 10 lbs. 25c, 25 lbs. 40c, 50 lbs. 75c. 100 lbs. $1.25, 500 lbs. $5.00, 2000 lbs. $18.00.
Bolgiano's "Early Bird" Pea

A Wonderful New Early Semi-Wrinkled Dwarf Pea
Extremely Early, Very Hardy, Mammoth Podded, Vines 2 to 2½ Feet High

1917. Bolgiano's "Early Bird" Peas are unsurpassed for their extreme earliness, superb quality and unusual productiveness.

The dwarf vigorous vines measure 2 to 2½ feet and carry enormous crops of large, long, beautiful deep green pods.

The handsome pods measure 4 to 4½ inches long and are filled with 9 to 10 slightly indented, round, blue marrow Peas.

The Peas are large in size and of the most luscious flavor. Bolgiano's "Early Bird" Peas can be sown as soon as the ground can be worked, for they do not rot in the ground like fully wrinkled varieties. Bolgiano's "Early Bird" Peas can be pulled as early as the Extra Early Alaskas, with pods double the size.

A robust grower and a very heavy cropper.

We have much pleasure in introducing this most valuable Pea. Our friends have so highly tested it in our trial grounds, that it is bound to become the favorite Pea of the future.

If you knew the wonderful merits of Bolgiano's "Early Bird" Peas as we do you would hesitate to put your entire crop of this Pea. You certainly should give "Early Bird" Peas a liberal trial this Spring.

The market gardeners who first plant "Early Bird" Peas the heaviest are the ones who will realize the largest profits.

As a Pea for the home garden it is unsurpassed.

This being the first year of our introducing Bolgiano's "Early Bird" Peas, our supply of seed is limited. We therefore ask that you send us your order early.

Price: Pkt. 15c. ½ Lb. 25c. Lb. 50c. Qt. 75c. 4 Qts. $2.00.

Bolgiano's New "Early Spring" Beet

New 1916 Introduction

The First Beet in Market, Where It Commands the Most Fancy Prices

377. Last year being the first year of our introduction of this wonderful New Early Beet, we placed it into the hands of our leading market gardeners for trial. They all have been wild in their praise of its wonderfully good qualities. It was the first Beet in market, where it commanded the most fancy prices. Most perfect in shape and beautiful deep red color. It is much earlier maturing than Crosby's Egyptian and is of a much finer grain. Has a very small tap root, also top not being quite as large as Crosby's Egyptian. Even in maturing, that is, all the Beets can be pulled one week after you start in pulling. Can be sown under glass and transplanted outdoors or sown in the open field and will mature much earlier than Crosby's Egyptian. Bolgiano's New Early Spring Beet is the result of years of selecting and improving, resulting in, we believe, the earliest and best Beet on the market. Seed is very scarce. It will pay you handsomely to give it a trial. Pkt. 10c. Oz. 15c. ½ Lb. 25c. Lb. 50c. Qt. 75c. 4 Qts. $1.50. Postpaid.

Read "The Verdict" of Some of Our Leading Market Gardeners

On October 26, 1916, Mr. George J. Wolf, of Baltimore Co., Md., wrote: "In regard to Bolgiano's New Early Spring Beet, must say that it is a splendid Beet. In color it is a deep red and is a fine seller in the market. It also pulls two weeks earlier than any other Beet on the market. Seed for the same can be recommended to anyone wishing early Beets."

On October 30, 1916, Mr. George P. Martell, of Baltimore Co., Md., wrote: "I saved Bolgiano's New Early Spring Beet in August in rows beside the Crosby's Egyptian and the New Early Spring Beet was ready to pull a week before the Crosby's. This new Beet is a fine quality, somewhat darker than the Crosby's Beet."

On June 13, 1916, Mr. Joseph Menner, of Baltimore Co., Md., wrote: "Bolgiano's New Early Spring Beet is the best Beet that I have ever had. It has a nice top, fine, dark red color, has no cracks, right in shape, uniform in size and is the best early Beet I ever raised. I highly recommend it to early growers."

On October 25, 1916, Mr. Charles A. Freund, of Baltimore Co., Md., wrote: "In regard to Bolgiano's New Early Spring Beet, I must say that they are the best I ever raised. I saved them alongside of Crosby's Egyptian and found them earlier and darker red, better shape and much smoother. I surely want some of the seed next Spring."

On October 26, 1916, Mr. Harry Greensfelder, of Baltimore Co., Md., wrote: "Your Early Spring Beets are beautiful. We saved them early and they grew wonderfully and came earlier than all the rest. They were deep dark red and round and beautiful in shape. We are going to sow New Early Spring Beets for our first crop."
Bolgiano's New "Glory" Tomato

The Best Practical Introduction for Thirty Years

Yield Is Marvelous

Produces at Every Joint Large Clusters of Good Size, Smooth, Firm, Beautifully Shaped Fruit

Uniform in Shape, Color and Size

Bolgiano's New "Glory" Tomato—After years of toil, scientific selections, successes and disappointments, we have at last succeeded in producing and permanently fixing in type this great New Tomato. We felt so rejoiced over it we could find no word that so well expressed our great victory over almost insurmountable obstacles as the word "Glory."

For two years we have placed thousands of trial samples of "Glory" Tomato among Tomato growers in every State of the Union and in many foreign countries. The reports we have received have been, without a single exception, full of praise and appreciation of the wonderful good qualities of this marvelous Tomato.

"Glory" Tomato produces but very few seeds; the seeds are therefore well matured, full of life and vigor and will germinate quickly and produce strong, vigorous, thrifty plants. "Glory" Tomato ripens earlier than many other varieties that are usually planted for early use and is an abundant and continuous bearer.

"Glory" Tomato produces vines that are well set with fruit, bearing from the ground to the top of the vine. At times the vines are so full that they can hardly hold all the fruit that they produce. The vines are short-jointed, vigorous and healthy. So pure in type they are almost indistinguishable in all respects. They keep vigorous and green until frost and then are full of fruit.

"Glory" Tomato produces at every joint large clusters of good size, smooth, firm, beautifully shaped fruits, uniform in shape, color and size. They ripen evenly and color up well.

"Glory" Tomato yield is marvelous. The vines are fairly loaded with beautiful fruit. Many growers say "Glory" Tomato yields more per acre than any other Tomato; it has produced over 1,000 crates per acre; many single plants produce over 35 pounds of fruit apiece. Side by side with other Tomatoes, "Glory" has outyielded them two to one. Many Tomato growers claim it produced the largest crops they have ever grown.

"Glory" Tomato is decidedly disease resistant. It has proven absolutely blight-proof when other crops side by side were ruined by blight.

"Glory" Tomato is one of the handsomest Tomatoes grown. It has an exceptionally fine Red Color. Mild, Delicious Flavor. The fine breeding and careful selection of this strain shows up in the fruit. It is entirely free from cracks.

"Glory" Tomato already has thousands of friends. They speak of it in the following terms: "A world-beater." "Has more good qualities than any other." "Outyields and outsells any Tomato on the market." "Has great value for both market and canning purposes." "By far the best ever grown." "No Tomato equal to it." "Delighted." "Did best of all." "Rest not in it." "Prefer it to all others." "Outyields and outsells all others."

"Glory" Tomato being an extremely shy seeder and this being the first season we have any seed to offer through our catalogue, we suggest sending in your order as early as possible before our limited supply is exhausted.

Prices: Pkt. $1.00. ½ Oz. $2.50. Oz. $4.00.
"John Baer" Tomato

After having been successfully grown by the leading market gardeners, truckers, farmers and home gardeners in every Tomato-growing State in the United States, Canada, Mexico, Cuba and many of the European countries, it is pronounced by all to be

The Earliest and Best Tomato on Earth. Shipping Fruit in 30 Days. They all marvel at the wonderful adaptability of this Most Reliable Tomato to Every Clime and Soil in which it has been tried.

Space will permit us to list only a very few of the thousands of letters we have on file setting forth the wonderful merits of "John Baer" Tomato and its remarkable adaptability to all climes where Tomatoes can be grown. If there is none listed from your particular locality write us—we can furnish you with numbers of letters in your State and possibly quite a few in your county.

John Baer "Saved the Day" in Alabama

On August 29, 1916, Mr. Herman Hoffmann, of Mobile Co., Ala., wrote: "We had an extremely bad season on Tomatoes this year and would have had very few Tomatoes had it not been for the John Baer. I had about three 'John Baer' Tomatoes to one of any other sort from the same amount of plants."

Can't be Beet in Texas

On July 6, 1916, Mr. M. D. Beasley, of Victoria Co., Texas, wrote: "I don't think that the John Baer can be beat for its beauty, its quality and its earliness. It ripens ten to fifteen days earlier than any other Tomato."

Each Beautiful "John Baer" Tomato Weighs About 6 1/2 Ounces

READ WHAT "FORTY YEARS OF EXPERIENCE" SAYS

On October 18, 1916, Mr. G. A. Kentz, Field Superintendent Horticultural Grounds of the Agricultural Experiment Station, Fayetteville, Ark., wrote: "I am sending you a photo of some of your John Baer' Tomatoes. This picture was made July 8th. We commenced picking ripe Tomatoes June 10th. The vines are full of blooms and green and ripe Tomatoes at the present time. We have had fine ripe Tomatoes from them almost six months. I have been a Tomato 'Crack' for over forty years and have grown many fine Tomatoes, but never saw one that comes up to the John Baer' for all purpouse. It is the earliest, smootest Tomato that I have ever saw. The quality is fine, it ripens all over, does not have a green core, is a beautiful deep red color of medium size and very prolific. It withstands drought better of all I have ever tried. On the 4th day of June we had our last rain until September. The temperature ran from 85° to 95° week after week and we have had good ripe Tomatoes all Summer. I had other varieties in the same field which shed their bloom during the drought, but John Baer' stayed with us through it all. We had no irrigation, only frequent cultivation."

A "Howling Success" in New Jersey

On October 2, 1916, Mr. A. C. Peterson, of Bloomfield, Essex Co., N. J., wrote: "Received my order for John Baer' Tomatoes. I must inform you to know that the John Baer' with me has proved a howling success. I sowed the seed in cold frame and I believe every one germinated. In being transplanted, the seedlings thrived amazingly and soon became strong and vigorous vines. They have borne and are still bearing enormous crops of splendid Tomatoes—a good size, round and smooth, rich red in color and of exceptionally fine flavor."

Unusual Satisfaction in Pennsylvania

On September 30, 1916, Mr. E. W. McDonald, of Philadelphia, Pa., wrote: "I am enclosing a photograph I made of a cluster of four 'John Baer' Tomatoes which grew on a single stem, total weight of which was 33 pounds. The John Baer' Tomato has given all of our customers unusual satisfaction this year in comparison with any other Tomato that is offered for sale in the vicinity of my greenhouse near Ardmore, Pa. We have had an abundance of fair size, smooth, round, hard flesh Tomatoes of a nice, light color and a good flavor. This is our second year with the John Baer' and we certainly want it again."
“John Baer” Tomato

The Earliest and Best Tomato on Earth—Shipping Fruit in 30 Days

Prices: Pkts. 10c, 25c and 50c. 1 Oz. $1.00. 2 Ozs. $1.50. 1/2 Lb. $2.75. 1 Lb. $5.00. 1 Lb. $10.00. We Offer Veneer Bands 50c Per 100.

Quality

Earliest and best in 28 varieties; brilliant deep red color; smoothest; no core; almost free from seed; delicious flavored; far more solid and meaty than any other; no culls; ripens even up to the stem; perfect beauty; uniform in size and ripening; picks two to one to any other variety; from 105 to 122 perfect fruit to the vine; a perfect shipper; blight proof.

Earliness

Ten days earlier than Earliblue in Canada; the earliest Tomato in New Jersey; 10 days earlier than Globe in Florida; planted six weeks later but come first in Texas; 3 weeks ahead of any in Virginia; 3 weeks ahead of any in New York; 3 weeks ahead of any in Washington; 3 weeks ahead of any in Maryland; set out May 30, picked ripe fruit June 17, in New York.

Good Qualities of the “John Baer” Tomato

1st—“John Baer” Tomato produces large, beautiful, solid shipping Tomatoes in 30 days from large, strong, well-matured plants grown in Veneer or Paper bands, with roots undisturbed.

2nd—“John Baer” Tomato produces the most perfect High Crown Tomatoes ever grown, entirely free from core.

3rd—“John Baer” Tomato produces an enormous crop of Tomatoes, 50 to 100 fruit to each plant.

4th—Every “John Baer” Tomato ripens evenly, right up to the stem.

5th—No cripplers, no scalds, no blight, no cracked, no wrinkled, no one-sided, uneven, scarred fruit. When dead ripe “John Baer” Tomato will not burst.

6th—“John Baer” Tomato has a wonderful glistening, brilliant, bright red color.

7th—“John Baer” Tomato has a mild, deliciously sweet flavor. The finest flavor you have ever tasted.

8th—“John Baer” Tomato is almost seedless; it requires 6 to 8 bushels of “John Baer” Tomatoes to make one pound of seed, a marvelous Seed Setter, often ten fruit in first cluster, solid and meaty.

9th—“John Baer” Tomato has just enough foliage—will stand plenty of mowing without going to vine. Set plants 3 x 2½ feet.

10th—“John Baer” Tomato is the most perfect shipping Tomato ever grown—24 fruit exactly fill a six-carrier basket.

11th—Each beautiful “John Baer” Tomato weighs about 6½ ounces.

12th—“John Baer” Tomato Seed was saved only by John Baer, the originator, who personally selected and picked every Tomato from which he saved this seed, selecting only the most beautiful, perfect fruit of the Early Stem Set Clusters.

13th—“John Baer” Tomato is the offspring of two marvelous Tomatoes—One Great Specialist having devoted 10 years in selecting and improving one parent and Another Expert devoted five years in selecting and improving the other parent. The “John Baer” Tomato is, therefore, the result of Fifteen Generations of Improvement and Selection for earliness, quality, shape, fruit, color and shipping quality.

14th—As a Packing Tomato, “John Baer” is a miracle—they all pack fancy, no seconds, and all pack whole. Peddlers can prepare three bushels “John Baer” Tomatoes to one bushel of any other Tomato. Being such a tremendous yielder a bushel of “John Baer” Tomatoes can be gathered in one third the time of any other Tomato. A large Baltimore Tomato Packer had all the “John Baer” Tomatoes he could secure packed separately, running them through a special process for his fanciest trade and his own private use.

JOHN BAER—HIMSELF

GIVES A FRIENDLY BUT EARNEST NOTICE TO HIS FRIENDS AND FELLOW MARKET GARDENERS

Baltimore County, Md., January 1, 1917.

I hereby inform my many friends, the Market Gardeners, Canners and the public in general, I have placed my entire 1917 supply of “John Baer” Tomato Seed, which I personally grew and selected, with J. Bolognino & Son, of Baltimore, Md. Any seed offered by any other source is not my production, and I cannot feel morally responsible for the results it may produce.

I have given this Tomato my greatest care and attention for many years, and take pride in seeing that my Fellow Market Gardeners are getting only seed that truly represents the results of my lifework.

(Signed) JOHN BAER.
"Long Lost" Lettuce

"The Jewel Recovered"

"Long Lost" Lettuce is a "Jewel Recovered"

On June 6, Mr. Carl Hoffacker, of Unico in, N. J., writes: "Although weather conditions were not entirely favorable, your "Long Lost" Lettuce Seed produced most of the tender, green heads, proving it a "jewel recovered" and giving more satisfaction than any other variety grown.

"Long Lost" Lettuce the Best Ever Grown in Maryland

On September 6, 1916, Mr. E. B. Anthony, Market Gardener and Florist, Kent Co., Md., writes: "Concerning the "Long Lost" Lettuce Seed, I procured from you last August, 1915, please to see that it made the best Lettuce I ever grew. I did not use it for the Full crop, it was kept over and transplanted last Spring; seed was started in a greenhouse in February and transplanted to the open ground as soon as weather permitted. It certainly made a fair crop of large, solid heads. I have some more of it next Spring."

Will Never Plant Any Other in Alabama

On June 26, 1916, Mr. W. C. Cook, of Montgomery Co., Ala., writes: "In regard to Bolgian's "Long Lost" Lettuce, beg leave to say I never have had as much satisfaction with all the Lettuces I have ever grown as I have had with this variety. In our warm climate it is the finest and most salable. It shall never grow up another variety as long as I can get this variety true. We have had a very erratic season, hot and cold, long dry spells, which have been detrimental to all vegetables, so that the success obtained by myself has been good - in fact, I may be quite sorry to see the end of the season.

Great Success in New Jersey

On June 12, 1916, Mr. John A. Davis, of Atlantic Co., N. J., writes: "I purchased some of your "Long Lost" Lettuce Seed last season and had great success with it."

Best Ever Seen in Massachusetts

On June 12, Dr. Clarence O. Hill, of Berkshire Co., Mass., writes: "Lost February I bought a 5c package of your "Long Lost" Lettuce Seed and believe me it is the best I ever saw: such large and solid heads of Lettuce, and it didn't seem to burn either, and I am encouraging check for 5c pounds.

Everything That Could Be Desired in North Carolina

On June 14, 1916, Mr. B. L. Long, of Martin Co., N. C., writes: "The "Long Lost" Lettuce was everything that we could desire. We have had plenty of it for some time now, and expect to plant more next season. The weather conditions are very good, although a little cool for the season."

The Best in Florida

On June 23, 1916, Mr. A. F. McGee, of Orange Co., Fla., writes: "I planted your "Long Lost" Lettuce Seed last Fall and everyone pronounced the Lettuce the finest they had ever tasted. It produced a fine crop in spite of weather conditions, which were not favorable, as the season was very dry.

Did Well in New Hampshire

On July 21, Mr. G. Ralph Lightton, of Rockingham Co., N. H., writes: "I was so pleased the other day in saying that your "Long Lost" Lettuce Seed has done splendidly with me this season. The heads were very large, solid and crisp, and the flavor excellent. I have another crop of "Long Lost" Lettuce that will be maturing and have some seed for a late crop. I shall continue cultivation of the "Lost."

 Pronounced It Fine in Ohio

On June 19, Mr. Wm. B. Hill, of Clermont Co., Ohio, writes: "I grew your "Long Lost" Lettuce Seed this Spring and everyone pronounced the Lettuce the finest they had ever tasted. It produced a fine crop in spite of weather conditions, which were not favorable, as the season was very dry.

Can't be beat. But it has been so awfully wet here. Finses flavored, better than I ever ate. All who have eaten it pronounced it fine. Will give it a better trial next year. Will get it out earlier."

What Some of Our Home Folks Say

"Long Lost" Lettuce Certainly Is Fine

On June 15, Mr. John Trebanitl, Wholesale Market Gardener, of Baltimore Co., Md., writes: "Bolgian's "Long Lost" is the best Lettuce I have ever planted. It certainly is fine.

On June 19, Mr. Chas. H. Kampe, of Baltimore Co., Md., writes: "The "Long Lost" is all that I claimed for by your firm. Every plant made a great big, solid head, and at present time not one shows any sign of going to seed.

Mes. W. Belskows & Sons, of Baltimore Co., Md., writes: ""Long Lost" Lettuce is just as represented by your firm.

On June 15, Mr. Arthur Finley, of Baltimore Co., Md., writes: ""Long Lost" Lettuce is all it claimed for by our firm. Every plant made a great big, solid head, and at present time not one shows any sign of going to seed.

In Maryland—"Long Lost" Lettuce Will Stand the Heat

On June 19, Messrs. Vogl Bros., of Baltimore Co., Md., writes: "The "Long Lost" Lettuce is the best headed Lettuce we have ever raised and will stand the heat, at least it will harden open before going to seed. We do not want anything any better."

On June 15, Mr. Joseph Plemmmer, of Baltimore Co., Md., writes: "I have just ordered another supply of "Long Lost" Lettuce. It certainly is a beautiful compact and solid headed Lettuce. It stands the hot weather."
"Long Lost" Lettuce

The Most Wonderful Market Gardeners' and Shippers' Lettuce Produced in the Whole World During the Past One Hundred Years

Excels All Others on the Market

As a Shipper, as a Keeper, in Quality, in Sweetness, in Flavor, in Color, in Profits, in Reliability, in Hardiness

Produces the Best

Early Heads, Large Heads, Sure Heads, Solid Heads, Compact Heads, Tender Heads, Globular Heads, Firm Heads, Uniform Heads

Bolzano's "Long Lost" Lettuce. This wonderful Lettuce was greatly prized by the leading market gardeners around New York, Philadelphia and Baltimore twenty-five or thirty years ago. For some reason unknown it was lost. More recently it was sold by an unusual Frenchman, who came around with a sack of seed on his back, selling this wonderful Lettuce to the Philadelphia market gardeners. Several years ago this Frenchman went away and never returned. Fortunately, through our good friend, Mr. Oliver H. Ott, of Philadelphia, we secured a very few seed of this wonderful Lettuce and, by infinite pains, care and attention, we have grown enough seed of the "Long Lost" Lettuce to supply our wide-awake market gardeners, friends and customers, provided they order quickly before our limited supply of seed is exhausted.

"Long Lost" Lettuce is definitely better in flavor, sweet, tender with both finest shipping and eating qualities. Leaves are of much substance and not easily torn.

"Long Lost" Lettuce is of a solid, bright, attractive green. It is never spotted or brownish in any part.

As a splendid shipper "Long Lost" Lettuce surpasses every other Lettuce, including the Big Boston. It is a wonderful shipper and those growers who realize it fast and quickly grasp this remarkable opportunity, are the ones who will profit far beyond their highest hopes.

"Long Lost" Lettuce produces large, extremely solid, compact, cabbage heads. It is a reliable sure header and is very hardy. It will Winter over better than Big Boston Lettuce. It stands the cold.

"Long Lost" Lettuce will keep remarkably well. It is distinctly a market gardeners' and Southern shippers' Lettuce. Heads are large, compact, globular in shape, very firm, well defined and beautifully blanched.

The famous Tomato grower, John Beer, says "Long Lost" Lettuce is the very best Lettuce the market gardeners ever knew. There has never been any Lettuce equal to it, for it is something extra good.

After having been tried last year by the Leading Market Gardeners, Truckers and Farmers and found to be the most wonderful Lettuce that they have ever tried, many have placed their order with us for "Long Lost" Lettuce to cover their entire acreage in Lettuce for 1917. While you can readily afford to place your entire acreage in this Lettuce, you cannot afford to pass another season by without giving it a trial. Our supply of seed is yet limited and the demand this year is very heavy. Let us have your order at once so you will be sure of securing your requirements of "Long Lost" Lettuce.

AS TO TESTIMONIALS
Year after year we receive hundreds of letters from the Leading Canners, Market Gardencrs, Truckers, Farmers and Home Gardeners, recommending the High Qualities of Bolgiano’'s “Greater Baltimore” Tomato, both as a Canner, Shpper and “General All-Round Tomato.”

Nothing Like it in Texas
On June 26, 1916, Mr. W. H. Schauer, of Lamar Co., Texas, wrote:

“...no other Tomato, I sell Tomatoes in the Fall when one else has Tomatoes. I have ten acres of them growing now and they certrianly are fine. I have sold them at the rate of $2.00 an acre. They average up so nicely in the crate and hold better than any Tomato I have ever seen. They are fine to ship, also to can and eat. They are good for all purposes. We saw our seed in March for a middle crop and set the last of May for a Fall crop, put the plants out the last part of June, and in 60 days we had ripe Tomatoes for the market.”

Tried Once Always Used in Florida
On June 16, 1916, Mr. F. M. Tomson, of Canal Co., Fla., wrote:

“In the season of 1915 I bought some of your 'Greater Baltimore' Tomato Seed and was so well pleased with them that I am using them again this season.”

Well Pleased in Louisiana
On June 21, 1916, Mr. W. H. Bichardson, of St. Tammany Co., La., wrote:

“I am well pleased with Bolgiano’s ‘Greater Baltimore’ Tomato, as it is a prolific bearer of fine Tomatoes and holds up well through the season.”

The Only Tomato to do Good in Texas
On February 19, 1916, Mr. T. P. Harr, of Colora Co., Tex., wrote:

“Enclosed find my order for 'Greater Baltimore' Tomato Seed. It is the only Tomato that I can get to do any good here in this climate. I have grown them the last two years and raised the best hot run better than any other variety. The other varieties build up before the weather gets hot and die out. But 'Greater Baltimore' grows right through the hot Summber and stays green and continues to fruit until frost. Please send this order immediately, as I am a little late.”

In New Jersey - Outlasted the Stone by Two Weeks
Mr. Riles Bueck, of Union Co., N. J., writes:

“I thought I would drop a line to you about your 'Greater Baltimore' Tomato. I bought a packet of seed last Spring of you and sowed it in my greenhouse, and set out 400 plants on the 29th day of May and, I picked Tomatoes up until October 8, and they are the finest Tomato that I ever grew. They are such fine, large Tomatoes. I set the 'Greater Baltimore' next to a patch of Stone Tomatoes and they outlasted the Stone Tomatoes by two weeks; both kinds were set out on the same date—May 20th.”

Decided the Best in Maryland
On September 6, 1916, Wm. S. Richardson, of Somerset Co., Md., wrote as follows: “In regard to Bolgiano’s ‘Greater Baltimore’ Tomato, our experience with them is that they make better crop of choice Tomatoes than anything else we have ever tried and we have been planting them for several years. These have injured my neighbors who planted them and they had the same opinion.”

Does Fine in Utah
On September 17, 1916, Springville Canning Co., of Utah Co., Utah, wrote as follows: “We have a market for Tomatoes from the ‘Greater Baltimore’ Tomato Seed purchased from you have never been better. The weather conditions have been very bad for Tomatoes. Two years ago we began packing Tomatoes the 15th of August; this year we made our first run on the 26th of August. The weather had been extremely cool and Tomatoes ripened very slowly. We had a little frost on the 10th of September.”

In Illinois Plenty of “Greater Baltimore” Tomatoes in First Season
On September 28, 1916, Mrs. F. Meyer, of Meyer’s Farm, Calhoun Co., Ill., wrote as follows: “We had rain the 3rd of July, then more in the next weeks, and intense heat. Still we had plenty of Bolgiano’s “Greater Baltimore” Tomatoes for the table and to can and enough also for canning. We have a great family garden and raise just enough for our own use. The ‘Greater Baltimore’ Tomato has been doing very well. It bears all Summer until late in the Fall.”

Bolgiano’s “Greater Baltimore” Tomato
Better Than Stone Ever Was
Just Doubles the Yield

Bolgiano’s “Greater Baltimore” Tomato
279 Bolgiano’s “Greater Baltimore” Tomato—Special Stock Seed

Ranks First in Yield and Quality
Its Extremely Heavy Weight, Due to Its Firmness and Great Meatiness,
Makes It a Wonderful Canning Tomato

It Ripens Evenly to the Stem and is Entirely Free from Ridges, Cracks and Blight. Smooth, Well-Formed and Deep from Stem to Blossom. Fruits in Large Clusters at Every Second Joint. Joints are Short and Sturdy. Brilliant Red Color, the Handsomest Tomato You Have Ever Seen; Vigorous, Compact, Healthy Vines. Just Doubles the Yield of Many of the Best Canning Tomatoes You Have Ever Grown. Unrivaled Shipper, Due to Its Solidity and Firmness.

The Best Second Early and Main Crop Tomato on Earth

After eleven seasons have passed, and the “Greater Baltimore” Tomato has been grown in every Tomato State in the Union, and in many foreign countries, it is almost impossible to give a description of its merits without seeming to claim for it Supernatural Powers; so in describing it, we will, as far as practical, confine ourselves to extracts from the experience of those who have grown the “Greater Baltimore” during the past eleven years.

A Florida man writes, “It is the finest Shipping Tomato ever sold—tested side by side, and shipped side by side with five leading varieties—it beats them all.” Another writes, “Out of 15 Red varieties it was the best of all.” “Very prolific—it yielded from 300 to more than 650 hundred of 60 Lbs. per acre.” One man raised 17,000 plants from 1 lb. of “Greater Baltimore” Tomato Seed. “Vigorously grown, strong, healthy plants. Fruit uniform in shape and size, large, very regular, smooth, fleshy, very meaty, ripens well and evenly. Beautiful bright red color, fruit very handsome, dozens weighing 30 ounces, and several exceeding 32 ounces. Seed planted a month later than ‘Duke of York,’ produced shipping fruit two weeks before that variety was ready.” “Fine crop in hard season.” Excellent keeper—has kept until New Year’s day. Rust and blight proof. Recommended unreservedly by a grower for “the section around Lakeland, Fla.” Had proved better than any variety tried at Petron, Canada. “Stands the heat and drought of Mississippi.” “Very valuable for South Carolina climate.” In the canning districts of Delaware and Maryland “yielded a fine crop in a bad season.” Texas says there is no better Tomato in size and taste on the market; not an acid Tomato—very fine flavored. As a home garden Tomato “the results have been far beyond expectation.” On our own table we sliced the “Greater Baltimore” Tomato like we would slice a fine tender roast beef.

Ask the Giants Among the Packers Whose entire business depends on their Tomato Crop and who year after year plant Bolgiano’s “Greater Baltimore” Tomato Seed

We list below a few of the Leading Canners for whom we have already booked their order for Greater Baltimore Tomato seed from the 1916 crop.

I. X. L. Makes Money Quick

Bolgiano's I. X. L. Tomato—Extremely Early, Wonderfully Prolific

A week earlier than the Earliana. More productive than the Chalk's Jewel. As large as the Great B. B. Tomato. As good as the New Century. In fact, one of the World's Leading Extremely Early Tomatoes.

277. In Market Gardner's Field Tests, I. X. L. Tomato proved to be a week to ten days earlier than the Spark's Earliana, with an abundance of fruit larger and more prolific than Chalk's Jewel; in fact, any number of specimens could be found as large as the Great B. B. Tomato. It has little more vine and leaves than the Wetley Tomato, thus protecting the blossoms from being easily knocked off by heavy rains or winds. It protects the fruit from being sunburned or scalded. The I. X. L. Tomato is without a single exception the Leading Extremely Early Tomato, and while many of the most experienced Tomato growers tell us that we cannot say too much in favor of this excellent Early Tomato, there are many who have not yet grown it. To them, we say again, do not experiment with it but plant your entire crop in I. X. L. Tomato. Your crop will net you big returns. We stake our reputation on I. X. L.

1. One of the Earliest. Largest, absolutely smooth Tomatoes on Earth. A week earlier than the "Earliana" and as large as the "Great B. B."

2. A beautiful, brilliant red color.

3. Vines are a perfect mass of large, smooth fruit, a single plant yielding 1/2 bushel.

4. Fruit extremely early, extremely abundant, ripens all at once.

5. Vines compact and can be placed two feet apart in three foot rows.

Forty Tomatoes on a Single Vine in Tennessee

On June 19, 1916, The Fairmount Garden, Florid and Market Gardens, Mr. P. S. Wise, Proprietor, of Sullivan Co., Tenn., wrote: "Regarding your I. X. L. Tomato Seed bought of you this season, I am very well pleased with that variety. I planted the plants out in the field the latter part of April and for a week or so after they were planted in the field we had cold, unfavorable weather, hence being visible on the mountains some eight to ten miles away but the I. X. L. stood firm while some other varieties of Tomato plants succumbed to the cold. During May we had quite a long period of drought, but we have been having ripen I. X. L. Tomatoes ever since June 16th. I am so well pleased with this variety of Tomato that I planted more I. X. L. Tomato than any other variety, and I have tested all of the leading varieties of Early Tomatoes. Today I counted as many as forty Tomatoes on some of the vines of I. X. L., besides blossoms."

I. X. L. Proved Good in Florida

On June 9, 1916, Mr. R. H. Hill, of Manteo Co., Fla., wrote: "The I. X. L. Tomato Seed purchased from you this season has been planted all over O. K. Had no rain on plants from the time they were set out until fruit was half grown, but in spite of this had good crop of Tomatoes. Must say that all your seeds have given me perfect satisfaction."

I. X. L. Best in Earliness, Quality and Prolificness

On July 3, 1916, Mr. Victor Lent, of Lake Co., Fla., wrote: "I have raised a lot of Tomatoes here and find your I. X. L. the best of any I have ever tried in earliness, size, quality and prolificness."

6. As an extremely early prolific stem setter it is a wonder.

7. The absence of unnecessary leaves permits all fruit to ripen so remarkably early.

8. It is almost like finding money to plant the I. X. L. Tomato.

9. The largest growers tell us that we cannot say too much in favor of the I. X. L. Tomato.

10. In eleven years it has never disappointed a grower. Price: Pkt. 10c. 1/2 Oz. 20c. Oz. 50c. 2 Ozs. 50c. 1/4 Lb. 90c. 1/2 Lb. $1.75. Lb. $3.50. Postpaid.

Bad Conditions—Good I. X. L.'s in Texas

On June 26, 1916, Mr. Frank Liston, of Jim Wells Co., Texas, wrote: "We planted Bolgiano's I. X. L. Tomato Seed last Fall and would say we had some of the nicest Tomatoes we ever raised. This Spring we planted the I. X. L. on the first of February and we have had lovely Tomatoes. They ripened the first of May and are just now done. We have had a dry Summer, no rain since January."

I. X. L. Well Liked in Alabama

On October 3, 1916, Mr. J. B. Golston, of Autauga Co., Ala., wrote: "We had practically no rains between March 26th and May 7th, but in spite of these weather conditions your I. X. L. Tomato produced a fine crop. Planted side by side with other Tomatoes, ripened earlier, lasted longer, were more prolific and a finer Tomato generally. If I were confined to the use of only one Tomato, that one Tomato would surely be I. X. L."

The I. X. L. the Most Productive the Trucker Can Grow

On July 15, 1916, Mr. J. O. Hays, of Sumter Co., Fla., wrote: "I grew Bolgiano's I. X. L. Tomato this season. They are a wonderful, the same yielding 100 cots off 16 rows, less than an acre long in unfavorable weather conditions. The weather was extremely dry, yet set held as high as 14 marketable Tomatoes on one hand. They have proved a success for me. I think they are one of the most productive Tomatoes the trucker can grow."
"Prosperity Tomato"

The Wonder Among New Early Tomatoes That Has Attracted So Much Attention

310. We didn’t want to name this New Early Red Tomato "PROSPERITY," but we couldn’t help it; no other name could tell so quickly and so thoroughly how good it was.

"PROSPERITY" means Success, Good Fortune, Euphony and Complete Satisfaction; finding a Tomato possessing all these qualifications and advantages we instinctively thought of "PROSPERITY."

Description: — One of the earliest of all Tomatoes, a brilliant red, an enormous yeilder, grown and developed from single plant selections covering a period of ten years, filled full of strong, sturdy, healthy new blood. After having been tried by the Leading Market Gardeners and Largest Shippers all over the United States and Canada for the last six years, it is today thought more of than ever before. Prices: Pkt. 10c., ½ Oz. 3½c. 1 Oz. 6c. 2 Ozs. $1.10. ½ lb. $2.00. 1 lb. $3.75. 1 lb. $7.50. Postpaid.

In Florida — "Prosperity is a Fine Tomato"

On June 15, 1916, Mr. Lee Wells, of Gadsden Co., Fla., writes: "Weather conditions have been unfavorable for plant growth until recently—very dry and cold. However, your "Prosperity" Tomatoes made a satisfactory growth and are now full of fruit, ripening with not a single specimen of plant wilt or fruit rot. The 'Prosperity' is a fine Tomato; each fruit grows to a good size and ripens evenly and thoroughly—that is, with no hard spots or green unripened sections, as some varieties do."

In Florida — Results Were Wonderful

On January 5, Mr. J. E. Cameron, of Jackson Co., Fla., writes: "The enclosed order is made up from your catalogue handed me by Mr. W. H. Taylor. Last year he gave me a few of your 'Prosperity' Tomato seeds. The results were wonderful. I sold, besides using all I could on the table three times a day, $30.00 worth from two rows about 35 yards long."

In Tennessee — The Earliest by 9 Days

On August 7, Mr. Olive Gowan, Redfield Co., Tenn., writes: "I write to let you know that the 'Prosperity' Tomato seed which I bought of you this Spring were 9 days earlier than several other very early varieties planted the same day. No other seed was as early as your 'Prosperity', although some the same day and plants set out the same day. I am well pleased with your Tomato seed."

In Delaware — Produced Three Pecks to the Hill

On November 3, Mr. Gore Evans, of Kent Co., Delaware, writes: "In regard to our crop of 'Prosperity' Tomato, this variety was far ahead of any variety that I have ever grown on account of their foliage being so thick, which kept the sun from the Tomato. Without any evaporation I can say I picked a 3-peck basket from one hill."

Fruit Weighing One Pound in Canada

On January 3, Mr. R. Noraie Warrendale, of Ontario, Canada, wrote: "Your 'Prosperity' Tomato which I grew last year was the best Tomato that I have ever grown. Extremely early and continuing right to the end of the caving season with many fruits seating one pound in weight and a very small proportion of seconds."

In New York — Most Wonderful Tomato Ever Grown

On February 16, Mr. B. A. Coleman, of Albany Co., N.Y., writes: "I grew the 'Prosperity' Tomatoes last year. They are the greatest early Tomatoes ever grown. They were 10 days earlier than the I. H. L. side by side. As for yield they are most wonderful ever grown in this county. Neighbors from all over came to see them growing."

In Georgia — Considerable Above the Average

On November 2, 1916, H. P. Stuckey, Horticulturist, Georgia Experiment Station, Ga., writes as follows: "We grew the 'Prosperity' Tomato among about twenty-five other varieties. While the season was unfavorable, it was considerably above the average. I am well pleased with it and think further tests will show it to be a good variety. It was early ripening, the first ripe being June 7. The average diameter of the fruit was 2½ inches."

Later Experiment Tests in Georgia

On September 24, 1915, The Georgia Experiment Station, Ga., wrote: "The 'Prosperity' is one of the best Early Tomatoes we have ever tried. Its size, form and quality are good."

The Wonder of Morgan County, Georgia

On February 7, Mr. J. B. Atkinson, of Morgan Co., Ga., wrote: "The 'Prosperity' Tomato that I ordered from you last year proved to be the wonder of this place. Out of a small plot I produced a surprising large quantity of the best Tomatoes that I have ever seen. There was no other variety anywhere near them. The other seed ordered from you proved to be very fine and everything that you claimed for them."

In New Jersey — "Prosperity" Stands the Hard Knocks

On October 29, Maurice A. Blake, Horticulturist of the New Jersey Agricultural Experiment Station, New Brunswick, N.J., writes as follows: "We had two extended periods of drought here this Summer, yet the 'Prosperity' Tomato showed considerable promise under test."
Bolgiano's Wonderful New Tomato, "My Maryland"

King of Them All. Has Surpassed the Best Yielding Tomato In the World More Than 100 Per Cent—A Marvelous Double Yielder

77. Side by side it has produced three times the crop produced by the Stone of New Century. It has even doubled the yield of the Greater Baltimore Tomato.

The vast possibilities of this New Tomato are astounding. We believe in Greater Baltimore Tomato the limit of productivity had been reached, but "My Maryland" so far outyields any other Tomato ever grown that its remarkable productivity is amazing. People have driven miles to see a field of "My Maryland" Tomatoes and they all marvel at the prodigious abundance of the crops it had produced. The fields were literally covered with the finest well-shaped, perfectly formed, solid, smooth, bright red, uniform fruit, all free from roughness and cracks, much larger than any ever seen before. It was called then and there "A Winner" and it well deserved the title. The Tomatoes are much larger and for heavier than either the Greater Baltimore or the New Century. By most careful selection for six years, we have thoroughly established the purity and trueness of "My Maryland" Tomato, and are delighted to be the introducer of a Tomato which from start to finish is "King of them all." A real "Double Yields" that is known as the best second early and main crop Tomato the world has ever produced. Pkt. 10c. Oz. 30c. 2 Ozs. 50c. ½ lb. 90c. 1 lb. $1.75. 2 lb. $3.50. Postpaid.

"My Maryland" Outgrew Doubly, Outbore and Outsold Any Other Variety

On July 5, 1915, Mr. W. O. Rogers, of Orange Co., Fla., wrote: "In regard to your 'My Maryland' Tomato it is undoubtedly the best practical introduction for 20 years. It has evidently been brought to its high standard by scientific selection. I find its vigorous growth, blight-proof, earlier ripening than the other varieties that are planted last season to use. Without having been fertilized, they at this date are loaded with fruit just as large as the earlier settings. This is on common, gray pine land. I gave some neighbors who are professional market gardeners a few plants; their unrelenting statement was that they outgrew, outbore and outsold all other varieties that they had planted. Just hold 'My Maryland' to its present standard and it will be sufficient."

"My Maryland" the Preference on Account Yield, Freedom, Size, Good Size and Quality

On July 20, 1915, Mr. Thomas S. Sterling, of Willcox Co., Ala., wrote: "Bolgiano's 'My Maryland' Seed yielded more than any other variety I have ever examined. Seed was not uniform, but had very much rains, but vines are loaded with most desired fruit. Will get a good yield. I have planted 'My Maryland' for the past two years in all others on account of yield, freedom from blight, their good size and quality."

After a Thorough Test "My Maryland" Wins

On June 15, 1916, Mr. W. W. Williams, of Samler Co., Fla., wrote: "If you will notice I order some 'My Maryland' Tomatoes from you every year, if they are because the best Tomatoes I can plant. They give me the best satisfaction of any Tomatoes I have ever used. I planted some other varieties this year by the side of 'My Maryland' and of 'Good Taste' I got from the 'My Maryland. I am not going to plant anything else from now on but 'My Maryland,' and you can tell everybody what I say about them if you like."

Fine Crop In Bad Season

On July 27, 1916, Mrs. Sallie Hutton, of Brookes Co., Texas, wrote: "We had an extreme drought in this season the past season, but in spite of this your 'My Maryland' Tomato produced a fine crop."

Expert Tests In Virginia

On September 27, Virginia Agricultural Experiment Station, Blacksburg, Va., writes: "Bolgiano's 'My Maryland' Tomato showed considerable power of resistance against blight and were able to naturate their fruit very nicely. The fruit was uniform and fairly smooth. The size was medium to above medium, color orange red, flesh firm, fine grains and pink in color. Seed few. Flavor distinctly pleasant. This variety has handsome fruit, attractive size, and is well adapted to table use and canning purposes."

In New Jersey More Uniform in Shape, Size, Earlier than Stone

New Jersey Agricultural Experiment Station, New Brunswick, N. J., on August 27, wrote: "My Maryland' Tomato has a plant of larger growth, healthier, well set with fruit. The fruit has ripened a little earlier than Stone and more uniform in both shape and size. The fruit has been remarkably smooth, well colored, firm. It was one of the handsomest in our planting this year."

Short Jointed—It Forms Large Clusters at Every Joint—In Texas

Mr. J. A. Dean, of Jefferson Co., Texas, writes as follows: "Your New Tomato, 'My Maryland' appraces to be a world beater. It is without a doubt one of the finest and best cropping Tomatoes to grow; it has more good qualities than any other Tomato, the plant being short jointed, and forms very large clusters of fruit at every joint, the fruit being so uniform in shape and color making it outsell any Tomato on the market."

Expert Tests In Alabama

Canrabo Agricultural Experiment Station, Tennotown, Ala., Prof. F. B. Stevens, writes: "Of the 6 varieties of Tomatoes tried here this year I am disposed to think your 'My Maryland' BEST of the lot. I base my conclusions on the yield, use of space, and uniformity of the fruit. On the freedom from attack of rot (Fusarium Cenberesens), it is practically free from the disease, while varieties in rows adjacent have given way earlier. On its freedom from cracking of the skin when fully ripe—other varieties presenting more or less cracking from this, this one holds its fruit in this climate without start quickly, spoiling its home use and local market. I thank you for calling my attention to this variety."

Expert Tests In Georgia

On September 24, 1915, The Georgia Experiment Station, Experiment Co., writes: "In our tests this season 1915 we have found Bolgiano's 'My Maryland' Tomato an excellent variety."

Expert Tests In South Carolina

On September 28, 1915, The Clemson Agricultural College at Clemson College, S. C., writes: "In our experiment tests for the season 1914 we found Bolgiano's 'My Maryland' Tomato very productive, the fruit uniform in shape and of good size, yet not too large."
Bolgiano’s French Golden Self-Blanching Celery

This Wonderful Celery is Grown Exclusively by the Largest and Most Experienced Celery Growers all over the World and annually produces Enormous Profit.

This is the Finest Stock in the World. Stands Ship-ment better than any other.

71. While you can readily afford to put your whole crop of celery in this most valuable variety of celery, you cannot afford to let this year go by without growing some of it. We have refused to sell any Self-Blanching Celery Seed except this wonderful stock. The Celery it produces does not hold up only week, but it will bring the highest market price. It will create a new price for you; your commission man can get outside figures for it, and he will bid all you can ship. Try our stock; YOUR PROFITS will be greater than ours. Perfect, solid, crisp, vigorous stalks: thrifty, compact growth, self-blanching to a remarkable degree, even the outside ribs become a handsome, fresh, clean yellowish color, with a heart that is large and solid, of a beautiful rich golden-yellow color. It will never become stringy, wither, or become mushy. We have fully appreciated its beauty and attractions, and it must be seen. Many customers place their orders with us six months before planting time in order to be sure of this perfect stock of seed. Pkt. 10c. ¼ 1b. 15c. ½ lb. 25c. 1 lb. $1.25. 2 lb. Postpaid.

Produced a Fine Crop - The Dryest Season in Florida

On June 16, 1916, Mr. Otto Goldfried, of Manatee Co., Fla., wrote: "In regard to Bolgiano’s French Golden Self-Blanching Celery Seed, will say that we have passed through the driest season I have ever experienced in Florida. I grew my crop without irrigation, and under the hot and dry weather conditions it was greatly surprised at the results. Had a good crop and none of my Celery sold for less than $1.00 in the Richmond (Va.) market and even the Richmond (Va.) market and even the Charlotte (N.C.) market, shipped every day through the whole season from January 1st to May 15th, not stopping for days. Under the weather conditions this season I expected to lose heavily for the Celery going to seed, but did not find one plant in that condition."

Bolgiano’s “New Victory” Celery

The Most Solid and Most Profitable Winter Celery

"Our French Grown New Victory Celery is the Best Winter Celery on Earth. It has a great amount of heart, is heavier, stouter and thicker than many of its rivals. It is the most economical Celery yet introduced, every particle being solid, crisp and of a delicious flavor. Its beautiful large golden heart and compact growth make an ornament hard to surpass. It is a remarkable celery, maintaining its freshness as late as May. Critical market gardeners pronounce it to be the finest quality, best keeper and most salable Celery they have ever raised. It is ready for market by December. Pkt. 10c. ¼ 1b. 20c. ½ lb. 30c. 1 oz. 50c. 1½ lb. 75c. 1 lb. $1.50.aid.

Bolgiano’s “Sweet Nut” Celery

76. For home gardens and nearby markets Bolgiano’s New Celery, “Sweet Nut,” is the most delicious, sweet, nutty, celery that has ever been offered to the public. This Celery has been developed by one of our most careful French growers for many years. The nicest selection had to be made to get this surpassingly delicious strain thoroughly fixed. It is absolutely solid, an excellent Winter keeper, of vigorous, sturdy growth, making fine large, sturdy, solid stalks with a large, full creamy-yellow heart. It blanches to a beautiful creamy-yellow. Brittleness is one of its most desirable features. Pkt. 1c. 1 oz. 3c. 1½ lb. 10c. 1 lb. 30c. 1½ lb. 75c. 1 lb. $1.50.aid.

Bolgiano’s “Sunbeam” Extremely Early Carrot

14. The earliest and most delicious Carrot ever grown. Matures long before any of the other varieties are near ripe. It is tender, fine flavored and of a beautiful color. Especially suited for forcing for the very earliest Spring, and for very early home use. Pkt. 10c. 1 oz. 15c. 2 ozs. 25c. ½ lb. 40c. 1 lb. $1.25.aid.

Klondike or Coreless Carrot — Produces Great Crops for Trimmers and Market Gardeners

8. We have been developing "Klondike" Carrot for a number of years, and have succeeded in producing a handsome, uniform, tender, medium long, Carrot of most attractive, deep, rich orange-red color. It is smooth and shapely, very tender, without core and of a delicate flavor. It is a model in shape and size; grows 6 to 7 inches long by 1½ inches in diameter, the healthy tops are small and the Carrot tapers gracefully to a small top tap. It is the truest, most attractive, most salable market Carrot that has ever offered the Critical Market Garden Trade. Pkt. 10c. 1 oz. 15c. 2 ozs. 25c. ½ lb. 40c. 1 lb. $1.25.aid.

Bolgiano’s Pride of the Market Carrot

This Beautiful, Shapely, Half-Long Carrot Will Come Almost as Early as the Ox-Heart. It Is the Most Popular Carrot That Grows

64. It is the most perfect, finest colored, most tender and best flavored Carrot that was ever placed in your hands. Pride of the Market because it is the best. You must have the best of everything. In Carrots, to get the best we must select roots that resemble our ideal, and from them grow seed for you. The Pride of the Market is half-long, deep color free from small side roots, small, tender core, uniform and graceful. As an early Carrot it is as tender as can be, we have seen it cut even our other varieties, on account of its superior merits and qualities; for Winter there is none like it. Its attractive tops remain a rich green. Pkt. 10c. 1 oz. 15c. 2 ozs. 25c. ½ lb. 40c. 1 lb. $1.25.aid.

Bolgiano’s “King” Carrot

91. We name this excellent new Long Orange Carrot “King” Carrot because it is best of all Long Carrots. In Germany it has a wonderful reputation among truckers and market gardeners, and only by paying a very high price were we able to secure any for our customers. The flesh is deep in color, tender and delicious in flavor. It is so much better than the regular Long Orange Carrot that we are sure that when “King” Carrot becomes thoroughly known it will drive Long Orange Carrots out entirely. Being entirely new stock, the seed has been saved with the greatest care and the Carrots are uniform in shape, of fine texture and almost entirely free from core usually found in Carrots. It produces the most attractive specimens in deep soils. Pkt. 10c. 1 oz. 15c. 2 ozs. 25c. ½ lb. 40c. 1 lb. $1.25.aid.
Extra Early “Wealthy” Tomato

Extra Selected Proven Stock
It Has Made Many Truckers and Shippers Rich

278. Thousands of dollars clear have been made by the men who have planted the Wealthy Tomato. From the day you sow the seed until the last, large shapely fruit is shipped to an anxious early market: Wealthy Tomato keeps the lead. One of the earliest of the earliest, smooth, firm, delicious flavor, beautiful red color and an abundant yield. In the Wealthy Tomato Mother Earth pays us a thousand fold for our efforts to have the fruits on the market as early as possible. It is too glad to spend it freely if we can get the first fruits of the season. Then the fancy prices are realized, and if you trust Wealthy Tomato it will put you in a position to get your share and also the share of the man who takes years to find out a money maker.

Pkt. 10c. Or. 25c. $5.75. Lv. $5.00. Postpaid.

Well Pleased With Florida Special Tomato
On June 26, 1916, Mr. S. J. McAll, of Marion Co., Fla., wrote: “I planted Bolgiano’s Florida Special Tomato Seed and will try under adverse weather conditions the Tomatoes turned out fine. We raised some that weighed over a pound apiece. They are all that a person could wish for.”

Bolgiano’s “Florida Special” Tomato
Greatest Blight Resisting Tomato On Earth
Extra Selected Proven Stock
311. Not a single grower of Tomatoes in Florida or in any locality where blight has been rife with successful results should go through this season without trying this most excellent new Tomato. We call it “Florida Special,” for it has been most carefully bred and selected. It resists the ravages of blight which has been so discouraging to our Florida customers. It is red color, large in size, fine flavored, firm and meaty, very prolific, and about as early as the Earliana. It is a most excellent shipper; in fact, during our entire time of selecting and breeding up the Florida Special, we took the utmost pains in selecting such Tomatoes as would stand the long shipment to the Northern Markets from Florida. We are confident Bolgiano’s Florida Special Tomato is going to make a record that will put it head and shoulders above any Tomato that has ever been introduced excepting the I. X. L. Tomato.

Pkt. 10c. Or. 25c. $3.75. Lv. $3.00. Postpaid.

Absolutely Satisfactory—Orders Again
On November 8, Mr. C. C. Porter, of Warwick Co., Va., wrote: “It gives me much pleasure to recommend your Red Rock and Wealthy Tomatoes. I had some seed from you last Spring of both kinds and I must say both varieties grew absolutely satisfactory, I will grow none this season except these two kinds, which I will give you an order for later.”

New “Red Rock” Tomato
Extra Selected Proven Stock
372. This is one of the finest large red Tomatoes ever introduced. It ranks among the later varieties, requiring about 110 days from seed-sowing to ripe fruit. It is very solid and firm from any excess of water; smooth and of a very fine red color. Superior in texture and flavor. It is an extraordinary heavy producer and excellent shipper. Twenty-five tons of fruit have been shipped in a season. It is specially recommended to truckers and growers for canning factories, as it is very strong and fancy grade. It has a very strong and vigorous vine protecting the fruit from sunscald. Pkts. 5c and 10c. Or. 25c. $3.75. Lv. $3.00. Postpaid.

Extra Early Wealthy Tomato

Bolgiano’s Best—The “Great B. B.” Tomato
Extra Selected Proven Stock
284. This Tomato is unequalled. It has every good quality pertaining to the Tomato and avoids all faults of other sorts. One of the smoothest, most solid, heaviest and most handsome Tomatoes grown. It suits gardeners, canners and shippers, who are delighted with its faultless fruit, which fills their wants in every particular. The B. B. is sold as an apple, has no core and the flavor is excellent. It weighs more pounds per bushel than many other sorts, which proves its solidity; has a beautiful red color, outside and inside, and the fruit is quite large. There is need of a field of poor Tomatoes when a half dollar will buy enough seed to supply plants for one acre. Used successfully for early and late crops; always sells at the highest prices. Pkts. 5c and 10c. Or. 25c. $2.50. Postpaid.

Best Crop for 15 Years
On November 27, Mr. G. B. Lipscomb, of Warwick Co., Va., wrote: “This is to certify that the B. B. Tomatoes purchased of you this Summer made the best crop I ever raised for 15 years. Sell on hand without any fertilizing or manure, I have ripe Tomatoes at this writing.”

Chalk’s “Early Jewel” Tomato
Extra Selected Proven Stock
287. This excellent new Tomato has attracted the attention of market gardeners and shippers on account of its fine quality, its wonderful productivity; earliness, and large size. Chalk’s Jewel is not quite so early as the Earliana, or so large as the I. X. L., but size of the fruit continues very large, almost to the last picking. The vines are finely loaded with fruit during the entire season, 75 of which will fill a 3½ bushel basket. The fruit is very solid and deep through, measuring 3½ inches across by almost 3 inches in depth. Color is bright scarlet and it ripens up to the stem, without cracks or green core. It is an excellent shipper. The climate in which we grow our Tomato seed makes them earlier, free from disease and blight, and more productive than seed you can procure from any other source. Try them for yourself. Price: Pkts. 5c and 10c. Or. 25c. $2.50. Postpaid.

Bolgiano’s New “Pink Giant” Tomato
Splendid for the Home Garden
187. A fine large handsome early pink Tomato. One reason why this Tomato has not been more popular recently is because they have not been subjected to the great hybridizing by which the red Tomatoes have been so wonderfully developed. This has been overcome in this magnificent New Pink Giant Tomato; it has been carefully crossed and reseeded for size of fruit, earliness, solidity, smoothness, productivity. We have large uniform handsome fruit, which sells readily at a much higher price than did ever the older varieties. Pkt. 10c. Or. 25c. $5.00. Postpaid.

Bolgiano’s Best Tomato—The Great B. B. Tomato
Livingston's Globe Tomato
Extra Selected Proven Stock

264. In shape it is distinct from all others, being a beautiful globe, with quite a good percentage of elongated (stem to blossom) fruits, average weight among the first to ripen. Fruit of large size, and good marketable size is maintained throughout the season; always smooth, firm-fleshed, and has very few seeds. Bipes evenly through and through; a fine glossy skin in color, tinged with purple. The plant is always loaded with fruit, as it has joints at frequent intervals and each joint produces large clusters of from 3 to 7 fruits. Especially adapted for slicing or eating from the hand, as the flavor is very delicate and agreeable. Pkt. 10c. Oz. 25c. 2 Ozs. 45c. ½ Lb. 85c. Lb. $3.00. Postpaid.

Fine Both in Quantity and Quality

On June 12, 1915, Mr. F. J. Nienner, of Seminole Co., Florida, wrote: "Bolgiano's stock of Livingston's Globe Tomato Seed which we received from you was all O. K. It came up good and the plants produced very fine, both in quantity and quality. We planted some in the fall and some this Spring and received same results from both plantings."

June Pink Tomato
Extra Selected Proven Stock

268. The June Pink Tomato in habit of growth is similar to the Earliana. The plant is neat and compact, branching freely with fruit hanging in clusters of from 6 to 10 fruits both in the crown and at the forks of the branches. Under exactly the same conditions as given Spark's Earliana and Chalk's Jewel, the June Pink yielded as much fruit as either, and the vines after the crop had been harvested were greener and brighter, and showed no tendency to blight. It ripens fully as early as Spark's Earliana and quite 10 days to 2 weeks ahead of Chalk's Early Jewel. The fruit is of medium size, uniform, smooth, and attractively shaped, without cracks or any green core. The fruit will average 2½ to 3 inches in diameter, from 2 to 3 inches in thickness. The pink color is admirably tough, so that it is excellent for shipping purposes. In color it is a bright pleasing pink, and in markets where a pink tomato is desired will bring 25 per cent more in price than any red variety. The flavor is rich, pleasant and distinctive, making it especially desirable for private use, continuing to bear and ripen fruit until frost. Pkt. 10c. Oz. 25c. 2 Ozs. 45c. ½ Lb. 85c. Lb. $3.00. Postpaid.

138. Burpee's Earliest Pink. One of the newest Tomatoes, exceptionally early, of the finest flavor, abundant and continuous bearer, should be grown by every Tomato grower in the country. Also splendid for the Home Garden. Pkt. 5c and 10c. Oz. 25c. 2 Ozs. 40c. ½ Lb. 75c. Lb. $2.50. Postpaid.

"Royal Purple" New Early Tomato

499. A truly wonderful yielder—being of large size and wonderfully prolific, and continues to yield beautiful large fruit longer than the Globe, Acme, or Beauty. Very distinct in shape, firm-fleshed, and of delicate and delicious flavor. It is a very beautiful variety in quality there is nothing more to be desired in a pink Tomato. It has already become a popular variety with Tomato growers who have tried it. It is as smooth as an apple, colors up nicely, continues in bearing condition longer than any other pink variety, and meets with ready sale on all markets. Every Florida, Texas, Mississippi, Louisiana, Alabama, Tennessee or Southern Tomato grower should plant Royal Purple Tomatoes. It matures enormous crops of No. 1 Fruits only a few days later than our I. X. L. Tomatoes. Beautiful, large, smooth, solid pink-skinned fruit, which invariably sells above the market price. The texture is extra fine, thus making it a first-class long-distance seller. It outclasses Livingston's Globe on every point, being one-third larger, earlier, yielding 25 per cent heavier crops and will carry thousands of miles in perfect condition. Pkt. 10c. Oz. 25c. ½ Lb. 75c. Lb. $2.50. Postpaid.

"Early Detroit" Tomato

218 This excellent variety, introduced several years ago, has been tried out by many growers of Tomatoes for shipment. It has been found that in earliness, uniformity, freedom from blight of vine and cracking and blustering of fruit Early Detroit meets the most exacting requirements. Vine vigorous and very productive. Fruit very smooth, uniform in size, nearly globe-shaped, firm and of excellent quality. We consider Early Detroit one of the best large purplish pink Tomatoes yet introduced. Pkt. 10c. Oz. 25c. ½ Lb. 75c. Lb. $2.50. Postpaid.

Extra Selected Proven Stock—"Duke of York"—Genuine Old-Type Blue-Stem Stock

297. Duke of York Tomatoes. The genuine old blue-stem Duke have given the utmost satisfaction to the Florida Tomato Growers. It has brought many a dollar rolling their way, but it has been difficult for these growers to get absolutely the straight type of Dukes when they ordered it; this situation, however, is changing, and if for the past we are now prepared to supply all our friends and customers with the purest, truest, cleanest type of genuine old-type blue-stem Duke of York they have ever seen or grown. We honestly believe we will soon get the entire Florida trade on Duke of York Tomato Seed in the Genuine Old-Type Blue-Stem Strain kept absolutely Pure and True. Send to us for your Duke of York Tomato Seed and run no chances. We will either send you the finest stock of Dukes you ever had or return to you your money—no questions asked. Duke of York Tomato is one of the grandest Tomatoes ever introduced, color rich, glossy scarlet, splendid cropper, round in shape, flesh very firm, large size, fine flavor. It ripens its fruit uniformly together, whilst in profusion of clusters, averaging 8 and 10 large evenly formed clusters each, makes it conspicuously handsome. Ripens evenly to the stem, in strong, healthy grower; gets subject to blight or blight, is an enormous cropper and produces until the vines are killed by frost, holding its size well until the last picking. Quality the very best, solid and meaty. Pkt. 10c. Oz. 25c. 2 Ozs. 40c. ½ Lb. 75c. Lb. $3.00. Postpaid.

Bolgiano's New Century Tomato
Extra Selected Proven Stock

263. Bolgiano's New Century Tomato. When we first introduced the New Century Tomato, we felt as though the limit for improvement in Tomato seeds had been reached, and judging from the letters we are receiving every season and from the great numbers of seed we annually sell, the New Century is still held in highest esteem by thousands of the market gardeners and shippers all over the country. If you hesitate to plant your entire crop in the newer varieties, you can always feel that New Century is an Old Friend, Tried and True. We have spared no pains to keep this stock pure and true as it was at the beginning; in fact by most careful reginging, eliminating and selecting, we believe New Century Tomato is better today than it ever was. New Century will outyield many other kinds; it will carry for two weeks without hurting its beauty, it will attract attention and pay you; it will not crack; it is of a beautiful red color; of large, handsome size from first picking until last Tomato is taken from the vine. Pkt. 5c and 10c. Oz. 25c. 2 Ozs. 40c. ½ Lb. 75c. Lb. $2.50. Postpaid.
Bolgiano’s “Mighty-Nice” Bean

1133 This wonderful, new, round, mealy, green-podded bean has for its parents two separate and distinct stocks of thoroughbred Hopkins’ Improved Earliest Red Valentine Bean, and in the breeding of these two stocks we have produced an extremely Early and most prodigiously productive stock of beautiful deep-green, round-podded Valentine Bean. The flavor and quality cooked and tested side by side with 5 other leading varieties proved the Bolgiano “Mighty-Nice” Bean to be by far the most delicious and tender.

We have been experimenting with “Mighty-Nice” Bean for years and we can unreservedly recommend it as the greatest new production in the way of Green-Podded Beans in the last ten years. Being an extremely new stock, it is free from the faults that accumulate around stocks that have been on the market for a few years. We have succeeded in getting the type thoroughly fixed and we are willing to say that you will hardly find one off vine in an acre of “Mighty-Nice.” If you want the most productive, the most beautiful, the most palatable and the best market or shipping crop of round, green-podded beans you have ever raised plant a patch of Bolgiano’s “Mighty-Nice” Beans. Pkt. 10c. ½ lb. 25c. Qt. .45c. 4 qts. $1.50. Pk. $4.75.

Bolgiano’s “Emerald Beauty” Bean

A Delicious, Stringless Yellow—Six Weeks

1162 Emerald Beauty is a flat, green-podded Bush Bean, a prolific and continuous bearer, the first to come in season and the last in fall. It is absolutely stringless, very tender and delicious flavor. The plant is of remarkably handsome and thrifty growth. The rich green pods are of immense size, thick, broad, extra-long, very uniform in shape, solid, mealy, and of high quality. Markets that will accept a flat-podded bean will soon appreciate the surpassing quality of the Emerald Beauty; and even if your market wants only a round-podded bean, plant some of the “Emerald Beauty” beans for your own table use and enjoyment. Pkt. 10c. ½ lb. 25c. Qt. .45c. 4 qts. $2.50. Pk. $4.75.

“Mighty-Nice” Good in Bad Season

On June 24, 1916, Mr. E. E. Lewis, of Alachua Co., Fl., wrote: “Bolgiano’s ‘Mighty-Nice’ Bean, I took pleasure in saying, is all that they could be desired in any way, These are just fine. They did splendidly. Will plant more next season.”

“Mighty-Nice” All Their Name Implies

On June 26, 1916, Mr. D. B. Leigh, of Sumter Co., Fl., wrote: “Wish to say that your ‘Mighty-Nice’ beans were absolutely stringless and delicious and that will be done again.”
Bolgiano's "Enormous" Early Bush Limas

1033. This wonderful new Bush Lima is the earliest, largest, and best of all Limas; the vigorous bushes are crowded with enormous pods. The delicious green beans are larger than any other Lima Bean. It yields continuously from June until frost. Both the pods and the luscious flavored beans are much larger and considerably thicker than the Large Bush Lima. The plants grow upright about 30 inches high and 21 inches across, with luxuriant sheltering foliage, and are very sturdy. Often free to eight pods, measuring 5 to 6 inches long by 1½ inches wide, are borne in clusters on one stalk. The shelled beans, either green or dry, are nearly twice as thick as the Large Bush Limas. "Enormous" Bush Limas will outyield Large Bush Limas by 50% per cent, on account of the greater size of both pods and beans. The Seed Beans are greenish and very handsome, while the dried beans of the Large Bush Limas are pure white. Pkt. 10c. $1.25. Pt. 25c. Qt. 45c. 2 Qts. 85c. 4 Qts. $1.50. Pkt. $2.75. Bu. $10.00.

"Fordhook" Bush Lima

The only stiffly erect bush form of the popular "Potato" Lima. Both pods and beans are twice the size of Dreer's Bush Lima and more than half again as large as the Dreer's Pole Lima

1119. Fordhook Bush Lima is altogether unique. Nothing like it has ever been seen before. Of strong, erect, true bushlike growth, never running, the bushes averaging 20 to 30 inches in height by 20 to 21 inches across the top. The foliage is of heavy texture and very dark green in color. The stalks that produce the blossoms are thrown out from the lateral and main stalks; the pods are borne in "clusters" of four to eight. The pods resemble those of the Dreer's Bush Lima, but average more than double the size, measuring from 4 to 5½ inches long, about 1½ inches wide, by as much as three-fourths of an inch thick. The pods contain three to five large beans, with an average of four.

Fordhook Bush Lima is fully 33½ per cent heavier cropper and therefore is bound to entirely displace the Dreer's Bush Lima. It produces from four to six days earlier. Pkt. 10c. Pt. 25c. Qt. 45c. 2 Qts. 85c. 4 Qts. $1.35. Pkt. $2.75. Bu. $10.00.

Giant Podded "Emerald Isle" Pole Lima

1032. A marvelous yielder of great clusters of gigantic pods filled with extra large, thick, most deliciously flavored green Lima Beans. The skin is thin and tender, but will not crack when shelled to market. Emerald Isle Limas are the largest podded, largest seeded, heaviest cropper of all Limas. They are earlier, more prolific, and much larger podded than theiplic, and much larger podded than the King of the Garden. The mammoth pods measure 7 to 8½ inches in length and 1½ to 2½ inches in width, and are borne in great clusters which stands out from the foliage. The vines branch or stood out from the main stalk close to the ground, each vine producing 10 to 15 lateral branches. These produce tremendous growth of exceptionally vigorous vines, which grow 10 to 12 feet in length and produce tremendous crops of immense well-filled pods from the bottom to the top. Emerald Isle Pole Lima Beans continue to bear most abundantly until killed by frost. This is the most perfect Pole Lima Bean introduced. It grows green; it dies green; it stays green. It excels all others. Pkt. 10c. Pt. 25c. Qt. 40c. 4 Qts. $1.35. Pkt. $2.35. Bu. $9.00.

Extra Early "Black Beauty" Egg Plant

Two Weeks Earlier Than Any Egg Plant

100. 1. An entirely new variety and a splendid shipper. 2. A novelty of remarkable merit. 3. As large as the New York Spineless Egg Plant. 4. Two weeks earlier than the New York Spineless Egg Plant. 5. Fine flavor. 6. Most decorative appearance. 7. Plants branch freely near the ground. 8. Skin is a rich, lustrous black. 9. Firmly attached on glabrous stem. 10. Greatly to the beauty of the fruit. 11. The intense, brilliant coloring is uniform over the whole fruit, not fading or changing to a lighter color at the blossom end. 11. The heavy leaves which attach the fruit to the stem are bright green, making a beautiful contrast with the fine dark color of the fruit. 12. Thoroughly free from spines or thorns. 13. Fruit sets freely. 14. Coming two weeks earlier than the New York Purple Egg Plant they readily bring double the price. Pkt. 10c. ½ OZ. 25c. 1 OZ. 40c. 1 LB. $1.35. LB. $5.00. Postpaid.

Florida "High Bush" Egg Plant

99. The Florida High Bush Egg Plant has proven the greatest value to the Southern truckers and shippers. It has been grown in Florida for the past three or four years. It is remarkable for its vigorous growth and productive-ness, is very hardy and will stand more cold weather than the New York Improved. The hot sun does not blight the blossoms. The plant has a characteristic leaf, unlike any other Egg Plant we know of. It grows from 3 to 4 feet high, erect and sturdy, free from thorns. Fruit is large, oblong in shape and purple, though not so deep a color as the New York Improved. It resists drought and wet weather to a wonderful degree, partly on account of its strong upright growth. It stands the cold weather better, and is the only Egg Plant that stands shipping from this section to the Northern markets under almost all circumstances. It is of a large size, first-class shape and superior flavor. Pkt. 1c. and 10c. 1/2 OZ. 20c. 1 OZ. 40c. 1 LB. $2.00. LB. $8.00. Postpaid.

New Century Cauliflower

51. The Best in the World
1. It heads when others fail. 2. Large, perfect heads, measure from 12 to 14 inches in diameter. 3. The beautiful white heads are compact, deep and solid. 4. Heads will outstrip those of any other strain. 5. It is the earliest of all Cauliflower. 6. One-third more can be planted on the same space than can be done with other varieties because of its close growing, compact habit. 7. It is the Most Carefully Grown Cauliflower Seed in the World. 8. The best is the cheapest, receiving the care and attention which is absolutely necessary for the growing of this Special Seed We Cannot Sell It For Less Than: Pkt. 10c. 1 Oz. 50c. 1/2 Lb. $1.00. 1 Oz. $2.00. 1/4 Lb. $7.50. 1/2 Lb. $12.00 Per Lb. $24.00. Postpaid.

New Century Cauliflower Superior to All Others
On August 23, 1916, Mr. Hugh G. Gillingham, of Hillbrooks Co., Fla., wrote: "For the last 8 or 10 years I have been planting Cauliflower. For the last 3 years I have planted the 'New Century' alongside of 'The Gift Edge' Henderson's Early Snowball and under the same treatment and cultivation the 'New Century' has proven the superior to all others. This season I am planting 'New Century' exclusively. In 1915 I planted 2 oz. of 'New Century' that best anything I have ever seen. Everything headed solid and very large. Many of the heads were 12 to 14 inches in diameter and weighed 8 to 12 pounds."

Well Pleased with New Century
On July 18, 1916, Mr. R. W. Wilson, of Summer Co., Fla., wrote: "In regard to the 'New Century' Cauliflower Seed which I ordered from you, I wish to say that the heads turned out perfectly satisfactory. They came up fine and made fine plants. I think every seed must have come up; furthermore, I think they did exceptionally well, taking into consideration the unusually long drought we had in the Spring. I can say all the heads I have ever ordered from you have been more than satisfactory."

Bolgiano's New Century Cauliflower. The Best Cauliflower in the World

Bolgiano's Giant Dry Weather Cauliflower
105. This splendid new Cauliflower will succeed and make fine crops in the dryest kind of weather when other varieties fail. It produces large, solid, pure white heads, weighing from 3 to 8 pounds. The soil should be made rich and thoroughly cultivated. It will succeed in all dry weather States as Arizona. Be sure to give it a trial, as you are never sure of the weather conditions through which your crop will have to go. Pkt. 10c. 1/2 Oz. 40c. 1/4 Oz. 75c. Oz. $1.50. 1/2 Lb. $4.50 Lb. $15.00. Postpaid.

"Bonfire"—Bolgiano's New Very Early Beet
295. Entirely new and distinct, the bulks develop in a remarkably short time and can be used or sold when very young. Absolutely perfect in shape, almost round and of good size, with a very slim top root. The small green colored leaves are ribbed dark crimson. Color of both skin and flesh is a unusually deep rich blood crimson. "Bonfire" Beet holds this splendid color when cooked, making it very valuable for canning, pickling, and simply perfect for table use. "Bonfire" Beet in quality and color is without an equal. It is very fine grained, tender, sweet, and is never woody or stringy. There is a great treat in store for you if you plant some of this new Beet. Seed is in very limited supply. Pkt. 10c. Oz. 15c. 2 Ozs. 25c. 1/4 Lb. 40c. 1/2 Lb. 65c. Lb. $1.25. Postpaid.

Bolgiano's Deep Blood Beauty Beet. The Best Beet That Grows

For Ten Years This Splendid Beet Has Led All Others
18. Our long experience in the growing of Beets has shown this new strain of Beet to be the Best Extra Early Deep Blood Turnip Beet. Its small upright growing tops, extra early maturing, splendid shape and deep crimson color, make it popular with everyone. The rows may be grown close together. Stem and veins dark red, blade green. Roots are globular and peculiarly smooth; color is of blood red, very crisp, tender, fine-grained and sweet, remaining so a long time. We believe this excellent new stock will produce crop more uniform in shape, color and quality than any Beet ever placed in the hands of the grower. Pkt. 10c. Oz. 15c. 2 Ozs. 25c. 1/4 Lb. 40c. 1/2 Lb. 65c. Lb. $1.25. Postpaid.

"Lucullus"—New Swiss Chard or Spinach Beet
105. This delicious and useful vegetable should be in every garden and on every Market Stall. It is really two distinct vegetables; first the leafy part of the foliage is cooked and served the same as Spinach, while the stalks are cooked and served with drawn butter like tender Asparagus. It grows about 21/2 feet high, the stalks are thick and broad like Rhubarb, the leaves are much larger than those of the regular Swiss Chard, they are very heavily crumpled like Savoy Spinach. Crisp and tender, pleasing flavor. Pkt. 10c. Oz. 15c. 1/4 Lb. 40c. 1/2 Lb. 65c. Lb. $1.25. Postpaid.

It is Surely a Beauty and a Money Producer
On June 21, 1916, Mr. G. G. Moore, of Lake Co., Fla., wrote: "In reference to Bolgiano's Deep Blood Beauty Beet Seed, it is well-named. It is surely a beauty and a money producer. My yield netted me over $300 per acre over all expenses. I would recommend it to all market gardeners."

Deep Blood Beauty Beet a Winner
On June 19, 1916, Mr. T. Kinball, of Pinellas Co., Fla., wrote: "We are well pleased with Bolgiano's Deep Blood Beauty Beet. The weather was very dry at time of planting in October. used seed drill and got a fair stand, set out plants in December, had Beets to sell in January. Sold over $200 worth of Beets from 4 ounces of Seed, besides what we used, and earned a good many. Every one who bought the Beets stated they never saw Beets hold their color so well after being cooked. Will want same more seed next October."
Bolgiano’s

“Big Winner” Wakefield Cabbage

25. Several years ago we introduced the Big Winner Wakefield Cabbage and it has become very popular with Cabbage growers both large and small. It is as large as the Big Charlton Wakefield Cabbage and as early as the Early Jersey Wakefield. Handsome in appearance, massive and graceful. The heads are solid and heavy, making a perfect cutting Cabbage. It is fine form and in flavor extremely sweet. Among the pointed heading Cabbage it is by far “The Big Winner Wakefield.” Don’t let this season go by without a liberal planting of this Profiting-Producing Excellent Cabbage. Pkt. 10c, ½ Oz. 20c, Oz. 30c, 2 Ozs. 50c, ½ Lb. 85c, 1 Lb. $1.75, Lb. $3.50. Postpaid.

Bolgiano’s “New Leader” Cabbage

26. As early as the Wakefield, yields 12,000 heads, or one-third more per acre than any other extra early Cabbage. The outer leaves are so few and so small that they can be planted very close. The heads are compact and solid from time a head is formed and keeps so until thoroughly matured, thus enabling extremely early cutting of small hard heads or later when the Wakefields come in, of large, thoroughly matured, solid, round, flat heads. In quantity it is “The Leader.” The veins of the leaves are extremely fine; its rapidity of maturing, compact growth, gives it a flavor unequalled. The demand for a Cabbage in Northern Markets is increasing greater and greater each year. People want an extremely small, early cut, Cabbage. “The Leader” will supply all. Pkt. 10c, Oz. 20c, 2 Ozs. 35c, ½ Lb. 90c, 1 Lb. $2.00. Postpaid.

Extra Early Express Cabbage

Suitable for Market Gardeners for Very Early Crops 10 Days Earlier than the Wakefield

27. What pleasure there is in growing a uniform, attractive, solid crop of Extra Early Cabbage! Bolgiano’s Extra Early Express is the best Extremely Early Cabbage on Earth. Praises of its merits come from the most experienced growers. They remember a good thing when it pays them Earliest, uniform, solid, fine color, brings top prices. No soft heads; 10 days earlier than the Wakefield. Pkt. 10c, Oz. 20c, 2 Ozs. 35c, ½ Lb. 90c, Lb. $2.50. Postpaid.

The Best in 6 Years Growing Cabbage

On July 13, 1916, Mr. Karl Scharf, of Oswald Co., Fin., wrote: “Bolgiano’s Square Deal Cabbage seed bought from you last September was highly satisfactory. The Cabbage had a very dry season, but very rain. The heads were from 12 to 14 inches in diameter without the outer leaves. I have been planting Cabbage for 6 years, but never before saw such a good variety.”

Bolgiano’s New “Square Deal” Cabbage—The Best on Earth

154. Without a single exception, Bolgiano’s New “Square Deal” Cabbage is the Biggest Money Making Cabbage ever offered the American Farmer. This is a strong assertion—truth 100,000 people will read it, you can readily see we could not afford to make such a statement unless we were sure of our ground. The “Square Deal” Cabbage matures immediately after New Leader Cabbage. It is absolutely a “Square Deal,” as we have seen ten-acre fields without a single irregular head. The uniform heads are of excellent size for shipping, larger than the New Leader and yet not so large as to be unwieldy. The color is a fine fresh green and is retained during long shipments. The heads are solid and compact with very few outer leaves. For a fine Solid, Tender, Uniform, Early Flat Cabbage, Bolgiano’s “New Square Deal” Cabbage challenges the world. The demand for a fine Cabbage of this character led us by the most rigid and careful selection; during the past five years, to mature this cabbage, which we are confident we have our all customers and purchasers a “Square Deal” every time. Pkt. 10c, ½ Oz. 20c, Oz. 30c, 2 Ozs. 50c, ½ Lb. 90c, 1 Lb. $1.75, Lb. $3.50. Postpaid.

Bolgiano’s “Ring Leader” Cabbage

Entirely Distinct—The Most Magnificent and Most Profitable Main Crop Cabbage Ever Grown

96. By crossing Bolgiano’s “Square Deal” Cabbage with Bolgiano’s Extra Flat Dutch we produced this wonderful new Cabbage. For five years we have most carefully selected and resolded the very finest specimens of this Grand Cabbage, until now we have a stock that is going to make every wide-saw grocer of Cabbage in the country marvel at its remarkable features. It grows strong and vigorous, being entirely wormproof. It has a dark bluish green color, showing a thrifty, robust constitution. It forms very large, hard, thick, solid, flattish heads, uniform in shape and color, and of a handsome appearance. The stem is short, thick and hard and is enclosed in the leaf heads below the flower head and over the point where it enters the ground. “Ring Leader” Cabbage heads are large, solid and of most excellent quality and delicious flavor. They are entirely free from any features of coarseness, the veins and ribs being strongly developed, but of fine texture. The heads are firm and hard, extra good keepers, splendid splutterers and most popular sellers. Pkt. 10c, ½ Oz. 20c, Oz. 30c, 2 Ozs. 50c, ½ Lb. 90c, 1 Lb. $1.75, Lb. $3.50. Postpaid.

“Copenhagen Market”

New Early Danish Cabbage

206. As Early as Charleston Wakefield. This new Cabbage is very heavy and solid, like the Danish “Ballhead” type of Cabbage; makes a fine, large, globe-shaped head with well-developed outside leaves, but is very much earlier in maturing than any of the Danish Cabbages and makes for us a very fine second or early variety, coming in about two weeks later than the Early Jersey Wakefield. The heads weigh 14 to 16 pounds each. The seed is very scarce this year. Pkt. 10c, ½ Oz. 20c, Oz. 30c, 2 Ozs. 50c, ½ Lb. 85c, Lb. $1.50. Postpaid.

Matchless Brussel Sprouts

22. This variety is a great improvement, being of dwarf, sturdy growth, and producing abundantly large, solid Sprouts. These little heads of compactly folded leaves develop along the stalk, and are ready for gathering from June onward. The same season, furnishing a supply of this most delicious of vegetables during fall and early Winter, for the plants are hardy and maintain their Sprouts, even during quite severe weather; in fact, frost greatly improves their quality and flavor. Pkt. 5c, 15c, 10c, 5c, 2 Ozs. 40c, ½ Lb. 75c, 1 Lb. $1.25, Lb. $2.50. Postpaid. 

Bolgiano’s Big Winner
Wakefield Cabbage
Bolgiano's Wonderful New Early

"Scarlet Mammoth" Pepper

The Largest, Earliest Maturing and Most Productive, Very Large Sweet Pepper. The plant is vigorous and upright, growing larger than that of the Chinese Giant and produces much more fruit. The fruits ripen earlier than any of the very large sorts on the market, and average heavier, as the flesh is unusually thick. Color deep crimson when mature; flavor very mild. We consider this without a doubt the most desirable very large Pepper yet introduced. Pkt. 10c. 1/2 Oz. 25c. Oz. 40c. 1/2 Lb. 81.25. 1/2 Lb. 82.25. Lb. 84.00. Postpaid.

Took First Premium at Frederick Fair

Mrs. J. E. Price, of Frederick Co., Md., writes: "Your seed grew nicely and proved satisfactory, especially the Chinese Giant Pepper. Some measured 5 inches across and about 4 to 5 inches long. Took first premium at our Fair, and were perfect in shape."

Measured 14 to 15 Inches in Circumference

J. M. Kirkpatrick, Cecil Co., Md., writes: "The Chinese Giant Peppers I grew from the seed bought of you were the largest I have ever seen. Measured from 14 to 15 inches around."

Best By Test

G. L. Beck, Alachua Co., Fla., writes: "Your Chinese Giant Pepper seed is the surest and best good many other varieties I have tried, stand drought and sell better than any other varieties planted this season."

Early Prolific Neapolitan Peppers

"Chinese Giant" Peppers

Double the Size of Ruby King Peppers, One of the Largest Mild Red Peppers

Chinese Giant is very productive for so large a pepper, while its enormous size and magnificent appearance make it sell most readily. The plants are vigorous in growth, but of sturdy habit, seldom more than two feet in height. They are well branched and thickly set with enormous fruits. Frequently half a dozen peppers will touch each other, as if on a single bunch. The strong growth of plants enables them to mature the gem-like fruits only slightly later than our well-known Ruby King.

Chinese Giant produces uniformly monstrous Peppers of thick blocky form and most brilliant glossy scarlet. They grow 4 to 5 inches broad at the top and are of equal length, divided into four or more large ridges; when ripe they are indented at the blossom end. The first fruits set in a cluster of three to five at base of plant, and are generally larger than those setting later on the upper branches, although the latter are equal in size. All are uniformly of most "enormous" size. The flesh is extremely mild—as sweet as an apple—and unusually thick. It makes an excellent salad picked and served like tomatoes. The true seed of a selected strain—producing uniformly large fruits—will always be high in price. Beware of "cheap" seed. Pkt. 10c. 1/2 Oz. 25c. Oz. 40c. 1/2 Lb. 81.25. 1/2 Lb. 82.25. Lb. 84.00. Postpaid.

61 "Neapolitan" Peppers to One Plant

Mr. B. Oths Tyler, Texas, writes: "In gathering Ripe Neapolitan Pepper the other day I counted 61 Peppers, large and small, on one plant."

"Neapolitan" 10 to 15 Days Earlier Than Any Other

On August 20, Mr. Victoria Cooja, of Shelby Co., Tenn., writes: "The Chinese Giant Pepper that we bought from you is just fine. We had a fine crop. It is just as sweet as sugar. We used your New Neapolitan Pepper and it bore more Peppers than we ever saw and it is also ten to fifteen days earlier than any other Pepper."

New Early Large "Neapolitan" Pepper

The Earliest of All Large Mild Peppers

From seed started February 15, and plants set out May 20, the first Peppers were picked for market on June 25. These first fruits measured four inches long and four and a-half inches in circumference; the later fruits are slightly larger—see illustration from a photograph. No other large Pepper develops so quickly—by ten days to two weeks.

The strong, vigorous plants grow 2 feet high by 18 inches across; they are complete laden with large, handsome fruits, and bear continuously until frost. Single plants carry from 35 to 50 marketable fruits at one time. The Peppers grow upright, and become so heavy that their own weight turns them down. The skin and flesh are bright red; they are thick meated, sweet and "mild as an apple;" they carry well and keep in prime condition a long time. So unusually productive is this variety that twelve plants will furnish an ample supply for a large family throughout a season. Pkt. 10c. 1/2 Oz. 30c. 2 Ozs. 50c. 1/2 Lb. 85c. 1 Lb. 88.00. Postpaid.

Mammoth Ruby King Pepper

Extra Selected Stock. This magnificent variety is now recognized as one of the best Red Peppers for market or family use. Pkt. 10c. 1/2 Oz. 20c. Oz. 35c. 2 Ozs. 60c. 1/2 Lb. $1.00. 1 Lb. $3.00. Postpaid.
“Cream and Honey”—Boligian’s New Extremely Early Sugar Corn

1182. The name of this new luxury among table delicacies immediately carries the mind back to the “Promised Land” flowing with “Milk and Honey.” Our efforts to bring you a rare treat have never been so abundantly rewarded as they are in our successful production of this surpassingly delicious flavored Sugar Corn. If you appreciate and enjoy the best things in the garden grows, then start a patch of “Cream and Honey” Sugar Corn. Plant it the same time you plant your Extra Early Adams Corn, although it is a pure and true Sugar Corn it is so wonderfully hardy it will stand the hard knocks of early Spring. Rich, delicious, sweet flavor, beyond comparison with any other Sugar Corn, earliest of allExtra Early Table Corns, of wonderfully fine quality. Grows 4 feet high; ears 5 to 8 inches long and 2 to 3 ears to the stalk; can be harvested quite close to the row. Per Ear 15c. Doz. Ears $1.75. Pkt. 10c. Pkt. 25c. Qt. 65c. 2 Qts. $1.25. 4 Qts. $2.50. Pk. $4.75. Bu. $18.00.

“California Golden” Country Gentleman Corn

1136. This corn is a wonderful combination of the “Cream and Honey” and the well-known “Country Gentleman” Sugar Corn. Could you possibly think of anything more delicious to eat than the good qualities of these two Corns combined in one? The kernels are long and pointed and are borne on a very slender cob in zig-zag rows. The kernels are light yellow, but cook to a bright golden yellow. Stalks grow 5 feet high, with 4 ears. Ears 6 to 8 inches long. Delicious, sweet and tender. Early as the “Cream and Honey.” Per Ear 15c. Doz. Ears $1.75. Pkt. 10c. Pkt. 40c. Qt. 75c. 2 Qts. $1.40. 4 Qts. $2.50. Pk. $5.00.

Early “Butter-Nut” Sugar Corn

1005. Early “Butter-Nut” Sugar Corn is the most recent development of one of the greatest expert Sugar Corn growers and hybridizers in the world. It follows “Cream and Honey.” Sugar Corn by four to seven days. Ears 7 to 9 inches long, with 14 rows of good-size “Butter-Nut” pearly grains. Stalks grow about 5 feet high and produce 2 fine ears. Pkt. 10c. Pkt. 35c. Qt. 65c. 2 Qts. $1.25. 4 Qts. $2.25. Pkt. 30c. Qts. $6.00. Bu. $15.00. Per Ear 15c. Doz. Ears $1.75. Pkt. 10c. Pkt. 35c. Qt. 65c. 2 Qts. $1.25. 4 Qts. $2.50. Pk. $4.75. Bu. $18.00.

“Country Gentleman” Sugar Corn

1005. Yields from 3 to 6 ears on each stalk. One of the most delicious Sugar Corns grown. Kernels plump, pearly white, milky and so tender they melt in your mouth. It is deliciously tender, even when a little old. Ears average 8 or 9 inches long. Cob small, plump and filled zig-zag from end to end with pearly white kernels of great depth. Per Ear 15c. Doz. Ears $1.75. Pkt. 10c. Pkt. 35c. Qt. 65c. 2 Qts. $1.25. 4 Qts. $2.50. Pk. $4.75. Bu. $18.00.

“Snow White” Evergreen Sugar Corn

1006. White as snow and 5 days earlier than Stowell’s Evergreen. 2 or 3 beautifully shaped ears to a stalk. Deliciously flavored and as sweet as sugar. Very tender. Each ear has 16 or more rows of long, elongated, pearly white grains. Being “Snow-White” it is extremely attractive when served on the table. When put up in cans it retains its whiteness and does not have that yellowish tinge of the regular Stowell’s Evergreen. Stalks straight and vigorous, 6 to 8 feet high. Ears are uniform, very large and completely filled to the tip. Market gardeners, canner and all who know Sugar Corn will pronounce “Boligian’s Snow-White Evergreen” the best Corn on Earth. Per Ear 15c. Doz. Ears $1.75. Pkt. 10c. Pkt. 35c. Qt. 65c. 2 Qts. $2.25. 4 Qts. $4.00. Bu. $15.00.

Boligian’s “65-Day” Corn, White Cob

The Handsomest Early Corn That’s Brought to Market

1049. White cob 65-Day Corn is the result of carefully selecting the earliest and largest ears of Gillette’s Early Neck Corn, and crossing these with the earliest and best strain of Stowell’s Evergreen Sugar Corn. The result is a corn of fine quality, of 12 to 14 rows and reliable no matter what weather it has to stand. Being large, extremely attractive, early, tender and sweet, it quickly sells at money-making figures. Very profitable as a fall crop when planted in Midsummer. Ear 7c. Doz. Ears 75c. 100 Ears $1.50 Pkt. 10c. Pkt. 15c. Qt. 25c. 2 Qts. 40c. 4 Qts. 75c. Pkt. $1.25. Bu. $4.50.

“Truckers’ Favorite” Sweet Corn

1222. For a second early to follow Early Adams, this is unquestionably one of the best; or for planting late to mature quickly it is equally valuable. It is a white corn, with good depth of grain, tender and sweet, and makes a most desirable size for roasting ears. Every season this splendid corn grows more and more popular, especially among market growers, with whom it has proved a money-maker. The fine, large, well-filled ears present a splendid appearance and find a ready sale. Per Ear 7c. Doz. Ears 75c. 100 Ears $1.50 Pkt. 10c. Pkt. 15c. Qt. 25c. 2 Qts. 40c. 4 Qts. 75c. Pkt. $1.25. Bu. $4.50.
Bolgiano's “Prosperity” Cucumber

As to Color—Intense, rich, deep green color, which it retains during a month longer period of growth than any other Cucumber. The flesh is sparkling white.

As to Earliness—The Earliest White Spine Cucumber, bearing from the earliest to the latest season.

As to Flavor—Most refreshing and delightful flavor, being delicate and entirely devoid of the bitter taste so frequently noticed in other varieties.

As to Shapeliness—Uniformly large, symmetrical fruit. Handsome and most attractive; runs very close to type. In symmetry of form it is so regular, so uniformly one like the other, as to create favorable comment wherever it is seen. Bears no misshapen fruit or culks.

As to Productiveness—Very prolific. A great and continuous producer.

As to Quality—Ideal for slicing; flesh compact, fine grained, exceedingly brittle and crisp.

Price—Pkt. 10c. Oz. 15c. 2 Oza. 25c. ½ Lb. 40c. ½ Lb. 75c. Lb. $1.25. Postpaid.

The Best Cucumber He Ever Planted

On December 13, Mr. Moore F. Ball, of Fauquier Co., Va., wrote:

“I cannot speak too highly of the ‘Prosperity’ Cucumber. I planted them very early and, notwithstanding a big drought, they bore continuously until frost. They are far the best Cucumber that I have ever planted.”

Bolgiano’s “Lord Baltimore” Cucumber

The Wonderful Dry Weather Cucumber

It is impossible to produce a larger crop of the handsomest and most profitable long, dark green Cucumbers you have ever seen during one of the driest summers on record—that's what was done last summer by those who tried our “Lord Baltimore” Cucumber. It just don't pay any attention to dry weather, but goes on growing and producing beautiful fruit. The “Lord Baltimore” Cucumber is of the true white spine type, about 15 inches long, very dark green and of exceptionally fine flavor. The sturdy and drought-resisting vines produce enormous crops of beautiful, firm, crisp and delicious flavored Cucumbers. The pure white attractive flesh composes most of the fruit, leaving an extremely small space for the seed. If you have failed to get a crop with other Cucumbers “Lord Baltimore” will not only produce a crop for you, but will produce a crop you will be proud of. Our supply of “Lord Baltimore’s” Cucumber Seed is limited, so if you want any, please place your order early. Pkt. 5c and 10c. Oz. 15c. ½ Lb. 35c. ½ Lb. 60c. Lb. $1.00. Postpaid.

New Klondike Cucumber

This valuable variety is one of the best slicing and will produce Cucumbers equal in appearance to the hot-house grown specimen. The color is rich dark green, and the fruits grow to a uniform size, measuring about 7 inches in length and 2 inches thick when in good condition for use. It matures early and continues bearing for a long time and the vines make such a healthy and vigorous growth that they produce a good crop even in poor season, when many other varieties fail on account of unseasonable weather. Pkt. 5c. Oz. 10c. ½ Lb. 25c. ½ Lb. 45c. Lb. 85c. Postpaid.

New Davis Perfect Cucumber

Davis Perfect Cucumber resembles a hot-house Cucumber so closely that dealers cannot tell the difference. It is being equally good for hot-house or out-door culture. It is ideal in shape, rich, dark green color, uniform and regular in size. It is exceedingly tender and as a slicing Cucumber for the table is unsurpassed. It is almost seedless one-third of its length from the stem end, and the seeds contained in it, when in slicing condition, are so small and tender that they are almost unnoticed. Exceedingly productive. Pkt. 5c. Oz. 10c. ½ Lb. 25c. ½ Lb. 45c. Lb. 85c. Postpaid.

The Wonderful New Lemon Cucumber

Every family garden should have several hills of this delicious Cucumber; having tasted it once you will prefer it to the common Cucumber. We are safe to predict that the Lemon Cucumber will become a great favorite as a table delicacy. It is an excellent shipper, as proven last Spring, when it appeared on the market ahead of all other varieties. We shipped a box to Chicago; it was four days in transit and retained its crispness for several days after its arrival. Pickled as a gherkin it is delicious. Eight hills will supply the table for ten in family all season, besides furnishing plenty for pickling. Pkt. 10c. ½ Oz. 15c. Oz. 25c. 2 Oz. 45c. ½ Lb. 75c. ½ Lb. 85c. Lb. $2.50. Postpaid.
Bolgiano's Early Fortune White Spine Cucumber

The Great Money-Making Cucumber. The Ideal Cucumber for Home or Market

The Earliest, Best, Rich Dark Green, White Spine Cucumber on Earth

Bolgiano's Early Fortune White Spine Cucumbers All Pack Fancy and are Far Superior to other Sorts

First Shipments of Early Fortune bring from $3.50 to $4.00 per Hamper

You Can Always Depend on Early Fortune

81 Thousands of expert growers everywhere have proven by actual test that Bolgiano's Early Fortune Cucumber is the earliest and by far the best, rich dark-green White Spine Cucumber on Earth. Early Fortune is the Best Cucumber for table, market or shipping purposes. It is the greatest producer of all varieties and at all stages of its growth it is a model in shape, being the handsomest and most attractive Cucumber ever grown.

In color Early Fortune is a rich, attractive deep-green. This inviting color it retains during a much longer period of growth than any other variety, it is so regular in form, one so much like the other, growers marvel at the purity and true ness of our stock—in fact, in selecting our Stock Seed these Cucumbers are so perfect it is almost impossible to say which is best.

The quality is superb, flavor delicate, refreshing and delightful, entirely free from any bitterness being fine-grained, the flesh compact, it is exceedingly crisp and brittle, making it an ideal shipping Cucumber.

As a shipping Cucumber "Early Fortune" cannot be surpassed, as it holds up in color and quality longer and better than any other variety.

Pkt 10c, Oz. 15c, 2 Oz. 25c, 1/2 Lb. 45c. 1/2 Lb. 85c. Lb $1.50. Postpaid.

Brought $3.50 Per Hamper on New York Market

On June 22, 1916, Mr. James Armstrong, of Volusia Co., Fla., wrote, "Bolgiano's Early Fortune Cucumber Seed turned out fine. Produced the finest Cucumbers that I have ever seen. I put 50c. per dozen right here at home, and shipped some to New York to Mr. John N. Voorhees on the 27th day of May, and they sold for $3.50 per hamper."

Brought $3.00 Per Hamper in Baltimore

On June 14, 1916, Mr. Thomas H. Chapman, of Berwood Co., Fla., wrote, "I expect to use about ten to fifteen pounds of Bolgiano's Early Fortune Cucumber Seed this fall, as they proved to be the best Cucumber raised here this season. All packed fancy stock and were far superior to other brands planted here. Weather on crop was very dry and cold. Slicker and Richardson, Baltimore Commission Merchants, bought from me here at $2.50 to $3.00 per hamper all season."

Fine Cucumbers in Spite of Bad Season

On June 22, 1916, Mr. J. D. Holdtirk, of Marion Co., Fla., wrote, "I planted part of the Early Fortune Cucumber Seed bought from you last August on September 30th. The weather was unfavorable, but I made some fine Cucumbers. I planted the rest of your Early Fortune Cucumber Seed on the 19th day of March and raised some extra fine Cucumbers, many tens inches to twelve inches clear of biter seams."

"I Feel Like I Can Depend on Them"

On June 23, 1916, Mr. A. H. Spivey, of DeSota Co., Fla., wrote, "I have been planting Bolgiano's Early Fortune Cucumber Seed for several years. During this time I have tried several other varieties, but now have the principal part of my acreage in Bolgiano's Early Fortune Cucumber, as I feel like I can depend on them."

General Satisfaction After 10 Years' Trial

On June 30, 1916, W. J. Kirkham Produce Company, of New Hanover Co., N. C., wrote, "I have handled Bolgiano's Early Fortune Cucumber Seed for the past ten years, and they have given general satisfaction. The weather conditions this season for part of the season was very dry, but all crops later had good rains and we produced an excellent crop."

Earlier and a Sure Cropper

On June 14, 1916, Mr. W. S. Tyron, of Levy Co., Fla., wrote, "Bolgiano's Early Fortune Cucumber Seed bought from you last season gave excellent results. They came into bearing some days earlier than the latest varieties and they are a sure cropper."

Floods Do Not Stop the Early Fortune

On July 24, 1916, Mr. C. Lincoln Baker, of Buncombe Co., N. C., wrote, "The Early Fortune Cucumber Seed we supplied we proved entirely satisfactory in every way, despite adverse climatic conditions. I have no hesitation in endorsing your claims as to its reliability and quality; although we had torrential rains and floods in this section for the past three weeks, the Early Fortune Cucumbers have flowered and borne profusely."

Bolgiano's Green Mountain Triple Parsley

A Table Adorning of Rare Beauty

221. Never before have we been able to offer to the public a gift of nature equal to our beautiful Green Mountain Parsley. Always alert, always ready to appreciate any seed of exceptional merit, we saw that everybody would want our new Green Mountain Parsley when they heard of its wonderful beauty. Hardy, immensely productive, deep, velvety green, the leaves are densely curled and borne in abundance. It is exceptionally easy to grow, and with very little care everybody can have the finest flavored Parsley in cultivation. If you have but a few square feet, you can raise sufficient Parsley to supply your table with decoration and your soups with fine fresh flavor.

Pkt 5c and 10c. Oz. 15c. 1/2 Lb. 35c. Lb. $1.00 Postpaid.

Produced a Splendid Crop

On November 8, Mr. W. M. Perkins, of Washington Co., Md., wrote, "The Green Mountain Triple Curled Parsley bought of you last March came up fine and done very well. We had an extremely severe drought, which stopped it growing for a while, but later it freshened up and we had lots more than we could have reasonably expected."
"Long Poded" Alaska Peas

1087. An entirely new, vigorous, Extremely Early, handsome, long-podded, deliciously flavored Alaska Pea. It has become extremely popular, for it has all the good qualities of our Famous Extra Early Alaska Pea and in addition it has a well filled pod almost twice as long, which fills the basket in half the time, and while it is not a distinctly sugar pea yet it has a much sweeter flavor than the Alaska. It is an abundant yielder. Our supply of seed is limited, so place your order early. Pkt. 10c. Pt. 25c. Qt. 40c. 2 Qts. 75c. 4 Qts. $1.35. Pk. $2.25. Bu. $9.00.

"Long Poded" Alaska Peas Beat All Others

On July 2, Mr. Clarence E. Orkins, Harvey Station, Del., writes: "Be sure and send me the Improved Long Poded Alaska Peas, as I have been planting them for two years and can't find any other to yield with them. Just picking our third patch of them now.

"Long Poded" Alaskas Best Crop in Six Years

On June 28, 1915, Mr. Theo. W. Greg, of Newcastle Co., Del., writes: "I planted your Long Poded Alaska Peas this year and I am well pleased with the turnout. I had a better crop of Peas this year than for six years.

Bolgiano's New Pea—"The Hustlers"

1029. By crossing our Extra Early Alaska Pea with our Long Poded Alaska Peas we have secured this wonderful new Pea—it has developed the good qualities of both parents and is sure to become very popular as soon as its great value becomes known. It is as early as the Extra Early Alaska, pods as long as the Long Poded Alaska. A magnificent, thrifty, vigorous grower, it is literally loaded with handsome pods, which retain their fresh shiny color, we believe, longer in shipment than either of its parents. Being an entirely new blooded stock it is very uniform in growth. For three years we have been growing "The Hustlers" just to accumulate seed stock and each year we have been forced to value higher the vast money-making possibilities that are in this Pea, for both market gardeners and Southern shippers. It is also a very successful variety for the home garden. The beautiful rich green seed Peas will justly lead you to expect great things of "The Hustlers." We have endeavored to grow enough seed to meet the requirements of our trade, but to be sure of some of them this season, we hope you will order as early as possible. Pkt. 10c. Pt. 25c. Qt. 40c. 2 Qts. 75c. 4 Qts. $1.35. Pk. $2.25. Bu. $9.00.

Bolgiano's "100% Profit" Peas

1218. This is the most marvelous Pea ever introduced. Only grows one foot high, but quickly produces an abundance of immense beautiful deep green pods, filled with large delicious Peas. "100 Per Cent Profit" Peas are much earlier, dwarfer, more prolific, deeper green color, and more delicious in flavor than either the Thomas Laxton or the Grads Pea. It is certainly a wonder. "100 Per Cent Profit" Pea will make a lot of money quickly for the market gardener and shippers to northern markets. As a Pea for the home garden it is beyond description. No Peas have ever appeared to equal it in earliness, abundance or delicious flavor. ½ Pt. 25c. Pt. 35c. Qt. 50c. 4 Qts. $2.00. Bu. $4.00.

"Good Luck"

1088. Bolgiano's New Extremely Early Profilic Pea. 1. Almost as early as the Extra Early Alaska Pea. 2. On same land will yield 100 bushels to every 50 bushels of the Alaskas. 3. Single plants contain 40 to 50 well developed pods. 4. Pods one-half longer than Alaska pods. 5. Pods are a deep green color. 6. Plants strong and vigorous. 7. Deliciously flavored. S. Peas slightly larger than Alaska. 8. Supply extremely limited. Pkt. 10c. Pt. 25c. Qt. 40c. 2 Qts. 75c. 4 Qts. $1.35. Pk. $2.25. Bu. $9.00.

"Wonder Worker"

Bolgiano's Earliest Wrinkled Pea

1083. The most delicious Pea you have ever eaten. They fairly melt in your mouth. If you have never eaten a "Wonder Worker" Pea you don't know what a good Pea tastes like. Six weeks from planting, this wonderful large Wrinkled Pea can be marketed. In earliness, great size and excellent flavor it is unequalled. The vines grow 2½ feet high, and are very hardy, resisting frosts and cold weather. It bears an abundance of large, even, deep green pods. It is claimed the Wonder Worker Peas are superior in earliness, hardiness, and large size pods to the Grads or Prosperity Pea. It is the finest early Pea yet introduced. Pkt. 10c. Pt. 25c. Qt. 40c. 2 Qts. 75c. 4 Qts. $1.35. Pk. $2.25. Bu. $9.00.

Gradus, or Prosperity Peas

1072. $90.00 made on one peck of Peas is remarkable, but that is what one market gardener netted. Planted the same day side by side with the earliest of the Extra Early Peas, this delicious large, wrinkled Pea will mature at exactly the same time. The extra large, dark green pods quickly fill a bushel box or basket, and readily retail around $2.50 per bushel when the Extra Early varieties bring $1.50 per bushel. It withstands an extraordinary amount of cold and wet weather, yet plants strong and your returns will surprise you. It matures and is marketed before the Pea hose gets a chance at it. Besides being so attractive, the sweet, delicious flavor and excellent quality being a customer who has once bought them. Pkt. 10c. Pt. 25c. Qt. 40c. 2 Qts. 75c. 4 Qts. $1.15. Pk. $2.10. Bu. $8.00.

"Cracker Jack"

Bolgiano's Second Early Wrinkled Pea

"CRACKER JACK" continues to bear an abundance of most delicious Peas, when all other varieties are dried up from the hot Sun of the early Summer.

1089. Bolgiano's Cracker Jack Peas. 1. A wonderful yielder. 2. Vines 2 feet 2 inches high. 3. Growth hardy, robust and vigorous. 4. Extremely large pods, have a handsome, dark green color and are borne more abundantly than on the Dwarf Profilic Green Marrow Pea. 5. Ready for market just as the Wonder Worker Peas are over. 6. If planted a little late will stand the warm weather exceedingly well. It's the Peas market gardeners have been looking for, and it's a "Cracker Jack." Pkt. 10c. Pt. 25c. Qt. 40c. 2 Qts. 75c. 4 Qts. $1.35. Pk. $2.25. Bu. $9.00.

They Mature All Together

Thomas Ward, Lachenauma Co., Pa., writes: "I am well pleased with your Cracker Jack Peas. They matured all together, and I now have beans four inches tall on the same ground. It's nice when one can take all the vines up at the same time and take the pods off and till the ground and plant it again."
Bolgiano’s “Millionaire” Lettuce

The Earliest Fine Large Solid Head Lettuce On Earth. Very Hardy, Produces Handsome Crops Either Out of Doors Or Under Glass.

150. This valuable new Lettuce is an extremely profitable variety for both Market Gardeners and Shippers to grow, as well as a decidedly delicious variety for the Home Garden. If we could meet every one of our customers face to face we would persuade each one of them to give the “Millionaire” Lettuce a trial the very first thing this Spring. We recommend it unreservedly as one of the best Lettuces, and one of the most profitable that has been grown anywhere. It is a very quick growing, hardy Lettuce and will stand much damp, cold weather. “Millionaire” Lettuce can be planted outdoors or under glass, and in either case will produce fine round compact heads 6 to 7 inches in diameter, which weighs from 12 to 16 ounces, much sooner than any other variety. It is an excellent market variety, the heads are clear, light green, the outer leaves slightly tinged with brown and closely folded. The head retains its compactness even when mature, and is a clear, bright, rich golden yellow. In quality “Millionaire” Lettuce is unequalled. It is crisp, tender and has a delicious rich, sweet flavor. Prices 5c and 10c. Oz. 20c. 2 Ozs. 35c. 1/2 Lb. 60c. 1 Lb. $1.00. Postpaid.

In Maryland—Every Plant Made a Perfect Head
John Doer, Baltimore Co., Md., writes: “Bolgiano’s ‘Millionaire’ Lettuce is simply perfect, every plant making a perfect head in my two-acre patch. It is truly the earliest, truest and most reliable Lettuce I have ever grown in my twenty-five years’ experience as a Market Gardener. I wish you could have seen this crop; you certainly would have been proud of your ‘Millionaire’ Lettuce.”

Bolgiano’s “Lucky Stroke” Lettuce

New Introduction

120. “Lucky Stroke” Lettuce is going to mean a whole lot to the Trucker who grows good Lettuces—who has a particular trade that wants the best and is willing to pay for it. Every plant is uniformly perfect. It is a grand, new, extra large, compact, solid Heading Lettuce, not only early and hardy, stands early Summer heat splendidly on account of its thrifty growth and ability to root deeply, which enables it to successfully resist a spell of hot, dry weather. The round heads are large, measuring 12 to 15 inches across. The outer leaves are few and grow close to the head. The inner leaves form a large, firm, hard head of creamy-yellow, beautifully blanched. The quality is exceptionally fine, being tender, crisp, succulent and deliciously sweet. The heads continue to increase in size for about two weeks after they are ready for use, and will stand longer without going to seed than most other varieties. It is a delicious salad when grown in the home garden. You’ll find it a “Lucky Stroke” whether you grow it for home use or for market.

Bolgiano’s “Tender and True” New Lettuce

140. By crossing the “Millionaire” and the “Best of All” Lettuces we have established, we believe, the most wonderful Summer Lettuce ever originated. Bolgiano’s “Tender and True” Lettuce. This Lettuce produces great, magnificent, hard heads 12 inches across, compact and round, especially rich and creamy in flavor. The inner leaves are a rich golden green, beautifully blanched white and very tender. So solid are the heads they will not shoot to seed until cut open. We unreservedly recommend this New Lettuce to all our customers, both Market Gardeners and those who grow for the home table, for we are confident it will delight and handsomely repay those who grow a crop of it. Pkts. 5 and 10c. Oz. 20c. 2 Ozs. 35c. 1/2 Lb. 60c. 1 Lb. $1.00. Postpaid.

Bolgiano’s “Frozen North” New Lettuce

142. This new Lettuce is so good it will make your mouth water. Its silver white leaves are crisp and buttery as the finest Celery, forms very large, hard head 12 inches across and will not run to seed for an extra long time. “Frozen North” Lettuce will produce successful crops of tenderly folded crisp heads, 6 to 8 inches in diameter during Spring, Summer or Autumn. In the hottest Summer months it retains its crispness and mild flavor. It is very showy and inviting in appearance; the outer leaves are a soft bright green. As a home and market Lettuce it is delicious and valuable, but it is too crisp and tender to ship long distances.

Pkts. 5 and 10c. Oz. 20c. 2 Ozs. 35c. 1/2 Lb. 60c. 1 Lb. $1.00. Postpaid.
“Indian Chief”—Bolgiano’s Remarkable New Delicious Watermelon

172. Victory is sure for this grand new Watermelon. It has more successful qualities than any other melon ever grown. If you are a grower of Watermelons, this new Melon offers you an opportunity to earn money, such as you have never had before.

"Indian Chief" is entirely distinct from all other varieties. It is large, oblong, dark-green Melon, with a thick netting all over it. The rind is thin and the underneath green is a bright green. It is so uniform in color and shape that it is a perfect shipper, the quickest and best seller that has ever been placed on the market. As a table melon it always brings repeat orders. In fact, as a first-class melon it is ideal. Seed is limited; demand will be heavy, so order quick. Pkts. 5c and 10c. Oz. 15c. 2 Oz. 25c. ¼ Lb. 35c. ½ Lb. 60c. Lb. 1.00. Postpaid.

“Goliath”—The New Giant Watermelon

146. These beautiful melons will average around 50 pounds; an 80-pound melon can often be found. Its attractive, rich, dark-green skin quickly proved in the experienced market man its excellent selling qualifications. Its wonderful productivity and giant size quickly indicates its ability to produce handsome profits. As a shipper it rivals the Kolb Gem, even surpassing this old standard variety on account of its peculiarly tough skin and rind. This new Watermelon is unquestionably destined to be one of the greatest leaders and most popular melons ever developed and placed in the growers and shipper’s hands. In addition to this it will soon win the esteem of the market gardeners located near the large cities; also it cannot be excelled in the home garden. "Goliath" is not only a giant in size, but it is a giant in Delicious Table qualities and market qualities. Our supply of seed is limited, so please order this Watermelon early. We don’t like to disappoint. Pkts. 5c and 10c. Oz. 10c. ¼ Lb. 25c. ½ Lb. 45c. Lb. 85c. Postpaid.

Bolgiano’s Cold Mountain Spring Watermelons

171. Several years ago we were spending our vacation in the mountains, during our absence one of the leading Watermelon growers, living about 100 miles from Baltimore, wrote us he had for a number of years been developing an extra selected strain of Watermelon, and the results of his efforts had gone far beyond anything he had ever hoped to produce. Were we interested? He shipped us several samples; these came on foot to Baltimore 100 miles, then on the railroad through the mountains 250 miles, reaching us in perfect condition after traveling 350 miles through rough country and roughly handled. These melons attracted the attention of everyone by their beautiful, deep-green color, stately size and excellent shape. We had them on exhibition, then took them with us back into the mountains. We put the melons in a Cold Mountain Spring and in a few hours we cut them. The melons were in perfect condition. "Red to the Rind," and entirely free from stringiness. We immediately inspected and purchased the crop. The Cold Mountain Spring Watermelon is a winner as a shipper, as a table melon and as a Money-Maker. Our supply of seed is necessarily limited and only the seed produced by the originator, so order immediately. Pkts. 5c and 10c. Oz. 10c. ¼ Lb. 25c. ½ Lb. 45c. Lb. 85c. Postpaid.

The New “Excel” Watermelon

One of the Best Watermelons Ever Grown

381. Named EXCEL because it excels all others. When Georgia, the greatest Watermelon State in the United States, introduced the Tom Watson, it soon was recognized as one of the best Watermelons ever introduced. EXCEL Watermelon for yield, size, prolific growing qualities as well as shipping qualities stands as far above the Watson melon as the Watson stands superior to many of the hysene varieties. The Excel is a long, green melon with visible stripes, the most handsome melon ever introduced. It possesses every quality essential to make it the greatest melon ever grown both for the table and shipping. It is just as easy to grow a 25 to 40-pound average of Excels as it is to grow a 25 to 30-pound average ear of Watsons. The seed of Excels will never be cheaper as they are very few. Pkts. 10c. Oz. 15c. 2 Oz. 25c. ¼ Lb. 45c. ½ Lb. 60c. Lb. 1.00. Postpaid.

Bolgiano’s Black Striped Kolb’s Gem Watermelon

Famous Anne Arundel County Stock

174. Ten Points of Merit: 1. A fine shipper. 2. Melons uniformly large. 3. Thick, oval form. 4. Color is a rich dark green with fine stripes of lighter shade. 5. Much darker and richer in color than the Kolb’s Gem. 6. Flesh rich, deep pink, crisp and melting. The flavor is a height, attractive red. 7. Flavor is delicious, sweet and satisfying. It is very productive, a perfect shipper, the quickest and best seller that has ever been placed on the market. As a table melon it always brings repeat orders. Pkts. 5c and 10c. Oz. 10c. ¼ Lb. 25c. ½ Lb. 45c. Lb. 85c. Postpaid.

Tom Watson Watermelon

Extra Selected Proven Stock

245. In the Tom Watson we have a decidedly good thing directly from the State of Georgia, the “Home of the Watermelon," where it grows to a greater state of perfection probably than in almost any other part of the United States.

The Tom Watson is an extra long melon of attractive appearance, uniform in shape and quality; the luscious crimson skin, "as sweet as honey," the juicy, melting and of superb flavor. The average melon will weigh 25 to 30 pounds and measure 28 inches long and about 12 inches in diameter. Very prolific. Pkts. 5c and 10c. Oz. 10c. ¼ Lb. 25c. ½ Lb. 45c. Lb. 85c. Postpaid.
“Junior” Rocky Ford Cantaloupe

Without a single exception the Biggest Money-Making Melon ever offered. Two weeks earlier, a little larger, twice as productive as Rocky Ford. More thoroughly and deeply netted. Rust and Blight Proof. Packs in crates better and carries better than any other melon. This Greatest of Money-Making Melons had for its parents two exceptionally fine stocks of Rocky Ford Melons. It has been bred up by our expert growers to be entirely leaf and rust proof. “Junior” is a wonderfully prolific yielder, single plants producing as high as 10 fine melons. It will develop shipping fruit ten days to two weeks before the Rocky Ford. In form it’s ideal, being just the right shape to pack to best advantage into crates. In size it is little larger than the regular Rocky Ford. Its netting is close and deep, thoroughly covering the melon, protecting the attractive, green flash is thick, smooth and firm, combining together to make it the best melon for carrying long distances that the grower has ever had. Pkts. 5c and 10c. Oz. 15c. 2 Ozs. 25c. ½ lb. 60c. Lb. $1.25. Postpaid.

Over 85 Crates Per Acre

On July 22, 1946, Mr. W. W. Ford, of Sunco Co., Flatonia, wrote: “Boligiano’s ‘Junior Rocky Ford’ Cantaloupes were all K, although we had a very unfavorable spring. I raised a very good crop, running in size from 20 to 55 Cantaloupes per crate. I shipped 85 crates per acre; I realized something over $100 per acre and had nothing under than I had before. I think that I shipped to prefer that melon to any other. I could sell my Cantaloupes for more money anywhere than for a melon of this quality.”

Boligiano’s “Melting Gold” Cantaloupe

The Delicious Gold Lined Melon

31. Did you ever eat anything so exceptionally delicious, the very pleasant memory of it often comes back to you? That’s what will happen if you once eat one of Boligiano’s New “Melting Gold” Cantaloupes. The delicious, tender, golden flesh simply melts in your mouth. It is the sweetest and most delicious melon that has ever been grown. The flesh is thick, very tender and of a beautiful, deep golden color; it ripens close to the skin, the thin rind is of a rich, dark-green color contrasting attractively with the deep golden flesh, which is so deliciously sweet and tender. The melons are well ribbed and covered with a grayish netting; they are 6 to 7 inches long by 4½ to 5 inches in diameter. “Melting Gold” Cantaloupes to every grower and it is so good that the Eastern Markets take every melon grown. As a melon for home garden it is the greatest addition it year. Pkts. 5c and 10c. Oz. 15c. 2 Ozs. 25c. ½ lb. 40c. 1 lb. 60c. Lb.$1.25. Postpaid.

Boligiano’s “Honey Sweet” Cantaloupe

319. Medium size, round shape, of deep orange color, exceedingly luscious. A healthy grower and heavy producer. As a Cantaloupe for the private garden this variety will please all who plant it. Pkts. 5c and 10c. Oz. 15c. ½ lb. 30c. Lb. 75c. Postpaid.

Hoodoo Cantaloupe

319. Medium size, round shape, of deep orange color, exceedingly luscious. A healthy grower and heavy producer. As a Cantaloupe for the private garden this variety will please all who plant it. Pkts. 5c and 10c. Oz. 15c. ½ lb. 30c. Lb. 75c. Postpaid.

Boligiano’s “Honey Sweet” Cantaloupe

A Delicious Improved Strain of Casaba Cantaloupe

127. The juicy, light green flesh frequently measuring two inches thick, entirely stringless and especially luscious in flavor, most tender and practically melting in the mouth. It is as sweet as honey, this delicious flavor extends practically to the very rind. The rind is mollified. The shell is hard and about ¼ of an inch thick. There is no seed cavity. The seeds are imbedded in a jelly-like pulp. Plant the same time you would any other Cantaloupe. When the under side of the melon becomes a golden yellow it is ready to take off, but do not pull it off. Cut off 1 inch stem above and let it stand on the end. There is no tendency to rot at the stem end. By storing in a cold, dark place in sand, being careful not to allow them to touch each other, they can be kept until Christmas.

Pkts. 5c and 10c. Oz. 15c. ½ lb. 30c. Lb. 60c. Postpaid.

“Junior” Rocky Ford Cantaloupe

New “Knight” or Maryland Cantaloupe

337. This superb green-fleshed Musk melon has for five successive years broken all records, selling without regard to market conditions for other melons in Maryland, as well as better in Maryland, where it has a wonderful reputation. In quality, it quite outclasses all other green-fleshed melons, having a taste that is indescribably delicious with a remarkable aroma. While this melon has had a wonderful reputation around Baltimore and Norfolk markets, it fully deserves to be known over a wider territory. It is slightly pointed at the stem end, while being rather blunted at the blossom end. They grow uniform in shape and size, averaging about six inches in length from stem to blossom, and 4½ to 5 inches in the other direction; handsomely netted, very thick meat. Every melon grower is to be congratulated who grows a crop of this magnificent melon. Pkt. 10c. Oz. 15c. 2 Ozs. 25c. ½ lb. 40c. 1 lb. 60c. Lb. $1.25. Postpaid.

Watters’ Solid Net Rocky Ford Cantaloupe

207. This is one of the earliest strains of Rocky Ford Cantaloupes. About 90 per cent of the melons are solid net. They are very tender and of a rich, deep golden color, but not as good as the first crop, so that within a few days after the first melons are ripe, large numbers ripen and heavy pickings can thus be made at a remarkably early time. These melons average about 90 per cent standard size to pack 4½ to the crate, 12 x 12 x 24 inches. It is the most valuable sort to plant where first in the market is of great importance. The heavy gray netting is closely laid, the meat light green, spicy and sweet. This variety is in great demand by many of the most successful market growers and shippers.

Pkt. 5c. Oz. 15c. 2 Ozs. 25c. ½ lb. 60c. Postpaid.

Burrell’s Gem Cantaloupe

181. Very early. This strain has been grown by a number of premier growers and is known to develop and produce exceptionally well. Pkts. 5c and 10c. Oz. 15c. 2 Ozs. 25c. ½ lb. 40c. Lb. $1.25. Postpaid.

“Thoroughbred” Rocky Ford Cantaloupe

157. Oblong, measures through from top to bottom 4½ inches: weight, ½ pounds. Ten distinct ribs covered with a well developed gray netting which is closely laced and interlaced. The interstices between the netting very small. The sutures between the ribs very narrow but well defined from stem to blossom button. Blossom button well developed but small. Color of rind in interstices and sutures light green, turning toward grayish white when ready to pick, which is very essential to enable the grower to pick by color (the only proper way to pick) when the melon is in the proper stage for shipping long distances. Rind very tough. Most light green, changing very slightly toward salmon near the center, fine grained, firm and of high quality, very spicy and sweet. Seed cavity triangular, seed held in three lobes. Yields abundantly, have made 300 standard crates from one acre. Ripens about four to five days later than Improved Watters Solid Net—continues longer in bearing—and is the most uniform melon we have ever known. Forty-five of these melons cut a pound of seed. Pkt. 5c. Oz. 15c. ½ lb. 60c. Postpaid.

J. R. Rawlings & Son

106 S. 2nd St.

Peoria, Ill.
Bolgiano’s Hollow Hub Parsnip

219. As we predicted several years ago, when we first introduced the Hollow Hub Parsnip, it has taken the leading place among Parsnips. Its merits alone have brought it so prominently to the fore. No Parsnip seed ever offered is grown so carefully as Hollow Hub. Each individual root is carefully selected by hand and critically examined; if it does not come up to the highest standard it is discarded.

"Hollow Hub" Parsnip is hollow crowned to a remarkable degree; it has firm, tender flesh, a delicious delicate flavor, almost entirely without core. In growth it is small and uniform. In fact, Hollow Hub Parsnip is as perfect as it is possible to produce by the most careful selection and breeding. Grow these Par- snips if you want to grow the best, it costs but little more and it pays so much better. Pkts. 5c and 10c. Oz. 15c. ½ lb. 30c. ½ lb. 60c. $1.00. Postpaid.

Bolgiano’s Great Giant Salsify

275. By far the largest, smoothest, most tender Salsify ever sold to the gardener. Its delicious flavor and attractive appearance bring the buyers and holds their trade. It easily outsells every other Salsify. "For It Is The Best." It outyields all other varieties. Trackers who have tried the "Great Giant" say it is ideal, and that they will always grow to preference to all others, for it readily sell all they bring to the market at better prices and much quicker than their neighbors. Grow the best. It pays. Pkts. 5c and 10c. Oz. 15c. ½ lb. 30c. ½ lb. 60c. $1.75. Postpaid.

Extra Early Purple Top Milan Turnip

315. Earliest Turnip in cultivation; a week sooner than any other. Flat, smooth, of medium size, with bright purple top and few leaves. Flesh white and choice, adapted to Spring or Fall. A good keeper. Pkts. 5c. Oz. 10c. 2 oz. 15c. ½ lb. 20c. ½ lb. 50c. ½ lb. 50c. Postpaid.

Extra Early White Milan Turnip

365. Pkts. 5c. Oz. 10c. 2 oz. 15c. ½ lb. 20c. ½ lb. 50c. ½ lb. 50c. Postpaid.

Improved Curled Long Standing Spring Spinach

1106. Of a perfect, rich, attractive green color, distinct from all other varieties, and easily recognized. Its growth is abundant and it will retain a fresh, luxuriant appearance for three or four weeks after the most stubby seedling varieties have become yellow and gone to seed. Your early Spring garden will be incomplete without a generous sowing of Improved Curled Long Standing Spinach. This Spinach combines the extremely curly leaf of our Bloomsdale Curled Savoy Spinach and its own unequaled, long standing qualities, with a beautiful green which will invariably draw customers to your stalls and enable you to top prices. Our oldest and most experienced customers pronounce this Spinach the best ever grown for Spring, Summer, Fall or the coldest Winter. From our careful tests we learned its merits before we put it in the hands of trackers to test. See it for yourself, its value and have from year to year increased their orders until from 100 pounds five years ago, our annual sales amount to many tons. Pkts. and 1 oz. 15c. ½ lb. 35c. ½ lb. 65c. $1.25. Postpaid.

1000. Long Season Spinach. This variety of Spinach is especially adapted for the Summer season when other sorts quickly run to seed. Sowings can be made in early Spring and followed monthly with further sowings, and the crop will be continuous throughout the whole Summer. The leaves are a rich, dark green color, very thick and crisp. Pkts. and 1 oz. 15c. ½ lb. 35c. ½ lb. 65c. $1.25. Postpaid.

1202. New Zealand Spinach. This variety endures heat and drought; excellent for Summer use; the leaves are small and thick. It is an enormous yielder, growing upright; one sowing can be picked from the entire Summer; a very distinct variety. Fine for greens. Pkts. 10c. Oz. 15c. ½ lb. 35c. ½ lb. 60c. $1.25. Postpaid.
"Tip Top" White Tip Radish—French Grown

9. We challenge the world on this wonderful and useful distinct new stock of Radish—its beauty and attractiveness are almost beyond description. Results seem almost miraculous are now produced by hybridizers who patiently watch, wait and work hand in hand with Nature. Nature's wonderful artist has painted the top of each one of these delicious, crisp, tender, round little Radishes a brilliant carmine-red and the bottom a beautiful snow-white. The contrast is startling and delightfully pleasing. If you have ever hoped for an ideal stock of extremely Early Brilliant Scarlet close Radish with a beautiful Snowy-White Top you will find the "Tip Top" White Tip Radish in beauty goes far beyond your greatest expectations. It certainly is a thing of beauty. Pkt. 5c, Oz. 10c, ¼ Lb. 25c; ½ Lb. 50c. Postpaid.

Genuine Satisfaction From Bolgiano's Seeds

Mr. Sanford Heath, of Marion Co., Ind., writes: "Seeds obtained from your firm have given most gratifying satisfaction. It gives the writer pleasure to make this testimony and acknowledgment of same. Our neighbors have expressed genuine satisfaction at the results obtained from your seeds, especially your Radish and Pepper seed."

Delicious "Strawberry" Radish—French Grown

238. A delicious, crisp, brilliant red Radish. The very earliest, often ready for market in less than three weeks. It is a perfect globe shape and so uniform that all the Radishes look like they have been made in the same mold. If you have a home garden nothing will please you more, or give you quicker returns for your efforts than this beautiful Radish. If you grow for market, no matter how many of these attractive Strawberry Radishes you bring to market, you can always sell every bunch of them at prices that will both please and pay you. As a frame Radish it is the best of all because it grows short tops, its brilliant red color attracts and suits the customers, who pay high prices for the vegetables. Pkt. 5c, Oz. 10c, ¼ Lb. 25c; ½ Lb. 50c. Postpaid.

Two Weeks To Maturity

"Ruby King"—Bolgiano's Famous Radish

French Grown

230. Bolgiano's Extremely Early Ruby King Radish. "KING OF ALL" Extra Early Scarlet Radishes would be an appropriate name for this most excellent Radish. We claim without fear of challenge, Bolgiano's Extremely Early Ruby King Radish would be a single exception by far—THE MOST BEAUTIFUL Extremely Early Scarlet Button Radish that has ever been brought to any market. The color is a bright, glossy, crimson scarlet, and when the t Fault and soil is washed from it it fairly glows in its brilliant color. No Radish on earth will mature as quickly as the Ruby King, and have such small foliage. It will stand forcing without becoming in the least pesty. The flesh is delicious, tender, juicy and mild. Equally good for open ground culture as for forcing. It is at its very best when permitted to grow quickly. We have offered this Money-Making Radish for 10 years, and each year our sales so tremendously increase we feel satisfied that the wide-awake Market Gardeners are leading the very earliest markets all over the country with Ruby King Radish. We again plead to Bolgiano's Extremely Early Ruby King Radish at the head of all Radishes. Pkt. 5c, Oz. 10c, ¼ Lb. 25c; ½ Lb. 50c. Postpaid.

Giant Solid "Crimson King" Radish

French Grown

248. Eight Reasons Why This Splendid Radish Should Be Used: 1. Extremely early in maturing. 2. Will remain solid at all times, and will never become hollow or pesty. 3. Bright, deep crimson color. 4. Mildest flavor. 5. Oval in shape and very attractive. 6. Flesh sparkling white, solid, crisp and juicy. 7. Entirely new type, different and far better than any other Radish. 8. Greatest value for both forcing and open ground culture. Pkt. 5c, Oz. 10c, ¼ Lb. 20c; ½ Lb. 50c. Postpaid.

Bolgiano's "Long Red Glass" Radish

The Earliest and Best Long Red Radish

230. This is the best of all long Red Radishes. It requires deep, well-worked, loose ground and will quickly grow to beautiful, uniform, long, almost transparent, brilliant red Radish, with a pure white tip. No home gardener can be without it, and these market gardeners who have deep ground can be able to grow the most valuable Radishes they have ever seen with this seed. Pkt. 5c, Oz. 10c, ¼ Lb. 25c; ½ Lb. 50c. Postpaid.

Bolgiano's "Pearl White Forcing" Radish

The Earliest and Best Long White Radish

249. In our trial grounds, this most attractive, appetizing, cool, crisp Radish matured in the remarkable short time of 13 days. In size and form it is a duplicate of our famous Glass Radish, but, having a clear, pure white, waxy appearance from top to bottom, it is perfectly round and will remain so longer than any other White Radish. The Early White Vienna, or Lady Finger Radish, does not compare with it. Any trucker once planting this Radish will undoubtedly use it to the exclusion of all other early, long, white varieties. Pkt. 5c, Oz. 10c, ¼ Lb. 20c, ½ Lb. 50c. Postpaid.

Short White "Chinese Celestial" Radish

A Grand Fall and Winter Radish

256. New Short White Chinese Celestial Radish. In 1907 we placed this very attractive White Radish in the hands of our truckers and since then we never heard of another such Radish. The flesh is pure white, tender, juicy and flavorful, and it is free from the light hard skin that often occurs on white Radishes. Pkt. 5c, Oz. 10c, ¼ Lb. 20c, ½ Lb. 50c. Postpaid.
Owing to the extreme short crop of Potatoes it is impossible for us to make prices at the time this Catalogue goes to press. Please write us for lowest quotations on those varieties in which you are interested.

"Plucky Baltimore" the Best He Ever Planted

On December 21, Capt. F. P. Cooper, of Northumberland Co., Va., writes: "Plucky Baltimore Potatoes that I bought of you last March were the best I ever planted, although we had it very dry here. They beat every other kind here. I will want more of them next Spring."

Gray's Mortgage Lifters Extra Fine in Florida

On July 2, 1916, Mr. Victor Lent, of Lake Co., Fla., wrote: "Regarding Bolgiano's Gray's Mortgage Lifter Potatoes, let me say they do extra fine here in Florida; in fact, they are a good deal better than the Bliss or Sparkling's on the same ground."

Best If You Can

Mr. Frederick W. Reaum, Hartford Co., Md., writes: "From a plot of ground 90 x 100 feet planted in Gray's Mortgage Lifter Potatoes, I harvested 131 bushels of the most looking and finest cooking Potatoes I ever saw, and at the same time, on the same piece of ground, I grew two tons of Corn. Best that if you can."

Best Yielder and Seller

A. B. Prevatt, Volusia Co., Fla., writes: "I have given your Gray's Mortgage Lifter Potatoes a good trial and found them to be one of the best yielding and selling Potatoes I have ever grown."

Bolgiano's

"Plucky Baltimore" Potatoes

Bolgiano's Wonderful New Prolific Extremely Early Seed Potatoes

1. Ten days earlier than the Red Bliss Triumph.
2. Snowy White Potato, about the size and shape of the Houlton Early Rose.
3. Yields from 250 to 550 bushels per acre of most attractive, marketable Potatoes.
4. Always brings 50 cents more per barrel than the fanciest stock of any other variety on the market.
5. The quality is delicious; the entire supply is quickly taken up by the most critical hotel trade in New York and Boston.
6. Young, full, pure-blooded stock, not susceptible to disease.
7. Seed grown in the most careful manner.
8. If you are a Potato grower and once saw the Plucky Baltimore Potato, you could not help but buy it. Its attractive shape, pure white color, and in fact its general appearance speaks for itself far better than we can write about it.
9. We have the entire supply of this Grand New Potato, and that's not many barrels, so order right now, or your supply will be exhausted.
10. We can recommend the Plucky Baltimore as the best Potato that has ever been sold the truckers. Extremely attractive, extraordinarily early, enormously productive, excellent quality, pure white and a Big Money-Maker.

Please write us for lowest prices.

All Agreed—"Plucky Baltimore" the Best

On August 29, Mr. Wm. Sellers, of Baltimore Co., Md., writes as follows: "I planted four bushels. Bolgiano's Famous Plucky Baltimore Potatoes in the middle of March, and they are all up in the middle of July and produced 103 barrel-nocks marketable Potatoes, each one measuring about 6 inches long and 3 inches across. My neighbors were amazed at the wonderful results produced and all agreed at a cooking test, held at one of the farmer's houses, that the quality of Bolgiano's Plucky Baltimore Potatoes is the best."

Gray's "Mortgage Lifter" Potato

Mr. Gray has grown several bumper crops of Gray's "Mortgage Lifter" Potatoes; he says they were so large they reminded him of young pigs, and they were certainly splendid sellers at high prices. We wish everyone of our customers who grow Potatoes could talk with the growers who have grown a crop of this Grand New Potato. It certainly is something to marvel at, and yet if all of our customers realized its great value our limited supply would not be a drop in the bucket. It is an early variety, maturing a little later than the Crown Jewel; it is a pure white, large, handsome size, distinctive in shape, being long, well filled and tapering at both ends. Eyes are strong and well set, not too deeply, however.

It certainly a beauty and one grower says they grow so large it's hard to fill a barrel; no calls, and by the earload they brought over $20 a car more than the best Potato on the market. Mr. Prevall, of Volusia Co., Fla., after giving this Grand Potato a thorough trial, orders eight barrels in the fall. When he planted last year, Mr. Wm. G. Harvey, of Baltimore Co., Md., calls it the "Farmers' Favorite." Among other names it was called are "Maryland Beauty," "Money-Maker," "Virginia Wonder," "The Excelsior," "Gold Standard," "Silver King," etc. We finally selected Gray's "Mortgage Lifter" as suggested by Mr. Jas. T. Gray, of Baltimore Co., Md., because Mr. Gray actually paid off a good size mortgage on his farm with the proceeds from the Wonderful Crop of this Grand New Potato which he grew this year and in that mission of Gray's "Mortgage Lifter" Potato will not be ended until it has helped to clear many more farms of their mortgages.

Please write us for lowest prices.
The Best Second Early and Main Crop Potato on Earth

This magnificent Potato has become the most popular middle-crop Potato of the newer varieties, and certainly one of the most worthy. Yields great crops of even, fine, smooth, large Potatoes, even under the most unfavorable circumstances, and can be relied upon to bring in good money. It is undoubtedly the handsomest large Potato ever produced, and will outyield any other Potato and practically every Potato of marketable size. It is ahead of all others in yield and smoothness, and is of excellent quality. Every farmer will, after giving this most wonderful Potato a trial, discard every other kind and plant nothing but Bolgiano's Prosperity Potato for his main crop. It grows a very strong, upright top with dark-colored stalks and purple blossoms, and is very little affected by drought, blight or bugs. The flesh is as white as snow, and cooks dry and mealy. The eyes are even with the surface, the skin white with rich yellowish-cream color, and considerably ruffled or netted. This Potato will astonish old Potato growers in its abundant yields and fine qualities, and every person who is ambitious to make the most money out of his crop cannot afford to let this year pass without obtaining seed of our crop of New Prosperity Potatoes. Please write us for lowest prices.

Prosperity Three Times Better than the Best

On November 27, E. Hooper, of Montgomery Co., Pa., writes: "Your Prosperity Potatoes were planted in the garden side by side with five other varieties and yielded three times as many Potatoes as the best of the others. Three years ago we had Prosperity Potatoes in the garden; it yielded at the rate of 200 bushels to the acre. The quality and appearance of Prosperity far exceeded any of those planted with it."

Planted 5 Barrels—Shipped 100 Barrels

W. L. Mills, Volusia Co., Fla., writes: "Have just finished shipping my crop of Prosperity Potatoes. They beat anything I have ever seen for turning out fine, large, smooth Potatoes. Planted 5 barrels of the 'Prosperity' and shipped 100, making an average of 20 to 1. Shall want more of them another year. We find no other as good or yield as treaty."

Bolgiano's "Prosperity Potatoes"

"Trust Buster"

Bolgiano's New Extra Early Seed Potato

The great success of this new Potato is assured from the wonderful reports we have received from a large number of expert Potato growers who tried it during the last few years. It has produced most excellent results in all kinds of soil. It is not only early but it is a heavy producer of Potatoes of the very finest texture and quality. "Trust Buster" Potatoes are vigorous growers and prolific yielders of handsome, smooth Potatoes, cream white in color. These Potatoes are uniform in size, color, excellent quality and fine flavor. They are quickly prepared for cooking, as the skin peels readily and they cook dry and mealy. The table qualities are unequaled. Our supply is limited. To avoid disappointment please send in your order as early as possible. We are anxious for you to try this Best of All Potato this season. Please write us for lowest prices.

Prosperity As Heavy As 22 Ounces Each

Mr. M. P. Birchhead, of Baltimore Co., Md., sent to the Sun Office yesterday two splendid specimens which is known as the Prosperity variety of Potatoes. The average weight of the Potatoes was 2½ pounds, one of them weighing 2½ pounds and the other 18 ounces. The large of the Potatoes measures about 9 inches in length and about 8 inches in circumference. The other is about 6 inches long and 9 inches in circumference. Mr. Birchhead declared that 2½ an acre yielded 100 bushels of that variety, all of the Potatoes being unusually large.

Prosperity the Best in 20 Years

Mr. Calvin Gore, of Baltimore Co., Md., writes as follows: "We planted Bolgiano's Famous Prosperity Potatoes last Spring and found that it would yield three times as many per acre as any other variety we planted in the last twenty years."

Produces Big Crops Bad Seasons

Wm. Butler, Grant Co., Ind., writes: "Bolgiano's Famous Prosperity Potato is the best Potato I ever grew; its cooking qualities cannot be beat. It is the best yields, and does better on poor ground than any other variety; it does better year after year than any other variety, wet or dry season, and you are sure to make a crop if you plant Bolgiano's Famous Prosperity Potato. The big stinky times are a good thing in wet weather to hold the weeds down after they are laid by, and are a good thing in dry weather to hold moisture in the ground."

"Trust Busters" the Best Ever Grown

Mrs. Edw. Glausteller, York Co., Pa., writes: "The Trust Buster Potatoes I purchased from you last Spring produced the largest, creamiest, freest from disease of any Potatoes that I have ever grown. I have also found your Plucky Baltimore a fine producer and an abundant yielder. I must say that all of the seed I have ever gotten from you were entirely satisfactory."

Well Pleased with Trust Busters in Virginia

On October 25, 1916, Mr. J. T. Warmom, of Elizabeth City Co., Va., wrote: "I am sending you four Trust Buster Potatoes, which I have grown from a barrel of Trust Buster Potatoes I purchased from you. These four Potatoes were from a barrel of Trust Busters which I planted July 20, 1916, and they dug October 25, 1916. Potatoes being dug in 90 days after planting. From one barrel of Potatoes I raised 4,250 pounds of Potatoes. They were grown in Elizabeth City Co., Va."

Pleased With Our Seed Potatoes

Miss Mary E. Reynolds, Member Board Lady Managers, Endowed Sanitarium, Baltimore Co., Md., writes: "Let me express the satisfaction of those in charge of the Sanitarium of the results obtained from the use of your Prosperity Seed Potatoes. From two boulders secured from you and planted on the farm of this institution a crop of 85 bushels was realized. We think this to be excellent evidence of the fruitfulness of your carefully selected stock of seed Potatoes."
Asparagus Seed

1. New Palmetto. Is very early, large yielder, and very regular and even in growth. Average bunches contain 15 shoots, measuring 13½ inches in circumference; weighs 2 pounds. It is equally well adapted for all sections. Its quality is unequalled. Pkt. 5c, Oz. 10c, ½ Lb. 15c, Lb. 40c, 5 Lbs. at 55c.

2. Conover's Collards. A well-known variety. Pkt. 5c, Oz. 10c, ½ Lb. 15c, Lb. 40c, 5 Lbs. at 35c.

Columbian Mammoth White. Pkt. 5c, Oz. 10c, ½ Lb. 15c, Lb. 40c, 5 Lbs. at 35c.

Barr's Mammoth. Pkt. 5c, Oz. 10c, ½ Lb. 15c, Lb. 40c, 5 Lbs. at 35c.

Asparagus Roots—Horse Radish Roots—Rubhbar Roots

Plant either in Spring or Fall

No effort put forth in the garden will bring more pleasure and satisfaction than an established Asparagus bed, if this is thoroughly prepared according to the following directions. A bed 20 by 30 feet set with 1,000 two-year-old roots will last for years and furnish abundant

Asparagus

First of all, it is necessary to select a very rich soil, with a loamy bottom. If you desire, you may plant this in the Spring, but I found the best results are obtained by setting in the Fall. Allow 1,000 roots in 20 by 30 feet, or 175 per foot of drill, two bunches to the row.

Culture

Beans are somewhat last tender, but it often pays to take some risks. Plant in warm, loamy soil at the beginning of settled, warm weather in Spring, and at intervals for succession until August. Rows may be made 2 feet apart, and the Beans planted not more than 2 inches deep and several inches apart in the drills, or 2 or 3 Beans in hills 6 to 8 inches apart in the drills. If the drill is to be permanent, it is best to transplant and let it alone until the following year.

1001. Bolgiano's New Early "May Queen" Beans. (Specially, see page 90.) Pkt. 10c, Oz. 20c, Qt. 50c, Qt. 85c, 2 Qts. 1.25, 4 Qts. 2.25. Pkt. 25c, Oz. 50c, Qt. 1.25, 2 Qts. 2.50, 4 Qts. 4.50.

1134. "Home Sweet Home," Bolgiano's New Bean. A most delicious addition for the home garden. (Specially, see page 20.) Pkt. 10c, ½ Pt. 20c, Pt. 55c, Qt. 65c, 2 Qts. 1.25, 4 Qts. 2.25, 8 Qts. 3.50.

1009. New Giant Stringless Valentine. This is a great improvement on the old time popular favorite Valentine Bean. The pods are fully one-third longer, averaging 6 to 8 inches in length; absolutely stringless, very crisp, round, full and luscious. It is enormously productive, a tender variety, yielding well for market a few days earlier than old Valentine. We confidently recommend it either for the home garden or as a tender variety for market. (Specially, see page 20.) Pkt. 10c, ½ Pt. 25c, Pt. 50c, Qt. 75c, 2 Qts. 1.50, 4 Qts. 2.50, Pkt. $1.75.

1009. Burpee's New Stringless Green Pod Beans. Crisp, tender, luscious flavor. Handsome light green pods, ready to market TWO WEEKS EARLIER than the Red Valentine. Pods are full, fleshy and produced in great abundance, remaining long in an edible condition. Pkt. 10c, ½ Pt. 25c, Pt. 50c, Qt. 75c, 2 Qts. 1.25, 4 Qts. 2.50, Pkt. $1.75.

1055. Early Extra Refugee Round Green Pod. Has a bundle of a beautiful, attractive light green color, round and of a luscious flavor. Pkt. 10c, Pt. 25c, Qt. 45c, 2 Qts. 80c, 4 Qts. $1.50. Pkt. $2.75, Bu. $10.00.

1006. Hopkins' Earliest Red Valentine Beans. Are one of the earliest and most prolific round green pods. Beans. Crimson, round and brilliant. Better than the old stock of Valentines, is a wonderful producer and a perfect shipper. It will remain in a perfect condition for nearly three weeks after picking. Pkt. 10c, Pt. 25c, Oz. 50c, 2 Qts. 75c, 4 Qts. $1.50. Pkt. $2.25, Bu. $9.00.

1007. Bolgiano's Earliest Red Valentine Beans. This superior Bean has been carefully built up to satisfy a most critical market gardeners' trade. Under favorable conditions it is ready for picking in 55 days from planting. Canners use them because they are always tender and have beautiful round green pods. Pkt. 10c, Pt. 25c, Qt. 40c, 2 Qts. 75c, 4 Qts. $1.50. Pkt. $2.25, Bu. $9.00.

1008. Late Refugee or 1,000 to 1. Exceedingly productive; for medium and late use. The young pods are tender and of fine flavor; the color is a silver green. Pods are round and slim. Pkt. 10c, ½ Pt. 20c, Pt. 35c, Qt. 65c, 2 Qts. $1.25, 4 Qts. $2.25, Pkt. $1.50, Bu. $6.00.

1217. Low's Champion Bush Beans. Large, long, tender, stringless pods, delicious. Pkt. 10c, Pt. 25c, Qt. 35c, 2 Qts. $1.25, 4 Qts. $2.25, Pkt. $1.50.

1011. Henderson's Bountiful Bear. A prolific and continuous bearer. The first in Spring, the last in Fall. Stringless, delicious flavor. Pkt. 10c, Pt. 25c, Qt. 35c, 2 Qts. $1.25, 4 Qts. $2.25, Pkt. $1.50.

1013. Longfellow Green Potted Bush Beans. Long, round, green pods, exceedingly prolific, always solid. Remarkably early. Pkt. 10c, Pt. 25c, Qt. 40c, 2 Qts. $1.25, 4 Qts. $2.25, Pkt. $1.50.

1017. Extra Long Yellow, Six Weeks. Pods flat and green; a leading market sort. Pkt. 10c, Pt. 25c, Qt. 35c, 2 Qts. $1.25, 4 Qts. $2.25, Pkt. $1.00.

1023. Broad Windsor Beans. The large and best. Pkt. 10c, Pt. 25c, Qt. 35c, 2 Qts. $1.25, 4 Qts. $2.25, Pkt. $1.00.

1181. White Navy or Pea Beans. Pkt. 10c, Pt. 25c, Qt. 35c, 2 Qts. $1.25, 4 Qts. $2.25, Pkt. $1.00.
Wax Pod Bush Beans

Parcel Post Rates, see Page 3

10c each, postpaid

1031. New Pearl Wax Beans. A distinct, enormously prolific and prodigious growing Wax Bean. Every grower should try it. It will soon become a popular and lucrative variety to grow. Will not rot in the wettest kind of weather. (Specialty, see page 20.) Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.35. 4 Quats. $2.50. Ph. $4.75.

1032. Round Podded Kidney Wax Bean. (Brittle Wax.) This handsome wax-podded Bean is an improved Wardwell’s Kidney Wax, besides having that popular variety’s luxuriant growth, it is entirely stringless. The pods are long, straight and extremely handsome. It is an exceedingly heavy bearer, and is fully as early in maturing as the Wardwell’s Kidney. One of the earliest. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.25. Ph. $4.50.

1033. Currie’s Rust-Proof Wax Bean. One of the handsomest and most productive flat waxed beans ever grown. The vines are vigorous, strong and yield enormous quantities of large, handsome, flat, meaty pods, borne well up from the ground and has not shown any disposition to rot, no matter where grown. Much earlier than the Valentine. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.25. Ph. $4.50.

1019. New Hudson Wax Beans. A very sturdy grower, prolific; free from rust and blight. Vigorous plants are loaded with long, handsome, straight pods, averaging 7 inches in length; color of a clean, light yellow. When picked young they are strikingly handsome. The pods are stringless and of extra fine quality. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.50. Ph. $4.75.

1021. New Davis Kidney Wax. The King of Flat Wax Beans. A beautiful form, handsome long pods, attractive color, luscious flavor, prolific yielder, rust-proof, excellent shipper, making this Green Bean a perfect success. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.50. Ph. $4.75.

1034. Wardwell’s Kidney Wax. Early, long, flat, pure wax pods. It is hardy, both pods and plants are robust and healthy and it is a heavy yielder. It is a remarkable shipper. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.40. 4 Quats. $2.50. Ph. $5.00.

1022. Wax Beans. Yellow in color; an early variety and very prolific, seed light tan color. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.25. Ph. $4.50.

One Qt. to 150 Hills 10 to 12 Qts. to the acre

Boligiano’s “New Pearl” Wax Beans

We supply Pockets of Lima Beans at 5c and 10c each, postpaid

Culture. Selected land that is especially rich, well supplied with vegetable fiber, and where the land is warmed in winter. Make the rows 2 feet apart and give to each plant 6 inches space in the row. A top dressing of poultry manure, ashes or some good fertilizer or some good compost around the plants will be of much benefit in hastening maturity and increasing the yield.

1035. Boligiano’s Extremely Early Bush Lima Beans. This wonderful new Lima is the earliest, largest and best of all Bush Lima Beans. (Specialty, see page 21.) Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $1.50. Ph. $10.00.

1016. Bush Lima Beans. Prosperous, stringless, skin thick and rich in flavor. The pods and beans are twice the size of Deerer Bush Lima. (Specialty, see page 21.) Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $1.50. Ph. $10.00.

1036. Deere’s Wonder Bush Lima Beans. It is a fine strain of neat dwarf growth, producing pods a week earlier than the regular stock Bush Lima. The plants are perfect from the start and beans are large. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $1.50. Ph. $10.00.

1037. Deere’s New Wonder Bush Lima Beans. It is a neat strain of dwarf growth, producing pods a week earlier than the regular stock Bush Lima. The plants are perfect from the start and beans are large. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $1.50. Ph. $10.00.

1038. Burpee’s “Improved” Bush Lima. Pods and beans are extremely large. Plant grows more erect than Burpee’s and is more productive. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $1.50. Ph. $10.00.

1039. Burpee’s “Improved” Bush Lima Pods. Plants of terrific growth, producing more lima beans than the ordinary variety; every lima pod is filled with large, thick pods, which are identical in size and luscious flavor to the well-known large Lima Beans. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $1.50. Ph. $10.00.

1040. Deere’s Dwarf Bush Lima Beans. This Bush Lima produces pods of great abundance, 185 having been counted on a single plant. The Beans grow close together, sometimes 3 in a pod and very thick; very sweet and succulent. Pkt. 25c., Qt. 45c., 2 Quats. 80c. 4 Quats. $1.50. Ph. $2.75.

1041. Henderson’s Dwarf Bush Lima Beans. Producing Beans of smaller size, is very productive and extremely delicious. Pkt. 25c., Qt. 45c., 2 Quats. 80c. 4 Quats. $1.50. Ph. $2.10.

1 Qt. to 150 Hills 10 to 20 Qts. to the acre

1042. Lazy Wife or White Pole Cherry Beans. The pods of medium, dark green color, are produced in great abundance and measure 1½ to 6 inches in length; are broad, thick, very fleshy and entirely stringless. They retain their rich, tender and stringless qualities until nearly ripe. Each pod contains 6 to 8 round white beans which make excellent Winter Shell Beans. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.40. 4 Quats. $2.00. Ph. $4.00.

1043. Point Market Profilic Pole Beans. A very productive and delicious Stringless Pole Bean. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.25.

1044. White Creaseback or Best of All. A hardy lima Stringless Pole Bean. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.25.

1045. Improved Kentucky Wonder. (Improved Kentucky Wonder.) An extremely productive, stringless, Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. $1.25. 4 Quats. $2.25. Ph. $4.00.

1046. Horticultural Pole, Cranberry or Wren’s Egg. This is the popular pole cherry bean, producing many pods, well filled with large, thick, rich luscious lima beans, which are identical in size and luscious flavor to the well-known large Lima Beans. Pkt. 25c., Qt. 45c., 2 Quats. 80c. 4 Quats. $1.50. Ph. $2.75.

1047. Red Speckled, Cut Short, or Corn Hill. An old variety, very popular for planting among Corn and will give a good crop without poles. Vines medium, not twisting tightly, pods large, thicker than usual, and fill well. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. 80c. 4 Quats. $1.50. Ph. $2.75.

1048. Dutch Cakesnake. Early, long, green, flat pods, white seed. Pkt. 10c, ½ Pk. 20c, Pt. 35c., Qt. 65c., 2 Quats. 80c. 4 Quats. $1.50. Ph. $2.75.

Burpee’s “Large” Bush Lima Bean

Page 37

Boligiano’s “Big Crop” Vegetable Seeds for 1917
Early Leavenworth Pole Lima Beans. This is at least one week earlier than any other Pole Lima, and fully two weeks earlier than most. Earliness is often obtained at the sacrifice of other features, but in this variety we claim superiority not only in this respect, but in size of bean and pod and enormous productivity. Pkt. 10c. Qt. 20c. Qt. 30c. 4 Qts. $1.10. Pl. $2.25. Bu. $9.00.

1042. **Sebrell's Early Lima.** Pods long, thin and easily open. The beans are very large and tender and delicious. Pkt. 20c. Qt. 30c. 4 Qts. $1.10. Bu. $2.25. Bu. $9.00.

1043. **Jersey Early Lima.** It is 10 days to 2 weeks earlier than any other Pole Lima, except the Leavenworth. The beans are exceptionally tender and delicious. Pkt. 20c. Qt. 30c. 4 Qts. $1.10. Pl. $2.25. Bu. $9.00.

1044. **Carolina or Sieben Beans.** Very early and productive. Pkt. 20c. Qt. 30c. 4 Qts. $1.10. Pl. $2.25. Bu. $9.00.

1045. **Early Mammoth Extra Large Lima Beans.** Its pods are large in size, containing from 5 to 8 Beans. They are unsurpassed in quality and productivity. Pkt. 20c. Qt. 30c. 4 Qts. $1.10. Pl. $2.25. Bu. $9.00.

1046. **Carpenteria Pole Lima.** One of the longest podded and heaviest croppers of all Lima. Pkt. 10c. Pt. 20c. Qt. 30c. 4 Qts. $1.15. Pl. $2.00. Bu. $8.00.

1047. **Improved Pole Lima.** Very early, wonderfully productive. Pkt. 2c. Qt. 35c. 4 Qts. $1.25. Pl. $2.25. Bu. $8.50.

1052. **Giant Emerald Isle, Bolgiano's New Pole Lima Bean.** This wonderful bean is in the largest podded, and the heaviest cropper of all Limas. It grows green, dries green, stays green. Special price $2.80. Pkt. 25c. Qt. 45c. 4 Qts. $1.35. Pl. $2.45. Bu. $9.00.

**1053. Early Leavenworth Pole Lima Bean.** This sort is at least one week earlier than any other Pole Lima. It is very early and fully two weeks earlier than most. Earliness is often obtained at the sacrifice of other features, but in this variety we claim superiority not only in this respect, but in size of bean and pod and enormous productivity. Pkt. 10c. Pt. 20c. Qt. 30c. 4 Qts. $1.10. Pl. $2.20. Bu. $8.70.

1054. **Drer's Improved Pole or Challenger Lima.** Out-yields any Lima Bean ever offered. Each pod contains from 2 to 6 delicious Beans, so compactly placed that they make indentations in each other. Pods are produced on the vines in great clusters. The yield is continuous and abundant. Pkt. 20c. Qt. 35c. 4 Qts. $1.15. Pl. $2.10. Bu. $8.00.

1055. **Hosmer's Improved Pole Lima.** Very early, wonderfully productive. Pkt. 2c. Qt. 35c. 4 Qts. $1.25. Pl. $2.25. Bu. $8.50.

1056. **Sebrell's Early Lima.** Pods long, thin and easily open. The beans are very large and tender and delicious. Pkt. 20c. Qt. 30c. 4 Qts. $1.10. Bu. $2.25. Bu. $9.00.

1085. **Jersey Extra Early Lima.** It is 10 days to 2 weeks earlier than any other Pole Lima, except the Leavenworth. The beans are exceptionally tender and delicious. Pkt. 20c. Qt. 30c. 4 Qts. $1.10. Bu. $2.25. Bu. $9.00.

1091. **Early Lima.** Large white bean; very tender, equally good in Winter if soaked 10 hours before cooking. Pkt. 20c. Qt. 30c. 4 Qts. $1.10. Pl. $2.20. Bu. $8.70.

Pkt. Oz. and ½ Lb. Delivered Free #3crate

---

**Beet**

**Betterate**

**Bolghiano's Deep Blood Beet.** The most popular market gardeners’ Beet ever offered. (Special price see page 22.) Pkt. 5c and 10c. Oz. 15c. ½ Lb. 15c. ¼ Lb. 25c. 1 Lb. 50c. Bu. $1.25. Postpaid.

1029. **Botford’s Improved Early Spring Beet.** A splendid new variety, especially adapted for market gardeners, being suited for forcing under glass and for open ground culture. For home garden this Beet will be found desirable, as it retains its freshness and high quality without becoming tough. Pkt. 10c. Oz. 15c. 2 OZS. 25c. ½ Lb. 40c. ¼ Lb. 2.65. Bu. $1.25. Postpaid.

1048. **Bolghiano's New Early Beet.** (Specialty, see page 22.) A splendid new beet, especially suited for market gardeners, being suited for forcing under glass and for open ground culture. For home garden this Beet will be found desirable, as it retains its freshness and high quality without becoming tough. Pkt. 10c. Oz. 15c. 2 OZS. 25c. ½ Lb. 40c. ¼ Lb. 2.65. Bu. $1.25. Postpaid.

1072. **Improved Early Red Flat Egyptian Beet.** An improvement on the Early Red Egyptian, being more easily, but of more desirable shape, color and quality. It is very sweet and tender; a most valuable sort for early market, as it is ready for use any beet of equal quality. Pkt. 5c and 10c. Oz. 15c. ½ Lb. 30c. Bu. $1.00.

1075. **New Crimson Globe Beet.** This is one of the best bunching Beets yet introduced. A handsome variety of medium size, almost globe shaped and entirely free from rootlets; a grand second early or main crop sort. The roots are of medium size. Beets average 10 inches in circumference, very handsome in shape, being a little deeper than the Old Scarlet Egyptian, and with a remarkably smooth surface. The foliage is small and of a rich bronze purple, borne on slender stems which occupy but a small portion of the root. **Fles.** A rich red blood, slightly red or slightly crimson. **R.** Bright crimson. **S.** Deep crimson. **O.** 1 Oz. 15c. ½ Lb. 30c. Bu. $1.00.

1107. **Early Red Turnip Beet, New Improved.** It is early, smooth, does not grow large, has few roots. It does not become stringy, matures a medium size, deep crimson. **B.** Improved beet of decided uniform type. Pkt. 5c and 10c. Oz. 15c. 2 OZS. 25c. ½ Lb. 30c. Bu. 75c. 1 Lb. 75c.

1108. **Bornier’s Early Red Flat Egyptian Beet.** The Easter Egg Beet is one of the most popular varieties among market gardeners for forcing purposes. Justly or unjustly it is considered to be the earliest of all. It certainly will bear close comparison in size, shape and color with the best beet grown in a glass or in a warm garden in early Spring. It is round-shaped, and when young is crisp and tender. In color it is dark red. To gardeners a preference for Egyptian we offer the best strain of seed now on the market. Pkt. 5c and 10c. Oz. 15c. ½ Lb. 30c. Bu. 75c.

1109. **Early Leafy Egyptian.** None better for an early general crop than the Early Egyptian; handsome shape and does not crack open. This crop commands a good market all the season. Pkt. 5c and 10c. Oz. 15c. ½ Lb. 30c. Bu. 75c.
Mangel Wurzel

Culture. Sow 5 pounds to the acre in April or June, in rows 3 feet apart, and thin to 9 inches in the row. Cultivate frequently with hoe and you will have an abundant crop of roots for Winter use.

Beets—Continued

13 Lentz Extra Early Beet. Color a deep, blood red, tender and sweet at all stages of its growth. Has small size and can be stored six weeks from sowing. Very productive, a splendid keeper and shipper. Pkts. 5c and 10c. Oz. 10c. 2 ozs. 15c. 1/4 lb. 25c. 1/2 lb. 50c.

356. Nutting’s Early Gem Beet. Extremely early, light-colored top, flesh beautifully zoned light red. Very productive, a splendid keeper and shipper. Pkts. 5c and 10c. Oz. 10c. 2 ozs. 15c. 1/4 lb. 25c. 1/2 lb. 50c.

533. Bassano Extra Early Flat. A very early, tender variety of Beet. It has alternate rings of red and white colors, regularly arranged. Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 25c. 1/2 lb. 50c. 1 lb. 100c.

357. Burpee’s Black Red Ball Dark Leaf Beet. Extremely dark red in color of both foliage and flesh, deliciously sweet in flavor. Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 25c. 1/2 lb. 50c. 1 lb. 100c.

15. Long Smooth Blood Turnip. An old time favorite in the South. Has long, smooth, blood-red roots, going well down into the soil, enabling it to resist drought and heat. Fresh very tender and sweet. Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 25c. 1/2 lb. 50c.

165. Lucullus. The New Swiss Chard or Spinach Beet, but can be served both as Asparagus and as Spinach. Delicious. (Specialty, see page 22.) Pkts. 5c and 10c. Oz. 15c. 1/4 lb. 40c. 1/2 lb. 85c.

341. Swiss Chard or Silver Beet. Grown exclusively for the foliage which, cooked, makes most delicious greens. Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 25c. 1/2 lb. 75c.

Sugar Beets

For Stock Feeding

Culture. Sow and cultivate same as Mangel except that they should be thinned out 6 to 8 inches in the row.

1155. Giant Feeding Sugar Beet or Half Sugar Mangel. This magnificent Sugar Beet, while giving nearly as large a yield of easily grown and harvested roots as a crop of Mangels, supplies a food of very much higher nutritive value, the roots for feeding purposes being really more valuable, pound for pound, than those of the very best strains of Sugar Beet, and the yield under equally favorable conditions being more than double. The roots grow partly out of the ground and because of this and their shape, the crop can be harvested and stored at less expense than any other root crop. We are certain that every one who plants this variety and grows it with care will be much pleased with the crop. Every farmer should try it. Pkt. 5c. Oz. 10c. 1/4 lb. 20c. 1/2 lb. 40c.

1291. Klein - Wanzle Benner Elite. This variety at the present time has probably a wider cultiva-tion than any other Sugar Beet. It may be distinguished by its brighter color and its lighter colored leaves, which are beautiful and undulating and scalled around the edges; while not, as a rule, equal to the Vil-morin in Saccharine richness, it is considerably more productive. Pkt. 5c. Oz. 10c. 1/4 lb. 20c. 1/2 lb. 40c. 1 lb. 80c.

360. Lane’s Improved Sugar. An American variety and the best stock-feeding beet known. It is not so sweet as the French Sugar Beets grown especially for sugar making, but the roots are longer and finer grained, very sweet. Pkt. 5c. Oz. 10c. 1/4 lb. 15c. 1/2 lb. 40c.

Deep Blood Beauty Beet Very Satisfactory

On June 15, 1916, Mr. M. H. Tripp, of Jasper Co., S. C., wrote: “The Deep Blood Beauty Beet Seed bought of you were very satisfactory. Planted in September and ate tender, sweet beets until March. Had a few seeds left, which I planted April 1st and started eating May 27th. I find that they mature quickly and are very sweet, remain tender and have a nice appearance.”

Will Plant Ke Other but Deep Blood Beauty

On October 7, 1916, Mrs. Luther C. Biere, of Richmond Co., S. C., wrote: “In regard to Bolgian’s Deep Blood Beauty Beet, would like to say that we like this Beet so well that we have planted no other for several years. Am sending an order for some more seed now.”
Cabbage

Bolgiano’s High-Bred American-Grown Cabbage Seed Will Produce the Best Crop You Have Ever Grown

No vegetable is of greater importance to the market gardener than the Cabbage, and to many growers the success or failure of this crop means gain or loss for the year. Cabbage seed, therefore, is the last seed in the list to buy because it is cheap. Much of the seed sold at a low price is imported from European countries where, owing to the climate, it produces large quantities of seed; but it is practically worthless in America. We exercise exceptional care in growing and selecting our Cabbage seed. It is all high-bred American-grown, except such varieties as should be grown abroad to get the best results, such as the Danish Ball Head.

Culture. Soil for Cabbage should be rich and heavy loam, with good drainage. On such a soil, with an abundance of stable manure, excellent crops are sure to be grown. For early Spring sow in Fall, not too early, or the plants are liable to bolt in the Spring, instead of heading. In a month the plants will be fit to transplant to cold frames where they are wintered, taking care in planting to set the young plants down to the first leaves. Transplant in Spring as soon as the ground can be worked, setting the plants 2 feet apart one way and from 12 to 18 inches the other, according to the variety. For late or Winter crops, the seed is sown in May, and the plants set out in July. In this case they are set in rows 2 by 8 feet, so as to work them with a horse and cultivator.

Extra Early Cabbage

25. Big Winner Wakefield. (Specialty, page 23). We introduced this remarkable Cabbage eight years ago. It met with a hearty response from everyone who grew it. Every year we receive a great many letters of praise and congratulations regarding the Big Winner Wakefield Cabbage. No other Cabbage of which we have knowledge has aroused such enthusiasm among Cabbage growers as has our Big Winner Wakefield. It has the same general characteristics of other Wakefield Cabbages, the heads being coated with a rounded or blunt point. It is, however, superior to other strains of Wakefield Cabbage, being nearly double the size and better quality, and at the same time is fully as early. It has few outer leaves, permitting close planting, so that more heads can be grown to the acre than with other sorts. Large Pkts. 5c and 10c. 1/2 oz. 20c. Oz. 30c. 2 ozs. 50c. 1/4 lb. 60c. Lb. $1.50.

27. Early Early Express. (Specialty, page 23). This, the earliest of all Cabbage, has produced marketable heads in 80 days from the sowing of the seed. It can be planted close and yields large, early, productive crops. Pkts. 10c. Oz. 20c. 2 ozs. 35c. 1/4 lb. 60c. Lb. $2.00.

28. Extra Early Jersey Wakefield. American-Grown—An excellent, early sort. Heads formed like a Wakefield, but ten days earlier; habit vigorous, short stem and most profitable to grow. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 35c. 1/4 lb. 60c. Lb. $2.00.

29. Extra Early Pilot Cabbage. American-Grown. The same as the Extra Early Jersey Wakefield. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 60c. Lb. $2.00.

30. Early Jersey Wakefield Cabbage. Bolgiano’s Selected Stock. True Type. The most popular early Cabbage with market gardeners all over the country. It is grown in vast quantities for shipment to Northern cities. Unexcelled for size, solidly, earliness, uniformity and true quality, is the universal verdict of Cabbage growers. Our stock of Wakefield is the earliest in cultivation. Every cabbage grower should use our Wakefield. Our seed is ordered by large Cabbage growers long in advance of the time of sowing seed in order to secure our fine stock, which has never failed to produce satisfactory crops. Our seed is used in all the States where early Cabbage is grown. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 60c. Lb. $2.00.

31. The Charleston or Large Wakefield Cabbage

32. The Charleston or Large Wakefield. The Best Large, Early Cabbage. This Cabbage has created a sensation with the Cabbage growers all over the country on account of the decided advantage it has over other sorts. It can be the FIRST VARIETY SENT TO MARKET, and on account of its handsome appearance will invariably bring the tip-top prices. If, however, the early market prices are low, it can be safely left standing in the field to mature to an extra large, compact, solid, magnificent Cabbage, which has never failed to attract the admiration of the most skilled gardeners, and always brings better prices than any other sort harvested at the same time. Our stock is thoroughly reliable. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 60c. Lb. $2.00.

33. Copenhagen Market. New Early Danish Cabbage. (Specialty, see page 23). An early as Charleston Wakefield. This new Cabbage is very heavy and solid, like the Danish "Ball Head" type of Cabbage; makes a fine, large, globe-shaped head with well-developed outside leaves, but is very much earlier in maturing than any of the Danish Cabbages, and makes very fine first-season, early Cabbage, coming in about two weeks later than the "Early Jersey Wakefield." The heads weigh 14 to 16 pounds each. The seed is very scarce this year. Pkts. 10c. 1/4 oz. 20c. Oz. 30c. 2 ozs. 50c. 1/4 lb. 60c. Lb. $3.00.

34. Early Large York. This is a very valuable, early variety and follows the Express and Jersey Wakefield in heading. The heads are round, heart-shaped and firm. Its dwarf growth will permit them being planted closely together. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. Lb. $1.75.

35. Early Winnigstadt—The Prussian Prize Stock. The popularity of Winnigstadt Cabbage in all sections of the world is proverbial, but there is a great difference in the quality of the stocks. Some will produce heads of twice the size of others; the finest is grown in Northern Prussia. It is from this section that our famous stock was introduced a few years ago. It has become exceedingly popular with our market gardeners. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. Lb. $1.75.
Cabbage

Second Early Varieties

We Post Payage On All Cabbage Seed—Everywhere

104. Bolgiano’s “Early” Square Deal” Cabbage. The Best on Earth. (Specially, see page 93.) The heads are solid and compact with very few outer leaves. For a line, solid, tender, uniform, early, flat Cabbage, Bolgiano’s “New Square Deal” Cabbage challenges the world. The demand for a Cabbage of this character led us by the most rigid and careful selection during the past five years to mature this Cabbage, which we can assure will give all our friends and customers a “Square Deal” every time. Pkt. 10c., 1 O., 20c., 0z., 0c. 2 Oz. 50c., 1 lb. 90c., 1/2 lb. $1.75. 1 lb. $3.50.

105. Bolgiano’s “New Early” Cabbage. It forms solid, compact, round, flat heads, the leaves growing close to the head, thus allowing the outer leaves to be grown to the edge of any other variety. Its earliness (a week before other late varieties) is one of its most marketable features. It heads so hard and so quick it becomes waterproof. Pkt. 5c. and 10c., 1/2 lb. 95c., 1 lb. 89c. $2.50.

36. Florida Header Cabbage. In color, shape and size the heads are most uniform. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

37. All Head Early Cabbage. For uniformity, reliability of heading, size, earliness and quality it is very superior. Its heads grow compact and free from spreading leaves. Pkt. 5c. and 10c., 1/2 lb. 95c., 1 lb. 89c. $2.00.

185. Brunswick, Fottler’s Cabbage. In this variety the Brunswick is considered second to none by the market gardeners. Plants are very short-stemmed; large leaves and very compact. Heads are large, flat, solid, and of fine quality. Pkt. 5c. and 10c., 1/2 lb. 95c., 1 lb. 89c. $2.00.

38. Henderson’s Early Summer Cabbage. In size, form, solidity and earliness this is truly a model Cabbage. It heads just after our Jersey Wakefield. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

39. Long Island, Early, Flat Dutch Cabbage. The heads are large and solid and mature very early—just after the select Jersey Wakefield, and may be marketed at the same time with the Wakefield. In every respect it is a Cabbage worthy of cultivation. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

40. Early, Short Stem, Drumhead Cabbage Seed. It is ready for marketing 2 or 3 weeks earlier than the late Drumheads, forms large, solid, rounded heads weighing from 15 to 25 pounds. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

41. Henderson’s Early Succession Cabbage. A wonderful Cabbage for solid, uniform heads. It is one of the purest and truest Cabbage ever bred. Produces very large, shaggy, solid heads. It is crisp, fine grained and of delicious flavor. An excellent shipper. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

50. Bolgiano’s Perfection Drumhead Savoy Cabbage. Surpasses all varieties of Savoy Cabbage for uniformity of heads, beauty of curl and superior keeping qualities. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $1.75.

49. Mammoth Red Dutch. The largest Red Cabbage, and heads very solid and is deep red in color to the very core. No Cabbage is better for boiling or stew, and its beautiful red color especially suits it for pickling. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

37. Volga. One of the earliest, main crop cabbage of superior quality. Round head, short stem, compact growth; exceptionally hard and a good keeper. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

37z. All Seasons. An “all-season” variety, equally good for Fall and Winter as for Summer use. The heads are large, solid, round, flattened on top, and of best quality. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

39a. Pe-Tsai Chinese or Collery Cabbage. (Specially, see page 23.) Improved Chinese Cabbage. This vegetable is new to the public although old to the Horticulturists. Plant in July. In drills 16 to 20 inches apart and the seedlings thinned two or three times. Profitable both as a shipping and market Cabbage. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

45. The Lupton Cabbage. Is a splendid late sort, heading after the second early sorts, and sooner than the Late Flat Dutch. It is particularly uniform in shape and size, holds its dark green color better than the late sorts. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

46. Premium Flat Dutch. It has long been the favorite sort for cold slow and sauerkraut. It matures just before severe frost and keeps perfectly. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

47. Large, Late, Drumhead Cabbage. This splendid Cabbage produces enormous heads. Its good keeping quality makes it a first-class sort to carry over Winter for long distance shipping. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

48. Henderson’s Autumn King Cabbage. It is from 3 to 3½ feet in circumference, and weighs from 25 to 30 pounds each. Interior crisp, close, fine-grained, tender and white. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

49. Danish Ball Head Cabbage. This is the most excellent Cabbage, it is solid and outshines any other Cabbage of equal size. The head is round with flattened top; a good keeper; first-class shipper and sells everywhere. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. $2.00.

Brussels Sprouts

Culture. Now in May, in the same manner as Cauliflower, and transplant in July, 1 foot apart in rows 1½ feet apart. Brussels Sprouts is the very best Winter vegetable that can be grown. It is hardy as the common Curled Greens. When cooked through, such sprouts melt in the mouth like the tenderest Cauliflower, and are equally as good. If more widely known, Brussels Sprouts would be as popular as it is valuable.

23. Georgia Southern, or Creole. Forms a large, loose, open headed, or a mass of leaves on a tall stem. Freezing does not injure, but rather improves their quality. Now thick in drills, in rich ground, transplanting when 4 inches high, or save in drills where the plants are to remain and thin to 2 or 3 feet apart in the rows when of proper size. In the South sow from January to May, and August to October. Pkt. 5c. and 10c., 1/2 lb. 60c., 1 lb. 90c., 1½ lb. $1.75.

Collards

23. Georgia Southern, or Creole. Forms a large, loose, open headed, or a mass of leaves on a tall stem. Freezing does not injure, but rather improves their quality.
Cauliflower

**Cauliflower**

***Croc-Fleur***

**Blumenkohl**

**Culture.** For earliest Cauliflower, Sow in hotbeds or greenhouse during January or February, and transplant to flats or cold frames, 2 or 3 inches apart each way. Set in open ground as soon as Spring and the land can be put in good order. Soil to be a warm, very rich, fibrous loam, well supplied with humus and moisture. Copious water application during dry weather, especially when the plants are heading, and light dressing of nitrate of soda and potash are of much help. Set plants 2 to 2½ feet apart each way. For late Cauliflower to mature during pickling season (August 15 to October 10) start plants in open ground like late Cabbage, and handle them like that crop. After the heads begin to form, draw leaves over and pin or tie them together to protect the head from the sun.

---

**Carrots**

**Carrots**

**Cultivate.** Carrots do best in warm, deep, rather light and fairly fertile soil that is well supplied with humus, or on sandy loam. For earliest crop, sow seed of the early, short-rooted sorts in April, in drills a foot apart and thin to 2 inches. For main crop, sow in May or June, or for succession even in July, using the long-rooted varieties. The rows of these may be 4 to 6 inches apart. Plant from the 14th to 20th of May. The last of May and early June is the best time for early seeds.

**Early Sunbeam.** Bolgiano's New, Extremely Early Carrot. This beautiful, delicious, exceptionally early forcing Carrot comes at the time of the year when new vegetables are most appreciated and enjoyed. Be sure to plant some.

**Plants:***
- 8. Klendike or Coreless Carrot
- 10. Scarlet Beauty Carrot
- 14. Early OX-Heart Carrot
- 35. Parisian Forcing Extremely Early Carrot
- 50. Half-Long Orange Carrot

**Culture.** Carrots do best in warm, deep, rather light and fairly fertile soil that is well supplied with humus, or on sandy loam. For earliest crop, sow seed of the early, short-rooted sorts in April, in drills a foot apart and thin to 2 inches. For main crop, sow in May or June, or for succession even in July, using the long-rooted varieties. The rows of these may be 4 to 6 inches apart. Plant from the 14th to 20th of May. The last of May and early June is the best time for early seeds.
Celery

Culture. One ounce will produce about twenty-five hundred plants and sow about two hundred feet of rows. Sow the last of March or early in April, in an open border, in rich mellow ground in shallow drills, watered freely in dry weather. By rolling or pressing in the seed, the result will be more satisfactory than when only covered. Cut the tops off once or twice before planting out, to make them stocky. When the plants are 5 or 6 inches high, transplant the dwarf varieties 3 feet, and the taller sort 4 feet between the rows. Cultivate well and when large enough, branch by earthing up. The first operation is that of "handing," generally done by the beginning of September. When the soil has been drawn up with the hoe, it is drawn around each plant by hand to keep the leaves firm in upright position and prevent spreading. When plants have become "set" in an upright position and the Celery is wanted for early use, they should be "hanked." This is done by throwing the soil up as close to the plants as possible with a plow and finishing it with a spade, bringing the earth nearly up to the tops of the plants. The method employed is necessary now for protecting the tops of the plants by waterproof felt paper.

Bolgiano's French Golden Self-Blanching Celery

It is used exclusively by the Largest and Most Experienced Celery Growers and annually produces Enormous Profits. This is the finest stock in the world. Shipment better than any other.

While you can readily afford to try any new stock of this most valuable Celery, you cannot afford to let this year go by without growing some of it. We have positively refused to sell any Self-Blanching Celery seed except this stock. The Celery it produces will not only ship well but will bring the highest market prices in the market. A very careful inspection can be made by any commission man can get outside figures for it, and he will sell quickly all you can ship. Try our stock; YOUR PRICES will be lower than ours; PERFORM, solid, crisp, vigorous stalks; thrifty, compact growth, self-blanching to a very remarkable degree; even the rinds become a handsome, fresh, clear, yellowish-white color; with a heart that is large and solid, of a beautiful rich, golden-yellow color. It never becomes stringy or pithy. To fully appreciate its beauty and attractions, it must be seen. Many customers place their orders with us six months before planting time in order to be sure of this stock of seed. (Specialty, see page 17.)

Bolgiano's New Victory Celery

18. New Victory Solid French Celery. The Very Best Winter Keeping Celery. (Specialty, see page 17.) Pkts. 5c and 10c. 1 oz. 20c. 2 oz. 50c. ¼ lb. 1$7.50. ½ lb. $1.75. Postpaid.

75. New Winter Queen Celery. (Pedigree Stock.) A good keeper and a valuable turnover. This Celery is perfectly crisp, solid, mild, and excellent flavor. Pkts. 5c and 10c. 1 oz. 20c. 2 oz. 50c. ¼ lb. 1$7.50. Postpaid.

79. Dwarf Golden Heart Celery. It is crisp, solid, handsome and most excellent flavor, with a beautiful Golden Heart. Pkts. 5c and 10c. 1 oz. 20c. 2 oz. 50c. ¼ lb. 1$7.50. Postpaid.

101. The Pearl Le Grand Celery. Keeps in perfect condition over Winter and after other sorts are gone. A large golden heart has a rich nutty flavor. Pkts. 5c and 10c. 1 oz. 20c. ¼ lb. 55c. Postpaid.

Cress

Cress—Bitter o Mustard—Kerfe. Culture. Sown under glass or pepper grass thickly in shallow drills, 5 or 6 inches apart and will continue to grow. It is useful for sale and for garnishing.

Bolgiano's Seed Are Good Enough For Him

Mr. E. M. Martin, of Tigpan Celery Farm, writes us fully: "We do not deal with any other seedmen but your firm. Your seeds are worth the claim you make on them."

Celeriac, or Turnip-Rooted Celery

Culture for Root Celery. Sow the seed at the same season and give the same treatment as Celery. Transplant the young plants to moist, rich soil in rows 2 feet apart and 6 inches apart in the rows.

139. Giant French Celery. There is not a single item of interest in the growing and developing of seeds that we pass by without most thoroughly investigating and testing to see if there is something of value our customers. To prove our watchfulness in introducing the Giant French Celery. Many thought the Celeriac which the Market Gardener's have for years was good enough, but we are the first to come out on the alert for something better and are rewarded for our pains by being able to offer this splendid Celeriac. Pkts. 5c and 10c. 1 oz. 25c. 2 oz. 40c. ¼ lb. 75c. ½ lb. $3.50. Postpaid.

155. Large, Smooth Prague Celeriac. New Giant French Celeriac used extensively for flavoring soups, pickles, etc.; also relished sliced as a salad with pepper and vinegar. It is also used to flavor chicken and potato salad. Pkts. 5c and 10c. 1 oz. 20c. 2 oz. 55c. ¼ lb. 60c. ½ lb. $2.00. Postpaid.
**Sweet or Sugar Corn**

**White Korn**

We supply packages of Sweet Corn of 5c and 10c each, Postpaid. One Quart will Plant 20 to 50 Hills; 8 to 12 Quarts for an average Hill. Sugar Corn, weight by Parcel Post: Qt. $1.00, 2 Qts. $2.25, 4 Qts. $4.50, 8 Qts. $8.00.

**Culture.** Seed of the sweetest varieties is liable to rot if planted in wet or cold ground. Yet if we have an early warm spell in Spring, superior results can often be obtained. Remove all volunteers at once, and strike the plants, when once up, will escape injury by a delayed light frost. Plant in warm soil and or 6 kernels to a hill, making the rows 3 feet apart for the dwarf or early sorts and 4 feet apart for the tall, regular varieties. Be sure to have 3 feet apart in the rows, thin out to three plants in hills. Fill hills flat and draw soil up to the stem, break off side shoots.

**Extra Early**

1054. **Double XX Extra Early Adams' Sweet Corn.** Two weeks earlier than Extra Early Adams', large ears completely filled with 10 to 14 straight rows of snowy white deep grains. Per ear 7c. Doz. ears 75c. 100 ears $1.50. Pt. 1qt. $1.25, 4 qt. 75c. Pk. $1.25. Bu. $1.50.

1052. **Adams' Extra Early.** A splendid early dwarf variety, short and stout. Per ear 7c. Doz. ears 75c. 100 ears $1.45. Pt. 1 qt. $1.00, 4 qt. 75c. Pk. $1.25. Bu. $1.50.

1053. **Second Early Adams'.** Ears larger and later than Adams' Extra Early. Per ear 7c. Doz. ears 75c. 100 ears $1.50. Pt. 1qt. 75c. 4 qt. 75c. Pk. $1.25. Bu. $1.50.

1056. **Gillespie's First Early Pataposco Neck Corn.** The very first Good Size Corn that can be brought to market. It is so hardy that it can readily be planted as soon as the ground is warm. Its development is fast, and from the day of its germination, hurry forward to meet the early demand for fresh corn, which is always very keen and causes this delicious, attractive and superior variety of Corn to bring a profitable price. Doz. ears 50c. 100 ears $1.40. Pt. 1 qt. 75c. 4 qt. 75c. Pk. $1.25. Bu. $1.50.

1058. **California Golden Country Gentleman Corn.** (Specialty, page 225). This is a wonderful Corn, for the New York and Boston markets. A splendid offering of Sugar Corn and the well-known "Country Gentleman" Sugar Corn. Could you possibly think of anything tastier than eating an ear of ear of corn and having two corncobs combined into one? Don't take chances of forgetting it—send in your order today certain. Pk. 10c. Pt. 40c. Qt. 75c. 4 qts. $1.10. 4 qts. $2.00. 8 qts. $3.50. Corn on ear 15c. 100 ears $3.00. Pt. 1 qt. $1.25. 4 qt. 75c. Pk. $1.25. Bu. $1.50.

1059. **Cory White Cob.** A selection from Red Cory, having white kernels and white cob. Pt. 25c. Qt. 15c. 4 qts. $1.50. Pt. $2.75. Bu. $10.00.

1060. **Evans' Giant.** Noted for its large and extreme earliness. Pt. 25c. Qt. 45c. 4 qts. $1.50. Pt. $2.75. Bu. $10.00.

1061. **Metropolitan.** Handsome, large ears. Pt. 20c. Qt. 30c. 4 qts. $1.00. Pt. $1.75. Bu. $6.50.

1062. **Bolgiano's New "Cream and Honey" Sweet Corn.** (Specialty, page 225). Extremely early, most delicious flavor, exceptionally fine quality. Should be tried by every wise and judicious gardener and home housewife where the "best" of everything is enjoyed. Per ear 15c. Doz. ears $1.75. Pt. 10c. Qt. 35c. 6 qts. $2.25. 4 qts. $2.50. Bu. $5.00.

1063. **Early "Butter-Nut" Sugar Corn.** (Specialty, page 235). New Variety, follows "Cream and Honey" Sugar Corn by four to seven days. A very desirable ear, long-stalked, productive. Stalks average forty-five to fifty white pearl grains. Stalks grow about five feet high and produce two fine heads of excellent quality. Per ear 15c. Doz. ears $1.75. Pt. 10c. Qt. 35c. 6 qts. $2.25. 4 qts. $2.50. Pt. $4.00. Bu. $10.00.

1064. **65-Day White Cob Corn.** This Extremely Early Corn looks like Sweet Corn, but is from 5 to 7 days earlier than any other Sugar Corn in existence. It is superior to many leading early varieties in quality, size and yield. Can be planted as early as Adams' for the young market. Pt. 15c. Qt. 45c. 4 qts. $1.50. Pt. $2.75. Bu. $10.00.

**General Crop**

1065. **Snow White Evergreen Sugar Corn.** (Specialty, page 225) Per ear 15c. Doz. ears $1.75. Pt. 10c. Qt. 35c. 6 qts. $2.50. 4 qts. $2.50. Bu. $5.00.

1066. **Stowell's Evergreen.** The true strain of the leader of all Corns is in our possession. It remains longer in a first-class marketable condition than any other variety. Per ear 15c. Doz. ears $1.75. Pt. 35c. Qt. 65c. 4 qts. $2.50. Bu. $5.00.

1067. **Stowell's Evergreen.** The true strain of the leader of all Corns is in our possession. It remains longer in a first-class marketable condition than any other variety. Per ear 15c. Doz. ears $1.75. Pt. 35c. Qt. 65c. 4 qts. $2.50. Bu. $5.00.

1068. **Leonard's Narrow Grained Evergreen.** Ears are as large as the Stowell's Evergreen and average more rows to the ears, being of a very narrow grain. Ear 3c. 30c doz. $3.50 100. Pt. 10c. Pt. 35c. Qt. 65c. 2 qts. $2.25. 4 qts. $2.50. Bu. $5.00.

1069. **Shaker's Evergreen.** Large, early, large ears, excellent quality: fine market sort; follows the Minnesota. Pt. 15c. Qt. 25c. 4 qts. 75c. Pt. $1.25. Bu. $1.50.

1070. **Trucker's Favorite.** Not a sugar corn, but used largely in Barley and Oats mixture. Pt. 15c. Qt. 25c. 4 qts. 75c. Per ear 7c. Ears 75c. 100 ears $1.50. Pt. 15c. Qt. 25c. 4 qts. 75c. Pt. $1.25. Bu. $1.50.

**Late Crop**

1071. **Country Gentleman Sugar Corn.** (Specialty, page 225) Per ear 15c. Doz. ears $1.75. Pt. 10c. Pt. 35c. Qt. 65c. 4 qts. $2.50. Bu. $5.00.

1072. **Large Late Mammoth Sugar.** Per ear 12c. Doz. ears $1.25. Pt. 10c. Qt. 35c. 6 qts. $2.50. Bu. $5.00.

1073. **Black Mexican.** Per ear 10c. Doz. ears $1.00. 100 ears $5.00. Pt. 20c. Qt. 35c. 4 qts. $2.25. Pt. $2.25. Bu. $5.00.

1074. **Shoe Peg or No Plus Ultra.** Per ear 15c. Doz. ears $1.75. Pt. 35c. Qt. 65c. 4 qts. $2.50. Pt. $1.75. Bu. $5.00.

1075. **Rice Pop Corn for Fopping or Seed.** Per ear 10c. Qt. 20c. 4 qts. 50c. Bu. $3.00.
Culture. For very early, sow in hotbeds upon pieces of sod, or in small pots; they can be readily transplanted with a gain of about six weeks before they can be sown in the open. Plant out in rich soil when danger of frost is over, or protect by hand glasses; or by paper held down at the corners with earth. For several crops sow in the open as soon as the weather is settled and warm, Fourth of July. Seed laid, turned over in the fall. Is the best for the table and market. They are kept for two weeks every two years for a succession. For pickles sow from middle of June to September up to the 20th. Seed light, putning showy bush of well-potted manure in each hill.

88. **New Extra Long White Spine Cucumber, or Ford Hook Flowers.** Skin very deep green; flesh greenish white, firm and unusually crisp. The plant is large and of a deep green color. The fruit is long (12 to 17 inches), smooth, slim and uniform. Owing to its large, thick, heavy leaf, it withstands attack of insects. Its Northern origin insures hardness and vigor. Pkts. 5c and 10c. Oz. 15c. Two ozs. 25c. ½ lb. 55c. ¼ lb. 60c. 1 lb. $1.00.

89. **Improved Early White Spine.** Produces Cucumbers of finest form and most saleable size for shipping purposes; dark green color; a favorite with truckers and gardeners. Pkts. 5c. Oz. 10c. 2 ozs. 15c. ½ lb. 25c. ¼ lb. 30c. 1 lb. 75c.

90. **New Extra Early Evergreen, White Spine Cucumber.** Prolific dark green. Pkts. 5c. Oz. 10c. 2 ozs. 15c. ½ lb. 25c. ¼ lb. 40c. Lb. 75c.

91. **Chicago or Westerfield Pickling Cucumber.** Fine for Market Gardeners. Of uniform length, pointed at each end; extremely productive; very prolific. A fine pickling variety. Pkts. 5c. Oz. 10c. 2 ozs. 15c. ½ lb. 25c. ¼ lb. 40c. Lb. 75c.

92. **Fordhook Pickling.** A very prolific variety. Pkts. 5c and 10c. Oz. 15c. Two ozs. 25c. ½ lb. 35c. ¼ lb. 60c. Lb. $1.00.

93. **Bolgano’s New Prolific Pickling.** This plant is very early and continues to blossom and fruit until killed by frost; good pickler and shooter. Pkts. 5c. Oz. 10c. 2 ozs. 15c. ½ lb. 25c. ¼ lb. 40c.

87. **Thurber’s Everbearing.** Seeds fruit very early and continues to blossom and fruit until killed by frost; good pickler and shooter. Pkts. 5c. Oz. 10c. 2 ozs. 15c. ½ lb. 25c. ¼ lb. 40c.

86. **Improved Jersey Pickle.** It is medium in length, very shapely, prolific and holds its color. Pkts. 5c. Oz. 10c. 15c. ½ lb. 25c. ¼ lb. 35c.

85. **Improved Long Green.** Pkts. 5c. Oz. 10c. 15c. ½ lb. 25c. ¼ lb. 35c.

83. **Cool and Crisp.** This is the earliest and one of the most prolific pickling Cucumbers. The Cucumbers are of a dark color, straight, long, even and straight. The fruit is very tender and crisp. Pkts. 5c. Oz. 10c. 15c. ½ lb. 25c. ¼ lb. 35c.

84. **West India Sherkin.** This is the only genuine Sherkin. It is small, oval and covered with spines, color light green. Pkts. 5c. Oz. 10c. 15c. ½ lb. 35c. ¼ lb. 60c. Lb. $1.00. Postpaid.

85. **Wild Cucumber.** Quickly produces a very luxuriant climbing vine. A favorite with all. It is a good bearer and is often used for pickling. Pkts. 10c. Oz. 15c. 15c. ¼ lb. 35c. Lb. $1.00. Postpaid.

112. This exceptionally valuable new Kohl-Rabi will please everyone who has used the variety of the finest qualities. Round like an apple, sweet and tender, a fine, beautiful flavor. Pkts. 5c and 10c. Oz. 20c. ½ lb. 60c. Lb. $2.00.

132. **Purple Kohl-Rabi.** Very much appreciated by the best German Truckers and customers. Pkts. 5c and 10c. Oz. 20c. ½ lb. 60c. Lb. $2.00.

137. **Earliest White Vienna.** The standard well known variety most largely used, fine stock. Pkts. 5c and 10c. Oz. 20c. ½ lb. 60c. Lb. $2.00.
**Egg Plant**

**Culture.** Sow in hotbeds very early in Spring and transplant when 2 inches high into a second bed or into small pots. If it is not done, thin to 1 inch apart. Do not plant out until weather is perfectly settled and warm. Cool nights or wet weather will check them. Keep some back in frames for a second planting, in case of weather changing unexpectedly. Set out plants 3 feet by 3 feet.

99. **The Florida High Bush Egg Plant.** The earliest and best of all large fruited Egg Plants. (Specialty, see page 21.) Pkts. 5c and 10c. ½ Oz. 25c. Oz. 40c. 2 Oz. 75c. 1 Lb. $1.25. Lb. $3.60. Postpaid.

**Bollew's Improved Large Purple Egg Plant.** Perfect stock of improved Large Purple Egg Plant—purer, better, than has ever been offered before. It has a handsome shape, a fine, dark, purple color, beautiful form, large size, and is uniformly, making it attractive for shipping and market use. Pkts. 5c and 10c. ½ Oz. 25c. Oz. 40c. 1 Lb. $1.25. Lb. $4.00. Postpaid.

101. **New York Improved Egg Plant.** (Spinless.) A vigorous grower; fruit and leaves are from the same size as Egg Plant, but brings a high selling price, being of a rich green, flesh white and of a rich flavor. We can highly recommend this Egg Plant. Pkts. 5c and 10c. ½ Oz. 25c. Oz. 40c. 1 Lb. $1.25. Lb. $4.00. Postpaid.

104. **New Orleans Egg Plant.** Large, dark, purple or New Orleans Market. They are good shippers. Pkts. 5c and 10c. ½ Oz. 20c. Oz. 30c. 2 Oz. 60c. 1 Lb. $1.00. Lb. $3.50. Postpaid.

556. **New Jersey Improved Large Smooth Egg Plant.** Pkts. 5c and 10c. ½ Oz. 25c. Oz. 40c. 1 Lb. $1.25. Lb. $4.00. Page 9.

**Florida High Bush Extremely Prominent—Stand Drought.** On July 8, 1916, Mr. D. P. Hurry, of Colorado City, Texas, wrote: "The Florida High Bush Egg Plant Seed that I got from you is the best for Texas. We had a severe drought and after the seed came up, lasting six weeks. The plants grew right along, making high enormous bushes, and are now full of beautiful eggs and blooms. They beat any kind that I have ever tried here. They are perfect and are so prolific."

Always Failed Until Trying Bollew's Black Beauty

On September 8, 1916, Mr. Geo. H. Pelton, of Washington Co., Md., wrote: "I remember Bollew's Black Beauty. I wish to say that it is O.K. I have tried for several years to raise Egg Plants, but never until this year have I been able to raise them, but look out for this year. They must be some Egg Plants. They are still bearing although the weather is dry."

**Bollew's Black Beauty Beat Them All**

On November 6, Mr. H. Burgess, of Dunclay, Pa., Florida, writes as follows: "The Black Beauty Egg Plant Seed I got from you last December beat any kind I ever planted. Was earlier and more prolific."

---

**New York Improved Purple Egg Plant**

One Ounce Will Produce About 5,000 Plants

**Kale**

Chouvre Fiseh

Sauerkraut

Kraut

**Culture.** The Kale are more hardy than Cabbage, make excellent greens for Winter and Spring use, and are improved by frost. Sow from May to June, and cultivate the same as Cabbage. For early Spring use sow in September, October, and November, and protect during Winter. Some of the varieties are so hardy that the green leaves may be dug out from under the snow in Winter and be used for greens.

113. **Bore Cole or Kale.** Hardy Winter Spargel Kohl. The most soluble, delicious and tender of all Winter Kales. About Baltimore it is in seed, and transplanted like Cabbage to stand over Winter. It is taller than the extra dwarf varieties and when the leaves are stripped or fall off, new tender leaves quickly grow out. Then they are again stripped off and used for marketing. It will stand the coldest Winter. Besides being a delicious vegetable, it has always been exceptionally profitable crop, bringing money during the Winter months when most all vegetables are scarce. Pkts. 5c and 10c. ½ Oz. 20c. ½ Lb. 30c. Lb. $1.50. Postpaid.

112. **Extra Dwarf Green Curled Scotch, or Norfolk Kale.** One of the best Kales for Spring sowing in the North; the principal sort grown South for Northern markets; hardy, and will remain over Winter where temperature does not go below zero. Very dwarf and spreading, rarely exceeding 15 inches in height. Leaves are a bright green color, beautifully curled and produced in great abundance. Pkts. 5c and 10c. ½ Oz. 10c. ½ Lb. 20c. ½ Lb. 35c. Lb. 60c.

108. **New Imperial, Very Curly, Long Standing Kale.** Beautifully curled and crimped sort; strong, vigorous habit, perfectly hardy, bright green color very attractive in appearance; superior to all late sorts; will stand all winter storms, is productive, and a good shooting to seed than any other variety. Pkts. 5c. 5c. 10c, 1 c. 1 Lb. 15c. 1 Lb. 40c.

351. **Spring or Smooth Kale.** A hardy, quick growing, smooth leaved variety. The best for Spring sowing, but largely sown in the Fall, making greens earlier than the Winter varieties. Oz. 10c. 1 c. 1 Lb. 25c. 5 Lbs. $1.00.

109. **Curled German Kale.** Hardy; stands the frost of our severest Winters; grows rapidly, dwarf habit, beautifully curled. Pkts. 5c. 5c. 10c. ½ Lb. 15c. 1 Lb. 35c.

110. **Siberian Kale.** Pkts. 5c. 5c. 10c. ½ Lb. 15c. 1 Lb. 35c.

512. **New American, Extra Curled Long Standing Kale.** Of a beautiful green color. Pkts. 5c. 5c. 10c. ½ Lb. 15c. 1 Lb. 35c.

**Endive**

**Chicoree**

**Endivia**

**Culture.** Sow early in April in drills 1 foot apart and 3 inch deep. When plants are 6 to 8 inches high transplant in a deep, rich soil in rows 12 inches apart and 6 inches in the rows as deep as possible, so that the neck may be covered and blanched; draw the soil up to them as they grow.

Bollew's Famous Mammoth King Leek

114. This stock we have by years of selection built up until it has become to those who use it a pleasure to grow and a profit too. It has a handsome form, is very mild, agreeable in flavor, grows to double the size of ordinary varieties, is pure white, has an attractive, dark-colored leaf; stout in habit, and very hardy. The edible part is 8 to 10 inches long and 3 to 5 inches in diameter. It is without exception the largest and best Leek ever placed in the hands of the grower. Pkts. 5c and 10c. ½ Oz. 25c. 2 Oz. 45c. ½ Lb. 75c. Lb. $2.50.

546. **or Scotch Champion.** Very large, hardy and productive; popular for market. Pkts. 5c and 10c. ½ Oz. 20c. 2 Oz. 35c. 1 Lb. 75c. Extra Large American Flag, or Broad London. Distinct and dark-colored leaves; stout in habit and hardy. Pkts. 5c and 10c. ½ Oz. 15c. 1 Lb. 40c. Lb. $1.25.

Pleased in Cuba

On September 8th, Mr. H. W. Bane, of Terradura, Cuba, writes: "Seeds arrived in splendid shape. They are the nicest I ever saw any Egg Plant Seed is up two inches high in a few days after I received your seed eleven days after I ordered them. How is that for Cuba?"
Big Boston Lettuce

One Ounce to 2,000 Plants
Two Pounds in the Acre
Pks., Ozs. and 1/2 Lb. Delivered Free
Paleb Pole Holes, see Page 3

Culture. For early Summer use, sow in hotbeds in March, sowing every two weeks for succession. Transplant the young plants to rows 2 feet apart and 8 to 12 inches apart in the row. For Winter use, sow in August, transplant to frames; and for this purpose the early heading varieties, such as the Millionaire Lettuce, are best adapted. The Cos varieties require to be tied up for a few days in order to properly blanch them.

Earliest Varieties

380. "Long Lost" Lettuce. (Specialty, see page 11) Produces large, extremely solid, compact cabbage heads. It is a reliable sure header and is very hardy. It stands the cold. It will Winter over better than Big Boston Lettuce. "Long Lost" Lettuce has both shipping and eating qualities, decidedly better in flavor, sweet and tender. Of a solid, bright, attractive green, never spotted or brownish in any part. As a shaper "Long Lost" Lettuce far surpasses every other lettuce, including the Big Boston. Supply very limited. Pks. 10c and 25c. Oz. 35c. 2 Ozs. 90c. 1/2 Lb. $1.35. 1 Lb. $2.75. Lb. $5.00. Postpaid.

150. Millionaire Lettuce. Unquestionably the Earliest and far better than any other earliest large heading Lettuce. A Lettuce fit for a king. (Specialty, see page 29) Pks. 5c and 10c. 1/4 Oz. 15c. Oz. 20c. 2 Ozs. 35c. 1/2 Lb. 80c. 1 Lb. $1.00. Lb. $2.00. Postpaid.

183. "Buffy Good" Lettuce. No matter whether the market price is up or down there is always a market for "Buffy Good" Lettuce. Those fine, solid heads—a full bushel market box is barely large enough to hold 18 of them—of a bright, rich, exquisite green; with a full, solid, rich, golden yellow heart closely closed; crisp as ice; with a mild, delicious flavor, do you wonder we have named this grand Lettuce "Buffy Good." The market Gardner with his pocket full of money, the Southern Grower with a big check from the Northern Cities and the Amateur Gardener with his neighbors' heat to a standstill. Every one who grows for Market or eats "Buffy Good" Lettuce will cheerfully admit it is worthy of its name. Pks. 5c and 10c. Oz. 20c. 1/2 Lb. $2.00. Postpaid.

181. "Best of All" Lettuce. A sure cropper, Spring, Summer, Fall or Winter. (Specialty, see page 29) Pks. 5c and 10c. 1/4 Oz. 15c. Oz. 20c. 2 Ozs. 35c. 1/2 Lb. 60c. 1 Lb. $1.00. Lb. $2.00. Postpaid.

152. "May King." A handsome, light green, heading variety of medium size and excellent quality. Outdoors the heads mature exceptionally early, attaining a size suitable for use before other sorts, and often the edges of the outer leaves have a brownish tinge. The plant is very compact for so large a head. It is very satisfactory also for forcing under glass. Pks. 5c and 10c. Oz. 15c. 2 Ozs. 25c. 1/4 Lb. 40c. 1 Lb. $1.25. Postpaid.

Produced Good Lettuce Bad Season in Florida

On June 26, 1916, Mr. C. J. Mishler, of Marion Co., Fla., wrote: "The Big Boston" Lettuce Seed received from you last September gave entire satisfaction. We had the worst Lettuce season last Winter and this Spring that has been for years. We had extremely cold weather for Florida through early part of the Winter followed by a drought covering the entire Lettuce season. Notwithstanding all this, I made good Lettuce. The heads were solid and sold at a fine price, while people would not pay express charges on other Lettuce raised here."

Cos or "Celery" Lettuce

The Lettuce called Salad Romaine is of distinct, upright growth, and esteemed for its fresh crispness and mild flavor during the Summer and in warm climate.

339. Eclipse or "Express" Cos. The most dwarf and earliest of all. The plants grow stiffly erect, only six or seven inches in height. The interior leaves are almost pure white, very crisp, and mild in flavor, even in hot weather. Pks. 5c and 10c. Oz. 15c. 2 Ozs. 25c. 1/4 Lb. 40c. Lb. $1.25. Postpaid.

125. Paris Self-Folding, or Trianon White Cos. Grows to very large size, producing long-pointed, compact bunches. The inner leaves blanch readily and are of fine flavor. Pks. 5c and 10c. Oz. 15c. 2 Ozs. 25c. 1/4 Lb. 40c. Lb. $1.25. Postpaid.
Bolgiano's Celebrated Big Head Lettuce

1. **Bolgiano's "Gold Prize,"** 1. Handsome, very large, solid head. 2. Will not rot in the stem. 3. Outer leaves a beautiful light green color. 4. Inner leaf large, round, creamy, tender and crisp. 5. Very slow to go to seed. 6. Pronounced by experts to even surpass our celebrated Big Head Lettuce. Not tough like Delancey Lettuce. 7. Large and a few days later than our Big Head Lettuce. 8. Once grown always wanted on account of its extra fine quality. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt., oz., and 3/4 lb. Delivered Free.

### Solid Crisp Head Lettuces Also Loosehead Varieties

1. **Bolgiano's New "Frozen North" Lettuce.** This delicious new Crisp Head Lettuce will delight our customers. (Specialty, see page 29.) Pkts. 5c and 10c. Oz. 20c. 2 ozs. 35c. 1/2 lb. 60c. 3/4 lb. $1.00. Pkt., oz., and 3/4 lb. Delivered Free. Postpaid.

2. **Bolgiano's Baltimore Oak Leaf.** This Lettuce will resist the heat of summer and stand longer before going to seed than any variety. It makes a large head, and is very popular with those who know it. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt. $1.00. Postpaid.

3. **Denver Market.** Large, concave heads of finest quality; leaves light green golden, beautifully savoyed. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt. $1.00. Postpaid.

4. **Brite Ice** Lettuce. Large, brittle, mild flavored, crisp heading variety. It makes large heads 6 to 8 inches in diameter. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt. $1.00. Postpaid.

5. **Iceberg** Lettuce. The heads are large, crisp, solid and tender. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt. $1.00. Postpaid.

6. **Hamburger**. Grows to large size and is uniformly sound heading. Heads very solid and beautifully blanched, a tender, one of the finest varieties to grow for market during the Summer months. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt. $1.00. Postpaid.

8. **Early-Curled Simpson or Silesia Lettuce.** Makes large bunches of crisp, tender, curly leaves; this Lettuce is the most popular of all for family gardens. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt. $1.00. Postpaid.

### Mustard

Try Mustard cooked like Spinach—it is delicious. One ounce will sow 100 feet of drill.

1. **Southern Giant Curled.** The true curled leaf variety, sweet flavor, pungent and succulent; used for early salad. Pkts. 5c. Oz. 10c. 1/2 lb. 15c. 1/2 lb. 25c. Oz. 15c. 1/2 lb. 35c. Oz.

2. **Tomato Mustard or Fordhook Fancy.** Desirable and ornamental. It is distinct from any other variety. The plants are of vigorous growth, and the beautiful dark green, pungent leaves curve outwardly like a swan's neck. These leaves are thoroughly curled and laciniate as the best double curled Parsley, making the leaves equally desirable for garnishing.

3. **Early-Prime Head.** (Brown Cabbage). Large, loose heads, tinged with brown. Pkts. 5c and 10c. Oz. 15c. 3/4 lb. 35c. Pkt. 5c. Oz.

4. **White Mustard.** Oz. 10c. 1/2 lb. 15c. 1/2 lb. 25c. Oz. 15c. 1/2 lb. 35c. Oz.

### Mushroom Spawn

#### BLANC DE CHAMPIONS

**Selé Champignonnaiset**

**Culture.** Mushrooms may be grown in cellars, under benches in greenhouses, or in sheds wherever the temperature of 50 degrees can be kept up during the Winter. The beds should be made from November and used after the first of February. At the time the Mushrooms are wanted, and it requires about two months for them to begin bearing. Secure fresh horse dung, free from straw and litter, and mix an equal bulk of loam from an old pasture with it. Keep this under cover, taking care to turn it every day to prevent it from heating, until the pile is large enough to make beds. The people are sometimes of four feet wide, eight inches deep and any length desired are the proper proportions for a bed, but this may be varied. Prepare the mixture of loam and manure, making the bed in layers and piling down each with the proper quantity of leaf mold. Leave this to heat through for a few days, and as soon as the heat subsides to 90 degrees make holes in the bed about a foot apart from one another, into which put pieces of spawn 2 or 3 inches in diameter; fill up the holes with compost, and at the expiration of a week or 10 days the spawn will have thoroughly diffused itself through the bed. Spread layer of soil over the heap to the depth of 2 inches, and cover with 3 or 4 inches of hay, straw or litter. Examine bed often to see that it does not get dry. Take special care, however, when water is given that it be at a temperature of 100. One brick to a bed 6 feet square.

#### Best English Mill Track Spawn.** Brick of 1/2 lb. 15c. 10 lbs. $1.00. 25 lbs. $2.50. 100 lbs. $8.50.
Green Fleshy Varieties

10. "Junior" Rocky Ford. A little larger, two weeks earlier, twice as prolific as Rocky Ford. (Specialty, see page 31.) Pkts. 5c. and 10c. Oz. 15c. 2 Oz. 25c. 1/4 lb. 40c. 1/2 lb. 65c. 1 lb. $1.25. Postpaid.

344. Pollock Rocky Ford Cantaloupe. A rust resisting melon, with netting over the blossom end; not a long melon, but rather inclined to be short with the finest shipping and eating qualities. The selections from time to time have reduced the size; now they crate nicely. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c.

111. Norfolk Button. They are excellent little melons. Very early in maturiting, thick, good flesh, uniform in size, and with an occasional button at the blossom end. Deliciously sweet. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

Baltimore Nutmeg Cantaloupe

The Original Stock. Finest on Earth.

170. Is delicious in flavor, attractive in form and color, and unexcelled as a shipper. Our seed of Baltimore Nutmeg Cantaloupe is produced under a heating, clear and invigorating climate. It is a prolific seedling, bearing fruits of exquisite flavor. We recommend this melon, and firmly believe the cash balance of every trucker will be materially increased if he grows our superior stock of Nutmeg Cantaloupe. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 30c. 1 lb. 60c. 1 lb. 1.25. Postpaid.

Watters’ Solid Net Rocky Ford

334. Pollock Rocky Ford Cantaloupe. A rust resisting melon, with netting over the blossom end; not a long melon, but rather inclined to be short with the finest shipping and eating qualities. The selections from time to time have reduced the size; now they crate nicely. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c.

111. Norfolk Button. They are excellent little melons. Very early in maturiting, thick, good flesh, uniform in size, and with an occasional button at the blossom end. Deliciously sweet. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

Oz. 15c. 1/4 lb. 30c. 1 lb. 60c. 1 lb. 1.25. Postpaid.

Orange Fleshy Varieties

51. Melting Gold Rocky Ford Cantaloupe. Simply the most delicious Cantaloupe that has ever been seen in this section. Its melons are large, golden, and as yellow as melting gold. It is the best eating Cantaloupe in this world, a splendid, marketable shipper. (Specialty, see page 31.) Pkts. 5c. and 10c. Oz. 15c. 2 Oz. 25c. 1/4 lb. 40c. 1/2 lb. 65c. 1 lb. $1.25. Postpaid.

574. Salmon Flesed Eden Gem. Outward appearance is identical with the Eden Gem, but a trifle more uniform in size; it is the best long distance shipping Rocky Ford strain, with a new delicious flavor and color of flesh. One of the closest netted of all melons. It is unequalled in hardness, prolonged cold disease resistance, and is produced with Professor Ihm, of the Colorado Experiment Station. The color is almost pure salmon, if cut at the right stage. Supply of seed very limited. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 40c. 1 lb. $1.25. Postpaid.

518. Buller’s Gem. (Specialty, see page 31.) The fruit is of good size, handsome appearance and flavor. The skin is a rich, dark green, contrasting finely with the deep orange-salmon colored flesh; sweet, tender. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

161. Paul Rose. The fruits are nearly round, ribbed and heavily netted. The flesh is thick, rich, deep orange color, and ripens close to the rind, with small seed cavity. It is an excellent table melon. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

162. Orange-Flesed Osage. The fruits are larger than those of the Emerald Gem; nearly round in form, but having the same distinct dark green skin with lighter bands between the ribs, and thick, firm, orange flesh of the most beautiful color. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

262. Emerald Gem. The melons are about the size of Netted Gem. The flesh is of a beautiful salmon color, and is peculiarly crystalline in appearance, the flavor is sweet and luscious beyond description. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

353. Extra Early Osage Gem. Round, well netted, thick, deep salmon-colored flesh, small seed cavity, delicious flavor. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

499. "Hoodoo" Cantaloupe. (Specialty, see page 31.) One of the newest and most popular varieties. About the size of "Junior" Rocky Ford, filled with delicious and well colored Flesh. A splendid shipper. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 25c. 1/2 lb. 60c. 1 lb. 1.25. Postpaid.

378. Free Lunch Cantaloupe. Large, yellow-fleshed, thick, firm and Juicy, Deep green and in color, Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 30c. 1 lb. 75c. 1 lb. 2.50. Postpaid.

528. Banana. The deep, golden flesh is of exquisite flavor. It looks and smells like a banana. Not a mere curiosity, but is in such favor as to command prices from 90c. to $1.00 for a single specimen. Pkts. 5c. and 10c. Oz. 15c. 1/4 lb. 30c. 1 lb. 75c.
Black Striped
Kob's Gem

171. Bolgiano's Cold Mountain Spring Watermelon. The ideal melon for Southern shippers, prolific, uniformly good size, tough rind, flesh firm and delicious. (Specialty, see page 30.) Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 25c. Full Lb. 50c. Postpaid.

172. Bolgiano's Black Striped Kob Gem Watermelon. (Called "Stripes") (Specialty, see page 30.) A fine melon. Melons uniformly large. Thick, oval form. Color is rich, dark green, with fine stripes of lighter shade. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c. Postpaid.

Cold Mountain Spring

173. "Excell" - The New Watermelon. A long, mean melon with visible stripes. Handsome in appearance and far surpasses the Tom Watson, both as a shipper and for the table. (Specialty, see page 30.) Pkt. 10c. Oz. 15c. \( \frac{1}{2} \) Lb. 35c. Full Lb. 60c. Postpaid.

Black Diamond

174. Luscious Favorite Watermelon. It is vigorous and productive, the outer color is very bright, best suited for hopeful mottled light green. The rind is thin and tough and stands shipping perfectly; it is an excellent keeper and improves its quality after ripening. It has an attractive shape; flesh is light, vivid red in color, and very soft, rich, tender, melting, and sweet. The flavor is exquisite, possessing not only the ordinary sweetness, but a luscious flavor not to be found in other sorts. Every grower who gives this melon a trial will be thoroughly convinced of its superior merits. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

Georgia Rattlesnake or Striped Gypsy. Has gained great popularity for its large size and great shipping qualities; shape oblong, of light green color and beautifully mottled stripped with a light shade; flesh scarlet, rind thin, very solid, and both sweet and delicious. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

Triumph Watermelon. (Girradreau's Monst.) The largest melons that have ever grown. An excellent shipper. Has a deep green color. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

175. Kolb Gem. Of a delicious, angry flavor; bright red flesh. It is fine and solid and an excellent keeper. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 15c. Full Lb. 40c.

176. Jordan's Flat Monarch or Long White Icing. Skin is mottled gray color, shape long, flesh bright crimson, sweet, delicious flavor. A fine shipper, carrying well long distances. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 15c. Full Lb. 40c.

177. Rattlesnake. Long, dark green, good quality. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

Mountain Sweet. An old favorite variety, but still the standard of excellence. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

Sweet Heart. Globular in shape, skin very bright mottled green, flesh bright red, firm and heavy, but exceedingly sweet. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.

178. Knockley's Sweet. Oblong, dark green. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

179. Seminole. Excellent flavor. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.

180. McNeer's Sugar. Oblong, light and dark green stripes. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.

181. Green Improved. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.

182. Black Boulder. Uniformly oblong in shape, very dark green skin, red flesh. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

183. Alabama Sweet. Good size, very uniform, long, dark green skin, red flesh, absolutely stringless and luscious in quality. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.

184. China Cushaw. One of the most popular with the Southerners. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.

185. White Cushaw. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

186. Red Cushaw. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

187. Seedless Cushaw. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

188. Citron 552. Colorado Preserving. A large, fruiting Citron for preserving. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

Nasturtium

Nasturtium of all varieties are useful for furnishing tender seed-pods which make delicious pickles. The seeds for pickles should be gathered while green and with a portion of the stem attached. Pick them over and place in a jar until filled; then cover them with vinegar which has been brought to the boil and is still warm, to keep for Winter use.

Okra, or Gumbo

189. Perkins' Mammoth Long-Podded Okra. Pods shoot out from the stalk within three inches of the ground and the whole plant is covered with them, to its extreme height. It has an intense green color, 9 to 10 inches long, very slim and do not get hard. It is much sought after by canners. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

190. Bolgiano's Imperial Dwarf Short Poded Okra. It has a dwarf, shapely, dense pod, of an attractive pre-green color. The flavor is exceptionally rich. Our home canners will pay 20 to 25 cents per box more than any other sorts would bring. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 50c.

191. Dwarf Green Prolific Density Okra or Gumbo. Its green pods import fine flavor and quality to soups and stews, besides being palatable when stewed and served as a dish of Asparagus. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.

192. Dwarf White Okra. The pods of this distinct and beautiful new Okra are much longer, perfectly smooth, never prickly. Pkt. 5c. Oz. 10c. \( \frac{1}{2} \) Lb. 20c. Full Lb. 45c.
Bolgiano’s “Big Crop” Vegetable Seeds for 1917

Onion

**White Southern Skin Onion.** This superior stock is almost exclusively used for growing sets, which is the largest part of it that is the best from which to grow the large white onions. It is a strong, solid, and heavy set of onions, and transplanting in April to open ground to 3 to 4 inches apart in the rows, bulbs of immense size may be produced.

**White Mississippi Skin Onion.** This onion is particularly recommended for growing sets, and is especially adapted to the semi-arid districts. It is a strong, solid, and heavy set of onions, and transplanting in April to open ground to 3 to 4 inches apart in the rows, bulbs of immense size may be produced.

**Southport White Globe.** A large, globe-shaped onion; firm, fine-grained, of mild flavor; keeps well. is one of the handsomest Onions grown, of beautiful, clear white skin, and commands the highest market price. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. 1 lb. $2.00. Postpaid.

**Southport Large Red Globe Onion.** Produces large, handsome, globe-shaped bulbs of excellent quality for winter storage. Plants of this variety are of an extremely thin neck and ready to ripen early. Bulbs perfect in form, quite thick through, fine-grained, crisp and mild. Should be harvested as soon as ripened and dried in the shade to preserve their white skin. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. 1 lb. $2.00. Postpaid.

**Mammoth Prizetaker.** True American Seed. Immense size, 12 to 18 inches in circumference, bright straw color, flesh white. (Specialty, see page 32.) Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 60c. 1 lb. $1.00. Bu. $2.00. Postpaid.

**Southport Large Red Globe Onion.** Produces large, handsome, globe-shaped bulbs of the seed the first season; are excellent keepers, have glossy, purplish skin; mature little later than Red Wetherfields. Fine-grained, mild and tender. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. 1 lb. $1.00. Bu. $2.00. Postpaid.

**Mammoth King.** Bulbs of attractive form, flattened but thick through; average diameter 5 to 7 inches; singles often weigh 2 to 3 pounds; skin is a clear, silvery white; flesh snow white, sweet and tender. They grow quickly and mature quite early. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. 1 lb. $1.00. Bu. $2.00. Postpaid.

**Round Yellow Danvers.** Is the same shape as the White Silver. Brownish-yellow color; bulbs quite flat and of good size; largely grown for sets. They are harder than the white, and keep better. They are planted in the Winter as late as March, and transplanting in April to open ground to 3 to 4 inches apart in the rows, bulbs of immense size may be produced. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. 1 lb. $2.00. Postpaid.

**Extra Early Pearl White Onion.** Grown from seed of the finest quality. Of excellent size; grows full-sized from the seed the first season; skin pure white, very attractive, flesh solid, white, delicate and smooth. Plants of the same size and diameter weigh 3 pounds as a very early sort. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 40c. 1/4 lb. 50c. 1 lb. $2.00. Postpaid.

**Yellow Long Portuguese.** The standard, large, flat variety. Pkts. 5c and 10c. Oz. 15c. 1/4 lb. 40c. 1 lb. $2.50. Postpaid.

**Yellow Globe Danvers.** Onion that has been very popular for many years. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. 1 lb. $1.50. Bu. $2.50. Postpaid.

**Red Bermuda Onion.** Shape and size similar to white, differing only in color, a most desirable sort. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 35c. 1/4 lb. 60c. 1 lb. $2.00. Postpaid.

**Yellow Wax Onion.** Shape and size similar to white, differing only in color, a most desirable sort. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 35c. 1/4 lb. 60c. 1 lb. $2.00. Postpaid.

**Extra Sifted Small Size Wax White Onion Seed.** Grown from our choice seed of White Wax Onion. Pkts. 15c. Oz. 25c. 1/2 lb. 50c. 1 lb. $1.00. Bu. $2.50. Postpaid.

**Spring Early Pearl White Onion.** Grown from the finest quality. Of excellent size; grows full-sized from the seed the first season; skin pure white, very attractive, flesh solid, white, delicate and smooth. Plants of the same size and diameter weigh 3 pounds as a very early sort. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 40c. 1/4 lb. 50c. 1 lb. $2.00. Postpaid.

**Large Red Wetherfield Onion.** A choice, reddish onion. Grown from seed of our celebrated strain of Red Wetherfield Onion. Pkts. 15c. Oz. 25c. 1/2 lb. 50c. 1 lb. $1.25. Bu. $4.00. Postpaid.

**Fine Double Curled Parsley.** Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 20c. 1 lb. 60c. 10c. Postpaid.

**Plain or Single Parsley.** Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 20c. 1 lb. 50c. 10c. Postpaid.

**Bermuda Onions—Genuine Tenerife Grown**

- **White Bermuda Onion, Tenerife.** It is oval in shape, of a white color; quite early, very solid, not skin in transportation and keeps better than any other foreign variety. It is a mild and delicate flavor, produces full-grown Onions from seed the same season. In the South they sown in the Fall will produce fine, large Onions for market in early Spring. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 40c. 1/4 lb. 50c. 1 lb. $2.50. Postpaid.

- **Crystal Wax-Onion, Tenerife.** (Specialty, see page 32.) The newest but best, pure crystal white wax Onion that has been developed. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 40c. 1/4 lb. 50c. 1 lb. $2.00. Postpaid.

- **Red Bermuda Onion, Tenerife.** Shape and size similar to white, differing only in color, a most desirable sort. Pkts. 5c and 10c. Oz. 20c. 2 ozs. 35c. 1/4 lb. 60c. 1 lb. $2.00. Postpaid.

**Onion Sets**

Prices given below are those ruling when this catalogue goes to press and are subject to market changes. Write for Special Prices when ready to buy. We give a weighed bushel of 32 pounds.

- **White Silver Skin Onion Sets.** Grown from our choice strain of White Silver Skin or Portuguese Onion Seed. Pkts. 15c. Oz. 25c. 1/2 lb. 50c. Pk. $1.00. Bu. $5.00. Postpaid.

**Extra Sifted Small Size Fancy White Silver Skin Onion Set.** Pkts. 20c. Oz. 35c. 1/2 lb. 50c. Pk. $1.00. Bu. $5.00. Postpaid.

**Parsnip**

**Parsnips, Perennial.** Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 20c. 1 lb. 50c. 10c. Postpaid.

- **Bolgiano’s New Green Mountain Parsnip.** Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 20c. 1 lb. 60c. 10c. Postpaid.

- **Hollow Hub Parsnip.** Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 20c. 1 lb. 60c. 10c. Postpaid.

- **New Green Mountain Triples Parsnip.** Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 20c. 1 lb. 50c. 10c. Postpaid.

- **Bolgiano’s Hollow Hub Parsnip.** The very best of all Parsnips, it is unequaled. (Specialty, see page 32.) Pkts. 5c and 10c. Oz. 10c. 1/4 lb. 20c. 1 lb. 50c. 10c. Postpaid.

- **Low Crop in Sugar Crasta.** In fine-grained, true hollow crown; has thick shoulders, tapering symmetrically to a single tap root. Are easily gathered; heavy croppers; roots run uniformly smooth, with fine-grained flesh, and good quality. Pkts. 5c. Oz. 10c. 1/4 lb. 20c. 1 lb. 50c. 10c. Postpaid.

- **Guernsey.** (Improved Half Lune.) A greatly improved strain. The roots do not grow as long as the Hollow Crown, but are of greater diameter and more easily gathered. A heavy cropper. The roots are very smooth; the flesh is fine grained, and of most excellent quality.

- **4 oz. will grow 200 feet of Drill. 6 oz. will grow 5 to 6 pounds for an Acre.**
Extra Early Dwarf Varieties

1018. **EARLY BIRD.** Bolgiano’s New Early Large Pod Pea, (Specialty, see page 6.) A very early, hardy, chosen variety grown at the Bolgiano Greenhouse, the pods double the size. A robust grower, heavy cropper, 9 to 10 peas in a pod. Can be sown with safety as soon as the ground can be worked. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $2.80. Pk. $7.25.

1019. **Improved Pea.** A dwarf, very prolific, more profitable to market-gardeners, smaller than the Grandis or the Thomas Laxon Pea. It is a wonder. Try it. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $2.80. Pk. $7.25.

1201. **Little Marvel Pea.** Vines of dwarf, even growth, averaging 15 inches in height. Heavily set with fine pods and frequently born in pairs. Ready for table, fully as early as American Wonder; vines are broad and produce a mass of heavy crops. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $2.80. Pk. $7.25.

1081. **American Wonder.** It is of dwarf and robust habit, 10 to 15 inches high, and produces a profusion of good sized and well-filled pods of finest flavor. Height 1 foot. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $2.80. Pk. $7.25.

1084. **Extra Early Premium Gem.** Early, large, well-filled, straight pods. Height 1 foot. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $2.80. Pk. $7.25.

1190. **McLean’s Little Gem.** Very early; prolific; delicious flavor. Height 1'1/2 foot. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $2.80. Pk. $7.25. Bu. $7.50.

1203. **Tom Thumb or Blue Peter Pea.** Popular, very dwarf, prolific Pea. Height 1 foot. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $2.80. Pk. $7.25. Bu. $7.00.

Extra Early Peas

1072. **Philadelphia Extra Early.** Resembles the First and Best, Height 2'1/2 feet. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $1.35. Pk. $2.25. Bu. $8.00.

1073. **Gradus, or Prosperity Peas.** (Specialty, see page 6.) Extra large, well-filled, and bearing Scott King Pea. Pkt. 10c. 25c. Qt. 30c. Qt. 60c. 4 Qts. $1.35. Pk. $2.25. Bu. $8.00.

Long Red Cheyenne. For Pickling. Pk.$1.00. ½ Bu.$1.60. Bb.$3.10. Bbl.$8.00.

Red Cherry. Pk.$1.00. ½ Bu.$1.60. Bb.$3.10. Bbl.$8.00.

Bolgiano's vegetable seeds for 1917
Early Round Scarlet Globe

248. Bolgiano's Solid Crimson King. (Specialty, see page 33.) Double the size of the ordinary early turnip-shaped Radishes, this one often measuring 6 to 7 inches in circumference; the shape varies between round and oval, adapted for either open ground or forcing. Pkts. 5c and 10c. Oz. 10c. 4 lb. 20c. 4 lb. 35c. 6 lb. 60c. Postpaid. Pkts. 5c and 10c. Oz. 10c. 4 lb. 20c. 4 lb. 35c. 6 lb. 60c. Postpaid.

249. Scarlet Turnip White Tip Radish. Round, bright scarlet, attractive white tip, matures in 25 days. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

250. Rosy Gem. Everybody wants this pretty, crisp, tasty little French Radish, so showy with its brilliant cardinal red, contrasted with its immediate white. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

251. Early Snowball. Forcing White Turnip Radish. Earliest, round, white, solid. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

252. Tait's Favorite Forcing Extra Early Radish. For forcing under glass. It is also largely used for field culture. Perfect both in shape and color, the skin being a bright, transparent red, and many bunches may be put up in a single package. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

253. New Sparkler White Tip Radish. Pkts. 5c and 10c. Oz. 10c. 4 lb. 20c. 4 lb. 35c.

Early Long Varieties

254. Improved Early Long Scarlet Short Top. The finest strain of the most popular Radish. The long, slender, handsome red roots are most attractive. They are ready in about 25 days. Crisp, brittle and of choicest quality. Length 3 to 6 inches. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 1 lb. 35c.

255. Bolgiano's New Long Red Glass Radish. (Specialty, see page 33.) Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 1 lb. 35c.

256. Cincinnati Market. A strain of the Long Scarlet; growing to slightly larger size, fully as early and darker in coloring. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

257. White Pearl Forcing. Bolgiano's Extra Early Long Radish. Sweet, crisp flavor, very popular and profitable. (Specialty, see page 33.) Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

258. New White Icicle Radish. Introduced from Germany, it is one of the finest and longest of the very early, pure white varieties. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

259. Lady Finger or White Vienna. Long white, very early, attractive. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

260. Bolgiano's New White Delicacy. Beautiful form, exceptionally clear, bright, waxy appearance, exceedingly smooth, delicate, crisp and tender. It has short tops. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

261. Half Long Deep Scarlet. Very popular in the New Orleans Market. The radishes are of slightly larger diameter and most brilliant scarlet coloring. Flesh purest white, crisp, juicy. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

Summer and Autumn Varieties

262. New White Strasbourg Radish. The most popular Summer Radish; of oblong shape, tapering to a point. Skin and flesh are pure white, almost transparent; very tender, of a delightful pungent taste. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

263. Large White Globe Summer. Deliciously mild and sweet. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

264. Giant White Stuttgart. (Genuine Imported German.) An immense white Summer Radish. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

265. Cartier or Shepherd. Long, crimson, tipped with white. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

266. Golden Globe Summer Radish. Grows quickly to a fair size and withstands heat and drought remarkably well. Of excellent flavor. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

Winter Varieties

267. New Short White Chinese Winter or Celestial Radish. The best of all Winter Radishes. (Specialty, see page 33.) Pkts. 5c and 10c. Oz. 10c. 4 lb. 20c. 4 lb. 35c. 6 lb. 60c. Postpaid. Pkts. 5c and 10c. Oz. 10c. 4 lb. 20c. 4 lb. 35c. 6 lb. 60c. Postpaid.

268. Chinese Rose Winter. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

269. Round Black Spanish Winter. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

270. Long White Spanish Winter. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

271. New Winter Radish Osaka. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c. 45c.

Solid Crimson Radish King

272. Round White Spanish Winter. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c.

Rhubarb or Pie Plant

Victoria. A good market sort, stalks red. Pkts. 5c and 10c. Oz. 10c. 4 lb. 15c. 15c. 1 lb. 35c. 45c. 6 lb. 60c. 50c. 1 oz. 1.00.

Red Tomatoes

374. Boligno’s “Glory” Tomato. (New 1917 introduction, see page 7.) Outyields and outsells any Tomato on the market. The yield of “Glory” Tomatoes is marvelous. Produces at every joint large clusters of good size, smooth, firm, beautifully shaped fruits, uniform in shape, color and size; very fine eating. (Specialty, see page 14.) Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c. 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

177. Maryland, My Maryland. A wonderful “Double Yielding” Tomato; more productive and larger than any Tomato ever grown. (Specialty, see page 14.) Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c., 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

Boligno’s“Greater Baltimore Tomato.” Makes a fine crop when all others fail. (Specialty, see page 13 and 14.) Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c., 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

78. Boligno’s“Extra Early Westley Tomato.” (Specialty, see page 14.) One of the earliest, smooth, firm, delicious flavor, beautiful red color and an abundance of flavor. (Specialty, see page 14.) Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c., 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

Florida Special Tomato. Early, prolific, bright red flavor. (Specialty, see page 18.) Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c., 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

Chalk’s Early Jewel. (Specialty, see page 18.) Very fine new sort; large, smooth, bright red, similar to the Stone, but early. Pkt. 5c. and 1 oz. 10c., 1 lb. 25c., 2 lb. 45c., 2 lb. 5.75c., 2 lb. 6.75c., 2 lb. 8.25c., Postpaid.

Sparks’ Earliana Tomato. It is remarkable for its earliness, very large size, handsome shape and bright red color. Its solidity and fine quality make it a favorite with the medium and late sorters. Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c., 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

Sparks’ Earliana Tomato. (Special.) Saved from the finest clusters of the Earliest Stem Set Fruit only. Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c., 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

Boligno’s“Earliest of All” Tomato. Extremely early, large size, bright red color and delicious flavor; though a little irregular in shape the fruit is not rough. Pkt. 10c., 1 oz. 25c., 4 oz. 30c., 2 ozs. 50c., 1 lb. 95c., 1 lb. 1.15$, 1 lb. 85c., Postpaid.

As Usual

On September 20, 1917, Mr. H. F. Vander Coular, of Jamestown, N. Y., writes: "We have always used Boligno’s Baltimore Tomatoes for the past five years, and I have found no other Tomato to compare with them as regards size and quality in the seed market to equal them."
Boligiano’s Tomatoes
Take the Lead

On June 25, Mr. D. P. Boligiano, of Rock Island Co., Ill., writes: “In regard to Tomato seed Boligiano takes the lead here in the Middle States. His variety of Tomatoes is far ahead of all others in my experience.”

Boligiano’s Tomatoes
The Best

On January 16, Mr. Woodrow Record, of Prince Edward Co., Va., writes: “We find the Tomatoes from Boligiano’s stock of ‘Livingston’s Globe’ Tomato seed. We plant no other kind for our market and I do not think we ever planted under such favorable conditions as the last lot of Tomatoes.”

Unfavorable Weather Conditions-Tomatoes Were Good

On June 15, 1915, Mr. J. E. Willard, of Polk Co., Fl., wrote: “We have been growing Tomatoes from Boligiano’s stock of ‘Livingston’s Globe’ Tomato seed. We find no other kind suitable to the weather conditions in spite of unfavorable weather conditions.”

Red Tomatoes

284. Dwarf Aristocrat. A dwarf that resembles the Dwarf Champion. The fruits are very large, glossy red. Ambitious growers use for a very early first crop Tomato, Pkts. 5c and 10c, 1/2 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

285. Early beauty. Early, early, and regular and productive, reddish scarlet. Pkts. 5c and 10c, oz. 20c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

286. Ten Ton Tomato. One of the heaviest yielding red Tomatoes ever introduced, Pkts. 5c and 10c, oz. 20c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

287. Trophy. Very large, solid, extra selected; free from roughness of the old types. Pkts. 5c and 10c, oz. 20c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

288. Enormous Tomato. Largest fruited smooth, bright red Tomato. Pkts. 5c and 10c, 1/2 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $3.00. Postpaid.

289. Brinton’s Best. As a second early and late cropper it is a favorite with growers and truckers. Pkts. 5c and 10c., oz. 20c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

290. World’s Fair. One of the heavier, solid fruited, large Tomatoes of great color and firmness. Pkts 5c and 10c, oz. 20c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

291. Henderson’s New Freedom Tomato. One of the best extra early Tomatoes, firm, very productive and healthy. Pkts. 5c and 10c, 1/2 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $2.00. Postpaid.

292. Ponderosa. Very large heavy, smooth Tomato, very fine for home garden, Pkts. 5c and 10c, oz. 20c., oz. 25c., oz. 75c., Lb. $3.00. Postpaid.

293. Atlantic Prize Improved. A favorite with growers who seek an early market. It bears in clusters and abundantly. Pkts. 5c and 10c., oz. 20c., 1/4 oz. 75c., 1/2 lb. 75c., Lb. $2.50. Postpaid.

Pink Tomatoes

297. Duke of York Tomato. One of the grandest Tomatoes recently introduced. Color rich, glossy scarlet, splendid cropper, round in shape, very large in size, fine flavor. (Speciality, see page 19.) Pkts. 5c and 10c, oz. 20c., 2 ozs. 35c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

299. Purple (Globe) Tomato. (Speciality, see page 19.) Very fine, uniform in size, nearly globe shape, firm, excellent quality, large purplish pink in color. Pkts. 10c., 1/2 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

300. Dwarf Champion. Extra selected, extra firm. Very large, firm, glossy, crimson color, and makes this one of the best shipper for early market. It is smooth, solid, and heavy, and adds the size from the first to the last crop. Pkts. 5c and 10c., oz. 20c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

301. Dwarf Champion. Dwarf, still habit, dark green foliage, scarcely need to be staked. It is very early and wonderfully prolific. Color same as Acre. It is perfectly round and smooth, of medium size. Pkts. 5c and 10c., 1/2 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

302. Redfield Beauty. It is a vigorous grower, long and heavy yielder; fruit is perfect shape with a skin that is barely, making it an excellent shipper. Pkts. 5c and 10c., oz. 20c., 1/4 lb. 60c., Lb. $2.00. Postpaid.

Yellow Tomatoes

Golden Eagle Tomato. Leader of all Yellow Tomatoes. Color a rich transparent amber, fruit smooth, fine form, and definitely larger than the yellow pear-shaped Tomato, which it really outyels. It is very attractive. Pkts. 5c and 10c., oz. 20c., oz. 30c., 1/4 lb. 80c., Lb. $1.00. Postpaid.

Yellow Pear-Shaped. A petty little Tomato, which is used largely for pickling and preserving purposes; very prolific and makes a fair canning. When the vine is loaded with ripe fruit, Pkts. 5c and 10c., 1/4 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

Yellow Plum-Shaped. Little larger than the pear-shaped; deep yellow color, very popular for preserving. Pkts. 5c and 10c., 1/4 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

Golden Queen Tomato. Large, smooth and good, a good show Tomato at the County Fairs. Pkts. 5c and 10c., 1/2 oz. 15c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

Yellow Cherry Tomato. Attractive. Pkts. 5c and 10c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

Pink Tomato. Pkts. 5c and 10c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

Pink Peach Tomato. Pkts. 5c and 10c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

Red Peanut Tomato. Pkts. 5c and 10c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

Red Peach Tomato. Pkts. 5c and 10c., oz. 25c., 1/4 lb. 75c., Lb. $2.50. Postpaid.

317. Red Top White Globe. The handsomest and most salable Turnip. As a profitable sort for home or market it is unsurpassed. It is a large, rapidly growing sort, with lobed, deep colored roots. Flesh pure white. The skin is white and purple, the under portion being white and the top bright purple. (See illustration.) Of first-rate quality, it will outyield any other sort. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 35c. lb.

318. Purple Top White Flat Strap-Leaf Turnip. This is one of the best turnip sorts on the market, being fine grained and of medium size. It is white below, with a bright purple top; flesh white, leaves short, and narrow. Will mature in 8 or 9 weeks. A good crop cannot be expected. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 35c. lb.

321. Southern Seven Top. Hardest of all sorts; may be left standing in the open ground during winter. In the Southern States it yields in the Spring abundant foliage for boiling with cured meats and is only desirable for this purpose. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 30c. lb.

322. White Egg. Oval or egg shape, handsome and sweet; flesh firm and sound-grained; thin and perfectly smooth skin of snowy whiteness. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 35c. lb.

323. White Flat Dutch. Pure white, flat strap-Leaf Turnip. Early, medium size, excellent quality for early Spring sowing. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 30c. lb.

324. New 1917. Excellent. A good keeper and fine for market. Pkt. 5c. Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 lbs. at 30c. lb.

325. Large Amber Globe. Flesh yellow, fine grained and sweet; hardy, keeps well, planted early. Very popular in the South. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 30c. lb.

326. Sweet German. Should be sown a month earlier than flat turnips. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 lbs. at 30c. lb.

327. Cow Horn. A white Turnip of peculiar long shape and quite good quality. Grows out long and turns out half of the ground. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 30c. lb.

328. Golden Ball, Orange Jelly or Robertson's. Flesh sweet and firm. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 30c. lb.

329. Yellow Stone. Flesh crisp, tender, of fine quality. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 30c. lb.

330. Long French Turnip. Flesh hard, crisp. Pkt. 5c., Oz. 10c; 1/2 Lb., 15c., Lb. 35c., 5 Lbs. at 30c. lb.

Bolgiano’s Strawberry Plants

Varities marked “P” should have another perfectly flowering sort near them. Price, any variety (except Bolgiano’s New “Superb”), strong, healthy, Layer Plants. By mail, postpaid, 30c. per doz., 50c. per 100. By express, customer to pay charges, 100 for $1.15. Price, per 1,000 0. F. O. B.

Bolgiano’s Delicious New Strawberry, “Superb”
Bolgiano's "Big Crop" Vegetable Plants for 1917

Bolgiano's Frost-Proof Cabbage Plants

Will Mature Heads Two to Three Weeks Earlier Than Your Home-Grown Plants

OUR GUARANTEE:

We will refund the purchase price to any customer who is dissatisfied with results produced after crop is matured.

A person wanting Extra Early Cabbage for home use or market can't afford not to use these plants.

There are a number of islands along the Seacoast of South Carolina and the Gulf Coast of Louisiana where the soil and climatic conditions are just suited for growing tough, hardy cabbage plants during the Winter and early Spring. The seed is planted in the open field. The plants make a slow but steady growth, until at eight to ten weeks of age they are very tough and hardy, the buds are purple and outer leaves a reddish brown. When in this condition they can be shipped to territory farther north and be planted in the open ground a month to six weeks sooner than the home-grown hot bed or cold frame plants. These FROST-PROOF CABBAGE PLANTS will stand a temperature 10 degrees above zero without injury; they can't be injured, or the plants being covered with ice, sleet or snow after they are planted will not injure them.

The top of the plant does not grow until your regular Spring weather opens, but the roots grow from the time they are planted, and just as soon as Spring weather starts, the established root growth assimilates the fertilizer in the soil; the plants grow very fast, maturing headed cabbage two to three weeks sooner than you can mature them from hot bed and cold frame plants.

Varieties: Early Jersey Wakefield, Charleston Wakefield, Succession and Early Flat Dutch

Prices by parcel post, postage paid, 45c per 100 plants to all places in the postal union. On larger quantities the prices are as follows:

GROUP 1—Georgia, Louisiana, Mississippi, North Carolina and South Carolina: 500 plants for $1.25; 1,000 or more at $2.00 per 1,000.

GROUP 2—Alabama, Arkansas, Delaware, Florida, Kentucky, Maryland, Missouri, New Jersey, Ohio, Pennsylvania, Tennessee, Virginia and West Virginia: 500 plants for $1.40; 1,000 or more at $2.45 per 1,000.

GROUP 3—Connecticut, Kansas, Illinois, Indiana, Iowa, Massachusetts, Michigan, New Hampshire, New York, Oklahoma, Rhode Island, Texas, Vermont and Wisconsin: 500 plants for $1.55; 1,000 or more at $2.60 per 1,000.

GROUP 4—Arizona, Colorado, Minnesota, Nebraska, New Mexico, North Dakota, South Dakota, Utah and Wyoming: 500 plants for $1.75; 1,000 or more at $3.00 per 1,000.

GROUP 5—All States not listed, also Canada, Cuba and Mexico: 500 plants for $2.00; 1,000 or more at $3.50 per 1,000.

Prices by express, buyer paying charges, which under special rates are very low: In lots of 1,000 to 5,000 at $1.75 per 1,000.

Vegetable Plants, Roots, Etc.

We grow immense quantities under field conditions for general crop, and are usually in position to make SPECIAL PRICES on all leading sorts in orders of 1,000 to 100,000. We sell millions of Tomato Plants every season. These are grown especially for Market Gardeners and others who wish large quantities of plants. For regular garden use we recommend Transplanted Tomato Plants or Potted Plants. Add 10c per 100 if to go by mail on Transplanted and Seed Bed Plants. Potted Plants must go by express.

All Our Plants Are A-1 Quality

Tomato Plants. Ready in April, May and June. We make a specialty of Tomato Plants, and can supply all the leading varieties. Potted Plants 50c per 100. Transplanted 25c per doz. 50 for 50c. 75c per 100. $1.00 per 1,000. Field grown, not transplanted, 40c per 100. $2.50 per 1,000. "John Baer" Tomato, New Prosperity, My Maryland, L. V. and Greater Radish—B. B., New Queen, Red Rock, New Stone, Paragon Tomato Plants a specialty.

Cabbage Plants. Early. All leading varieties transplanted for April and May delivery. Choice transplanted 15c per 100. 30 for 40c. 60c per 100. $1.50 per 1,000. We will also supply late Cabbage plants, field grown, about May 15. Prices: 50c per 100. $2.50 per 1,000. 3,000 and over at $2.25 per 1,000.

Cauliflower Plants. Early Snow Ball. Ready in April. Potted, 50c per doz. $1.00 per 100. Transplanted, 25c per doz. 50 for 50c. 75c per 100. $1.50 per 1,000. Celery Plants. Ready in July. New Victory, Winter Onze, Golden Self-Blanching, White Plum, Giant Pascall, etc. 75c per 100. $1.50 per 1,000. Lettuce Plants. Ready in April. Head and Curled Leaf varieties. Choice transplanted, 15c per doz. 60c per 100. $3.50 per 1,000. Pepper Plants. Ready in May and June. Chinese Giant, Large Bell, Ruby King, 25c per 100. $1.25 per 100. Egg Plants. Ready in May and June. Florida High Bush, Black Beauty, New York Improved, Large Purple Smooth Stem. Grown in pots. 50c per 100. $1.00 per 100. Out of hot beds, 25c per 100. $1.25 per 100.

Sweet Potato Plants—Ready About May 10th

"Up River" and "Yellow Jerseys." (25 cuttings for $2.50) By express, prepaid, 100 for 50c, 1,000 for $3.00, 5,000 for $25 per 1,000.

Grass and Clover Seed Mixtures for Hay and Pastures

**Parcel Post Rates, see page 3**

The mixtures give the very best and most satisfactory results to customers, and our trade in them is increasing rapidly. The advantage of growing grasses and clover seed in mixtures has long been recognized and the practice is increasing to a very remarkable extent throughout the South. We are the pioneer seedsmen in Baltimore in putting up special mixtures for different soils, and the results to our customers have been exceedingly satisfactory, resulting in largely increased crops both of hay and pastureage. We will take pleasure in advising our customers as to suitable grasses for their soils and purposes.

We have the following mixtures combined grasses suitable for the various soils and uses for which they are recommended. Those for permanent pastures—But Can Be Mown

The Plain Truth About Grades

The terms Fancy, Choice, Prime and Fair, by which different grades of Grass and Clover Seeds are usually known, have become so much abused by some dealers who apply these terms indiscriminately to any quality of seed, that we many years ago established two grades of our own, called “Gold” and “Silver.”

J. Bolgiano & Son “Gold” grade intend shall invariably represent the best seed obtainable both as respects purity and high germination. Anyone who buys our Gold grade is likely to change our expense. If, upon receipt and examination, they are found in any respect unsatisfactory, and money paid for same will be promptly refunded.

“Silver,” the next best grade to Gold, but not quite the same purity. It frequently happens that the demand is greater than the supply of Gold grades, as but a small proportion of the total seed gathered will make Gold; we then recommend our Silver grade as being the best in the market.

We wish to call attention to the fact that in cleaning seed so as to make our Gold and Silver grades, there is much seed removed which, while not of sufficient quality to grade Gold and Silver, is suitable for seed, and this is sold under lower grades, such as Fancy, Choice, Prime, etc. We do not quote these grades in our catalogues, as the most of our sales are for Gold and Silver grades.

Tall Meadow Oat Grass

1123. **Tall Meadow Oat. Evergreen Grass.** Yielding twice as much hay as Timothy or Orchard Grass, early as Orchard Grass with more leaf and affording better grazing, it is not straying. This grass is becoming so popular. It will keep green all Winter and all Summer; the drought of Midsummers or the cold of Winter does not injure it. It starts growing very early in the Spring, can be cut twice for hay, would yield good grazing until late in the Fall. It contains more flesh and muscle-forming matter than Timothy, but it is not so fattenable. For hay it should be cut while in bloom. Tall Meadow Oat Grass is best adapted for rather light and dry loamy uplands, but gives excellent results on nearly all soils and better results than any other grass on light, medium or sandy soils. Sown alone use 2 to 3 bushels to the acre, either Spring or Fall. Sown in mixture, use 1 bushel (11 lbs.) Tall Meadow Oat Grass, 1 bushel (11 lbs.) Orchard Grass and 8 lbs. Red Clover. It gives the very best results when sown with Clover. By adding 2 lbs. of Red Top or Herb’s Grass to the mixture the grazing will be materially increased. Prices: “Gold” Brand Fancy Lb. 25c. $2.25 Bushel 11 lbs. “Silver” Choice $2.10 Bushel.

Grasses

1114. **Orchard Grass.** One of the best and most reliable grasses for the Middle and Southern States, either for hay or pasture. It is a very vigorous grower and yields large crops of excellent and most nutritious hay and will last for years in increasing value with proper treatment. It is succulent and nutritious and when mowed requires only a few days of seasonable weather to start it growing again and usually two good crops of hay can be cut in a season. It succeeds well on nearly all soils, but does best on uplands, loamy or moderate stiff soils. Although it will succeed very well even on soils that are inclined to be of a sandy texture. It also succeeds in sandy places better than other grasses, especially in orchards. It starts early in the Spring and continues well into Winter. It is of quick growth, and is relished by stock, especially when young and bears close grazing. It makes excellent hay, and gives the very best results mixed and grown with Tall Meadow Oat Grass and Red Clover. It should be cut when in blossom, as the hay is injured if the seed is allowed to ripen. It can be sown in the Spring or Fall, either with or alone. Sow two bushels per acre if alone, or with Red Clover one and one-half bushels of Orchard Grass and eight pounds of Clover are the quantities usually sown. Prices: “Gold” Fancy Lb. 25c. Bus. of 11 lbs. $2.75 “Silver” Choice $2.60 per Bus.

We are at all times buyers of all kinds of Grass Seeds, Clovers, Cow Peas and Grains. Whenever you have any to offer, mail us samples and we will quote you our best prices.
Grasses
Bolgiano’s “Gold” Brand Seeds Are Standard

Parcel Post Rates, see Page 3

The prices herein are based on values at time of going to press with this catalogue. They are subject to market fluctuations.

Timothy

1117. Timothy. Of Hay Grasses Timothy is one of the most popular, nutritious and suitable. On clay or heavy loams, lowlands or in mountainous districts where there is no assurance of moisture, it produces the very best results. On sandy or light loam ground it does not do so well as Orchard, Tall Meadow oat or Red Top Grass. If grazed or cut too close, the stand of Timothy will be seriously injured, besides it does not make as good grazing as many other grasses. The yield of hay is from 1.5 to 3 tons per acre. Timothy requires good land to make good crops. It does not root as deep as and is not considered as an improver as other grasses consequently Red Top or Orchard is usually put up with it. It makes a light or sandy nature. Closers grow well with Timothy and aid it by supplying nitrogen. Timothy alone a peak (11 lbs.) to the acre or with Clover 10 lbs. Timothy and 6 lbs. Clover. A splendid mixture is 8 lbs. Timothy, 6 lbs. Clover (either Mammoth Clover or Aliske Clover preferred, as they mature at the same time as Timothy), 6 lbs. Fancy Red Top, 1½ bu. Meadow Fescue. Together these will produce most excellent hay, also nutritious and abundant pasture in good loamy clay or low ground soils; 8 lbs. Timothy and 6 lbs. Clover when sown together. Prices: “Gold” Brand, 1½ lb. $1.00. Bu. of 45 lbs. $3.25. “Silver” Choice 3.00. Market fluctuates.

Timothy and Aliske Clover Mixed

Where Aliske Clover and Timothy are grown together, and the seed is saved therefrom, it is impossible, in cleaning, to make a complete separation of the two.

For hay, the Aliske and Timothy Mixture is very valuable on soils too moist for Red Clover. Aliske is suitable for either hay or pasture. It is firmer and more leafy than Medium Red Clover and cattle prefer it. “Gold” Brand, 1½ lb. 30 lbs. or over at 10 lb. $1.25.

Special Prices in quantity.

Kentucky Blue Grass

1118. Kentucky Blue Grass. This Grass is not only the best for lawn purposes, but makes the sweetest and most nutritious pasture for all kinds of stock. Kentucky long has been famous for its very hard bred horses and its Blue Grass pastures. It is now possible to establish on most any farm a Blue Grass pasture of greenest verdure which will give very profitable returns. This Grass is sown the first to start up in the Spring and remains green until frost in the Fall. It is very hard and is uninjured by cold or dry weather, hot sun or trampling of roots. The roots are so thick and stout that they form a tough sod. Blue Grass requires about two years to get well started and for the first couple of years it is often sown in mixture with other grasses. It will do well on almost any land, but does best on well drained clayland. Sow in the Fall or Spring at the rate of two or three bushels per acre. Price: “Gold” Brand Seed, lb. 20c.; pk. 75c.; bu. of 14 lbs. $2.00. “Silver” Choice $1.90.

Canada Blue Grass

1120. Canada Blue Grass. Resembles somewhat the Kentucky Blue Grass. It will thrive even on hard clay soil where there is not quite enough time and fertility for Kentucky Blue Grass, and having an excellent root development forms a heavy turf. At the Maryland Experiment Station this Grass remained a luxuriant green during the hottest Summer when other Grasses were materially injured by the heat. Being a Grass of Canadian origin it stands the cold weather admirably. Canadian Blue Grass does not thrive when planted with Clover. Red Top and Orchard Grass are the best for mixing with it on inferior soils. On good land it becomes too tall for hay, and as it shrinks very little in drying the hay is heavy for its bulk. Grows from one to two feet high. Sow 30 lbs. of seed to the acre. Price: “Gold” Brand Seed, lb. 20c.; pk. 35c.; bu. of 14 lbs. $1.65. “Silver” Choice $1.50.

Red Top or Herd’s Grass

1111. Red Top or Herd’s Grass. This Grass makes excellent pasture and good crop of fine quality hay, and succeeds on a greater variety of soils than any other in general use, giving very good results on light soils. The place for Red Top is on rather moister soil, deficient in lime and fertility. It will not do as well on the light sandy soil as Timothy and Kentucky Blue Grass. It is a good variety to sow with Timothy and Clover for meadow or pasture and is more permanent than either of the other two. It should be fed close, as if it is allowed to grow up to seed the cattle dislike it. On good soil it grows about two feet high on poor, clay land about half that height. It has been grown successfully even on alkali land where other grasses failed. Red Top, commonly known as Herd’s Grass, should be extensively grown, especially with other grasses.

Red Top has interlacing, thick roots which make a firm sward not likely to suffer injury from the hoofs of animals. It stands the effect of drought better than Timothy. It is more permanent if it is grazed off and not allowed to go to seed. For hay, it is best to cut when in full flower. It is more easily cured than almost any other grass. It is rather late in starting in Spring and matures its crop the same time as Timothy. When it gets well established it spreads and will gradually supplant other Grasses. Red Top is also one of the best grasses for hillsides and lands likely to wash. Our Gold Brand of the Fancy Clean Red Top is of extra fine quality, and carefully cleaned from impurities. We can also furnish the Choice and Prime Fancy Red Top as usually sold. It requires about 8 to 10 pounds to seed an acre of the Fancy Clean Seed. When sown with Timothy, sow 9 pounds of the Fancy Clean seed and 8 pounds Timothy per acre. It can be sown either in the Spring or Fall at the rate of 8 bushels to the acre if planted by itself. When sown with Red Top or Timothy sow 1 bushel (14 lbs.) Meadow Fescue, 5 lbs. Fancy Clean Red Top and 6 lbs. Timothy per acre. Sown for a grazing mixture with Orchard and Tall Meadow oat it adds bulk and half a bushel of each of these two Grasses. Prices: “Gold” Brand, lb. 20c.; pk. $1.00. Bu. of 24 lbs. $3.50.

Meadow Fescue, Randall or English Blue Grass

1122. Meadow Fescue, Randall or English Blue Grass. It makes a most excellent hay and pasture Grass and is particularly valuable for Fall and Winter pasturage, as it remains green through the Winter. It is also a splendid Spring and Summer Grass and usually makes more and thicker leafage than any other Grass. Grows 2 to 3 feet high, but it is tufts like Orchard Grass. The hay is very nutritious and cattle thrive on it whether dry or green. Succeeds even in poor soil, and as the roots penetrate deep, from 12 to 15 inches, it takes extremely dry weather to affect it. It succeeds well in nearly all sections of the South, and should be very largely used for pasture and hay mixture, being specially suitable for sowing with Red Top and Timothy for hay, or with these and Orchard and Tall Meadow oat for permanent meadow grass. Now either in the Spring or Fall at the rate of 2 bushels to the acre if planted by itself. When sown with Red Top or Timothy sow 1 bushel (14 lbs.) Meadow Fescue, 5 lbs. Fancy Clean Red Top and 6 lbs. Timothy per acre. Sown for a grazing mixture with Orchard and Tall Meadow oat, add half a bushel each of these two Grasses. Prices: “Gold” Brand, lb. 20c.; pk. $1.00. Bu. of 24 lbs. $3.50.

Best Stand from Bolgiano’s Alfalfa in Whole Section

On June 19, Dr. Bolgiano, of Bolgiano Seed Co., Tenn., writes: “I seeded to pasture order for some ‘Gold’ Brand Alfalfa like you furnished me last year. This was the best Alfalfa Seed I have ever seen, and I probably have the best stand of Alfalfa in our whole section.”

Alfalfa with Bolgiano’s Alfalfa in Ohio

On July 8, Mr. P. D. Perry, of Ohio, writes as follows: “I received the ‘Gold’ Alfalfa Clover Seed you shipped me, sowed it immediately and it is up fine. I have a nice stand.”
Bolgiano’s Sudan Grass

1189. Creeping Bent Grass. Similar to Red Top or Heerd’s Grass and considered as good if not better than that variety. Distinctive on account of its compact, creeping, rooting stems, which hold in the soil in a very tenacious way. Of rapid growth and spreading habit, forming a strong, durable turf. Fine for lawns and putting greens because of its fine texture. If sown use 50 lbs. to the acre. Price: “Gold” Brand, Lb. 60c.

1188. Crested Dogstail. A hardy Grass forming a smooth, compact, and lasting turf. Does best on rich, moist land but will grow on most any soil. Does not do well in sandy, dry or droughty weather. Does well in the shade but should not be sown alone use 30 lbs. to the acre, but the best way is to mix it with other Grasses. Price: Lb. 45c., 10 Lbs. $4.00, 100 Lbs. $35.00.

1187. Rhode Island Bent Grass. Resembles Red Top, but is shorter and has narrower leaves. It makes a beautiful, fine, close turf and one of the best Grasses for lawns. It does well on rich and poor soils. Now with other Grasses, or if alone use 50 lbs. seed per acre. Lb. 10c.

1257. Meadow Foxtail. One of the best Grasses for permanent pasture. Grows 30 to 45 inches high. Does best on either rich or poor soils, prefers heavy clay. Sow 30 lbs. per acre. Lb. 5c.

1258. Rough Stalk Meadow Grass. One of the best bottom Grasses in a meadow. Grows 20 to 35 inches high. Possesses high nutritive qualities. Requires heavy or average kind of soil. Sow 30 lbs. per acre. Lb. 45c.

1252. Sweet Vernal. Excellent for mixture in lawns for its sweet perfume, also in all Hay and Pasture mixtures, as it is relished by both cattle and horses. Lb. 75c.

1258. Various Leaved Fescue. An even turf forming gras growing under grass with very narrow leaves. It is especially adapted for pasture mixtures for light, warm soils and lawn purposes. Lb. 50c.

1186. Sheep Fescue. An excellent grass for poor, sandy soils. It is a perennial, densely tufted and of very fine foliage, making it well suited for lawns. It is also very satisfactory for pasture, furnishing good grazing, especially for sheep. Resists drought remarkably well. Sow 40 lbs. per acre. Lb. 50c., Bu. of 12 lbs. $6.00.

1251. Bermuda Grass. Specially adapted to Lawns and Pasture Mixtures in the South, where many other grasses will not grow. When used in connection with English Ryegrass will insure a green sod throughout the year. The Ryegrass to be sown in the Fall when the Bermuda Grass turns brown. Bermuda Grass is very well adapted to bright soil and in some sections of the South is the only pasture Grass that will make a good sod on this class of soil. It also does very well on clay and heavy soils. Bermuda Grass is very largely used for sowing on embankments and for bundling and holding the soil. Lb. 50c., 10 Lbs. and over at 50c.

1257. Giant Spurry. Makes one of the best feeders for cattle, especially Dairy Cattle. For it furnishes young green fodder at a time when green fodder is scarce, namely, between the first and second cuttings of various Clovers and when the freshness of the first young Grass is worn off. It greatly improves the production and the quality of the milk. Grows best on lighter soils. Lb. 25c., 10 Lbs. or over at 20c.

Natal Grass

1255. Natal Grass. Originally introduced from South Africa. In large use in Florida, where it is called Australian Red Top, and in growing, is popular in the south. Used for hay or as a pasture grass. Hay and pasture grass. HARVEST SEASON: Early June to late Fall.ıyord; forage: Hay and pasture grass. Grows in clumps. Deep root system. Stems can be subdivided, transplanted; 80 days from seedling to maturity; three cuttings. Sprouts, can be eradicated by cultivation or cutting before seeding. Large leafy seed heads. Seed matures on the Gulf late in October. Florida grower says: “Would rather have a field of Natal than Oranges.” Three years of seed and hay, and in some instances almost past belief.

1250. Wood Meadow Grass. Readily grows in densely shaded places and under trees where other grasses will not grow. Admirably suited for pastures as well as lawns. Lb. 50c.

1116. Bromus Inermis or Awnless Broom Grass. Dwarf defying frost resistance. Yields enormous crops of splendid hay and affords early and abundant pasturage. It adapts itself to almost every condition of soil and climate and may be raised in quality in equaling and rivaling in yield almost any other Grass. The roots push through the soil and form new plants on every side. No amount of cold seems to be able to kill it. It bears up well under hot summer suns. It will grow under conditions that are very dry, and it can also stand being covered with water, not deep of course, for one or two weeks in early Spring. It is an abundant producer of hay and is much relished as pasture and hay. It is one of the most nutritious Grasses. This Grass may be sown at any time of the year when the ground is bare, but the best season is in Spring; and with or without a nurse crop. If sown with a nurse crop that crop should be sown thinly: 15 pounds of good Bromus Inermis an acre is sufficient. It grows slowly for a time, hence the farmer should not be hasty in concluding that he has failed to get a stand of the Grass. Price: “Gold” Brand, 20 Lbs. $1.50, 50 Lbs. $4.25, 100 lbs. $8.50.

1124. Red or Creeping Fescue. A creeping rooted variety forming a close and durable turf and particularly suited for dry, sandy soils. Resists drought drives very well on very poor soils, gravelly soils and exposed hillocks. Valuable for shady lawns and for golf courses. Sow 30 lbs. to the acre if used alone. Price: “Gold” Brand, Lb. 40c. Bu. of 12 lbs. $3.00.

1253. Tall Fescue. A tall forming Grass grows 30 to 45 inches high. Excellent for pasture mixture, to be sown on good, heavy and moist soils. Lb. 50c.

Sudan Grass

Parcel Rate Tables, see Page 3

1299. Possibly the greatest recent discovery in the way of a pasture and forage Grass, promises and should do so to all sections of the United States, was made in 1909, when Prof. C. V. Piper, of the United States Department of Agriculture, discovered Sudan Grass in Kansas, Kansas. Professor Piper brought back a small amount of the seed with him and as early as 1910 it was given a trial at the Government Experiment Station near Chillicothe, Texas, where its ability to withstand a protracted drought attracted attention from all who saw or heard of it. Since that time it has been grown in many sections of the West, and from all directions come reports of enormous yields of seed and hay, in some instances almost past belief.

It is a tall annual Grass reaching a height of 7 to 9 feet when planted in rows and allowed to mature for seed crop; broadcast and cut in the bloom for hay, about 4 feet. The results have been so satisfactory that it is now established one of our permanent forage grasses. It is easily seeded and handled as hay crop. Stock of all kinds eat it readily and will leave any other hay for it. The food value is second only to Alfalfa. Should not be planted until the soil becomes warm in the Spring. Two to four cuttings per year can be made. A small broadcast for hay; the number of cuttings secured depends upon the length of the season and the variety. The first crop will mature in from 50 to 60 days after the second cut and the crop is ready for harvesting in from 20 to 30 days. Three tons of cured hay per cutting per acre has been secured, and three cuttings made. It is a great drought resister and is particularly adapted to semi-arid regions. It is an annual and must be seeded each Spring.

“Harvesting the Crops.” The hay should be cut as soon as the Grass is fully headed, and early cutting is especially advisable where two or more cuttings per season are expected. The cutting of the Grass can be cut with a mower, but more conveniently with a binder, especially in dry regions, as the hay cures very readily in bundles.

A Silage Crop. While as yet the seed of Sudan has not been plentiful enough to permit its being grown on a scale justifying intensive use as a silage, it is the universal opinion of those who have grown it that it is destined to make one of the very best ensilage crops known. It would be even better when grown with Soy Beans or Cow Peas, as this combination makes an enormous yield of silage that would be very palatable and well balanced. When seeded in rows 18 to 20 inches apart, drill 1 to 6 lbs. When sown broadcast 10 to 25 lbs. per acre. Lb. 24c., 10 Lbs. at 34c.

Wood Meadow Grass. Readily grows in densely shaded places and under trees where other grasses will not grow. Admirably suited for pastures as well as lawns. Lb. 50c.
Millets

A Splendid Quick Growing Summer Hay Crop

1125. German or Golden Millet, Southern Grown. Makes a large yielding and most nutritious hay crop, quick growing and easily cured. It should be seeded thickly, one bushel per acre, and should be harvested while in bloom. If the seeds are allowed to form the stalks get hard and it does not make good hay. Millet should be sown at any time between the middle of May until the end of June at the rate of 1 bushel per acre. Milllet should never be sown until the earth is warm in the Spring and when continued warm weather is assured. It is also used as a catch crop after early grain or a crop which fails. It matures a crop in 6 to 8 weeks after seeding. Cow Peas sown with German Millet makes fine hay. Sown in this way, it should be sown with some quick maturing variety of Cow Peas and should be sown at the rate of three pecks of Millet and one bushel of Cow Peas to the acre. "Gold" Brand Fancy Southern Millet, Pk. 75c. $2.50 per Bu. of 50 lbs.

1126. Hungarian Millet. Often called Hungarian Grass. Many regard this as being better than German Millet, as it is about one week earlier and requires less moisture. The hay is fine and of excellent feeding value.

It is especially valuable on account of requiring such a short season to make a fine crop of most excellent hay. This hay is much used as a catch crop. It can be sown as late as the 4th of July with good results, in ordinary seasons. It is much used for following such crops as early potatoes and hay for a crop of hay, thus giving two crops on the same land in one year. Also grown as a green manuring crop to turn under, adding humus or fertility for future crops. Hungarian Millet does not grow so coarse as some other varieties, but still yields quite heavily, from two to four tons of hay to the acre being an ordinary crop. Hay is quite leafy, of very fine quality. Should be sown at any time between the middle of May until the end of June at the rate of one bushel per acre. "Gold" Brand, Peck 75c. Bu. $2.50.

1127. Japanese Millet. Grows from 6 to 9 feet high, stands up remarkably and yields enormous crops. It makes good hay and in quality is superior to Corn Folder. It is relished by all kinds of stock. 15 lbs. to acre broadcast, 10 to 12 lbs. in drills 12 inches apart. Cultivate until 18 inches high when its rapid growth will smother all weeds. It does best on low moist ground. "Gold" Brand, 10 Lbs. 55c. 100 Lbs. $5.00.

Velvet Beans—Makes an Enormous Growth for Forage

The Italian and Perennial Rye Grasses are really the quickest growing of any of the Grasses and will furnish a quick growing, most nutritious and leafy pastures, making a good hay Grasses. On account of their quick, early growth they should be a constituent part of nearly all hay and pasture mixtures.

1121. English or Perennial Rye Grass. This is becoming well known in this country as a valuable pastures grass which will bear frequent close cropping. Produces an abundance of foliage, which remains bright and green during the season. The hay is relished by all kinds of stock. It will grow well on almost any soil, even in the poorest. Sow in the Spring or Full. Price: Lb. 15c. Peck 75c. Bu. of 24 Lbs. $2.40. 100 Lbs. $9.00.

1122. Italian Rye Grass. Like Perennial Rye Grass, valuable for pasture and also for hay. Thrives on rich, moist land, where from 3 to 4 cuttings may be made in a season. It grows very quickly and will stand close pasture. Will stand more moisture than other Grass. It is less furry than Perennial Rye Grass and is particularly well adapted to the soils and climate of Florida, where it is sown very extensively in the Fall and Winter for hay purposes. Above Price: "Gold" Brand, 15c. Peck 75c. Bu. of 18 Lbs. $2.25. 100 Lbs. $10.00.

1123. Pacey's Short Seeded Perennial Rye. Specially suited for fine lawn mixture, extensively used on the beautiful lawns in England. It makes a quick leafy growth of fine texture. Lb. 15c. 100 Lbs. at 10c.

Boligiano's Rye Grasses for Spring Planting

The Italian and Perennial Rye Grasses are really the quickest growing of any of the Grasses and will furnish a quick growing, most nutritious and leafy pastures, making a good hay Grasses. On account of their quick, early growth they should be a constituent part of nearly all hay and pasture mixtures.

1121. English or Perennial Rye Grass. This is becoming well known in this country as a valuable pastures grass which will bear frequent close cropping. Produces an abundance of foliage, which remains bright and green during the season. The hay is relished by all kinds of stock. It will grow well on almost any soil, even in the poorest. Sow in the Spring or Full. Price: Lb. 15c. Peck 75c. Bu. of 24 Lbs. $2.40. 100 Lbs. $9.00.

1122. Italian Rye Grass. Like Perennial Rye Grass, valuable for pasture and also for hay. Thrives on rich, moist land, where from 3 to 4 cuttings may be made in a season. It grows very quickly and will stand close pasture. Will stand more moisture than other Grass. It is less furry than Perennial Rye Grass and is particularly well adapted to the soils and climate of Florida, where it is sown very extensively in the Fall and Winter for hay purposes. Above Price: "Gold" Brand, 15c. Peck 75c. Bu. of 18 Lbs. $2.25. 100 Lbs. $10.00.

1123. Pacey's Short Seeded Perennial Rye. Specially suited for fine lawn mixture, extensively used on the beautiful lawns in England. It makes a quick leafy growth of fine texture. Lb. 15c. 100 Lbs. at 10c.

Beggar Weed or Florida Clover

1126. It is highly recommended as a forage plant for thin sandy lands and pine barrens. Makes a vigorous growth, 5 to 7 feet high, yielding largely for hay and pastureage; nutritious value compares favorably with Red Clover, Cow Peas, etc.

On the sandy pine lands of the South Atlantie and Gulf States is probably the most valuable forage plant that can be grown. Its growth is dense, the forage crop abundant and nutritious.

Sow at any time after frosts are over until the middle of June, in drills 3 feet apart, 3 to 4 lbs. per acre, or to a broadest 12 to 12 lbs. per acre. Cover 1 to 2 inches. To make good hay it should be cut when not more than 3 to 4 feet high, usually in July, and a second cutting can then be made a few weeks later. If allowed to become too old before it is cut many of the lower leaves are lost and the stems become woody. Lb. 10c. 10 Lbs. and over 33c Lb.

1216. Tosiente, Reana Luxurians. This gigantic Grammen will furnish a continuous daily supply of nutritious green food for horses and all kinds of cattle all through the Summer. It also makes a splendid dry fodder, yielding enormously, and being more nutritious and better relished by all stock than Corn Folder. In appearance it somewhat resembles Indian Corn, but the leaves are much larger and broader, and the stalks contain sweater sap. It stands out enormously after being cut. Sow in May or June, at the rate of 3 pounds per acre, in drills 4 feet apart. Pk. 5c. Oz. 10c. ½ Lb. 25c. Lb. 75c.
CLOVERS—Bolgiano’s “Gold” Brand Seeds Are Standard

The prices herein are based on values at time of going to press with this Catalogue. They are subject to market fluctuations.

CLOVERS—Bolgiano’s “Gold” Brand Seeds Are Standard

As it ripens at the same time, and sowing these sown with other grasses, both for hay and pasturage, under the heading of Orchard Grass, Tall Meadow Grass, and the last of growing. Price: “Gold” Brand Fancy Red Clover Seed, Bu. of 60 lbs. 20c. “Silver” Choice Bolgiano Seed, Bu. of 60 lbs. at $0.75. Please write us for market prices.

1132. Alskie Clover. Alskie Clover grows thicker and is finer in growth than Red Clover, making better hay and pasturage. It is also harder, resisting extremes of heat and drought and also severer cold weather to a remarkable extent. It is perennial and does not die out with the first winter kill. It succeeds on a variety of soils, upland and lowland as well as stiff bottom lands. It will do better for grain than any other Clover. It is sure to give a good stand and make better crops than either the Red or Mammoth Clover, and in sections where these Clovers have been uncertain Alskie is superseding them altogether. When sown with other grasses it forms a quick undergrowth and greatly increases the value of clover. It is well adapted for sowing with Red Clover, Timothy, Ford’s Grass, and other grasses, as they mature with these grasses, but flowering a little later than Red Clover. Alskie Clover, both Brand Seed, Bu. of 60 lbs. at 20c. “Silver” Choice Bolgiano Seed, Bu. of 60 lbs. at 18c. Please write us for latest market prices.

1133. Mammoth or Sapling Clover. Is similar to Red Clover in appearance of seeds and habits of growth, the difference being larger growth and later maturing. It is often used for hog pastures. As a soil improver to plow under it is considered superior on account of its extra growth. It is a good variety for this soils to seed with Timothy, Meadow or Red Clover, Ford’s Grass or Red Top, as it matures about the same time as these grasses. Sow 10 to 12 lbs. per acre, at the time to sown when. Sow with Timothy 6 lbs. Sapling Clover and 8 lbs. Timothy to the acre. Price: “Gold” Brand Fancy, Bu. of 60 lbs. 21c. “Silver” Brand Bolgiano Seed, Bu. of 60 lbs. 18c. Please write us for latest market prices.

1134. White Clover. This is largely used in lawn and permanent pasture mixtures, and is indigenous to the soils throughout the Middle and Southern States. It makes a small, compact growth, covering the ground like a carpet, and allows no grass or weeds to grow under it. It is often used as a cover for hay, in either Spring or Fall. When sown by itself, at the rate of 5 to 6 lbs. per acre. It is better, however, sown with other grasses, as stated above. Price: “Gold” Brand Fancy, 1/2 lb. 20c. 1/2 lb. 30c. 1 lb. 50c. 10 lbs. or over at 15c.

1135. Japan Clover. We do not recommend this Clover for land that can be successfully grown in any grasses or clover, but on waste land or poor, worn-out soils it will furnish excellent, nutritious pasturage. Sow at the rate of 10 lbs. per acre, in March or April. 10 lbs. at 20c. Write us or over at 20c.

1136. White Blossom Sweet Clover or Bokhara. (Hulled.) Melilotus Albus. A strong growing clover which has been grown in the South and West, used as a haying crop, and for feeding purposes. It is a hulless clover, and as a result it does not cause stock to bloat. Sweet Clover is especially valuable for building up worn-out soils and grows almost anywhere except in acid soils. Sow 15 to 20 pounds per acre. “Gold” Brand, 20c. Bu. of 60 lbs. $1.10.

1137. White Blossom Sweet Clover (Unhulled). “Gold” Brand, 20c. Bu. of 60 lbs. at 10c. 10 lbs. or over at 5c.

1138. Yellow Blossom Sweet Clover. (Melilotus Indicus.) A strong growing annual, valuable for inoculating soil with bacteria previous to growing Alfa, also good for hay and pasture as well as a splendid producer of honey. 10 lbs. at 40c. 20 lbs. at 75c. 50 lbs. at $1.50. It is a splendid clover for stock, and for stock driving in cold weather, as it does not cause stock to bloat. Sweet Clover is especially valuable for building up worn-out soils and grows almost anywhere except in acid soils. Sow 15 to 20 pounds per acre. “Gold” Brand, 20c. Bu. of 60 lbs. $1.10.

1139. Burr Clover. Southern grown in the burr, a perennial legume. For the South It is a most valuable Winter growing crop, also makes fine hay. Sow 2 to 3 lbs. per acre July until after October by itself or with Bermuda Grass or Winter Vetch. 10 lbs. at 20c. 100 lbs. and over at 15c.

1140. California Burr Clover or Hulled Burr Clover. Similar to Southern Burr Clover. Sow 15 to 20 lbs. per acre July until October by itself or with Bermuda Grass or Winter Vetch. 10 lbs. at 20c. 100 lbs. and over at 15c.

Alfalfa Seed

Alfalfa Yields Splendidly Throughout the South, Yielding 4 to 6 Cuttings Per Year, Increasing Yield Each Successive Year

1129. Alfalfa ranks higher than Timothy hay in feeding value. In fact it might be termed both corn and hay, as it is grown on the non-gluten flour stations where the feeding value of Alfalfa hay at $2 per ton, as against Timothy Hay at $1 per 100 per ton, shows what a valuable crop it is. Alfalfa is used throughout the entire States that are well, set in Alfalfa self-sown at from $100 to $200 per acre; and so a crop of this kind pays for the entire extra care and fertilizing, and is a good stand and good crops; better to have five acres well set in Alfalfa than any other grass which would, under ordinary circumstances, require a year's preparation plus an additional year. The acreage of Alfalfa is increasing very largely all over the Middle and Southern States; our farmers are fast beginning to appreciate what a valuable crop it is for this region. Alfalfa will succeed on well-drained soil, but the land must be well and thoroughly prepared for the best results. It is much more important to do this properly and work in the land before sowing, than to put in a poor stand and add better to it. We are in the habit of taking the best Alfalfa seed and furnishing it to our friends at prices that will pay for the seed and the land. The market for Alfalfa is a very large one, and the demand for seed is continually increasing. The majority of farmers who have grown alfalfa for hay and seed, have been extremely pleased with it, and next year they desire to increase their acreage. The demand for seed is now stronger than ever. The price of seed this year is about $0.80 per bu., but we have plenty to sell.
Dwarf Essex Rape

1127. It is an annual, bearing a close resemblance in leaf and stalk to the Bota Baga, but both leaves and stalks are more numerous in the Rape plant, and of a taller habit of growth. It is a pasture plant which may be eaten off by any kind of live stock, but it is preeminently fitted to furnish pasture for sheep, cattle and swine. Under favorable conditions Rape is ready for pasturing sheep or cattle within 6 weeks from the time of sowing, and on an average acre will carry from 12 to 15 sheep until 2 months. When on the Rape they should at all times have access to salt, but water is not necessary. As it thrives best in cool weather, it should not be sown in the Southern States until September or October, as the weather in the latter months is not adapted for its proper development and properties are probably twice as good as those of Clover, and for sheep the feeding value of Rape excels all other plants we know of. Under average conditions a yield of from 10 to 20 tons or more of green forage per acre may be expected. For use as hay pasture sow Rape early and at successive intervals. It may well follow any grain crop and is always splendid to plow under for green manure. Sow 5 lbs. per acre broadcast. 2 to 3 lbs. per acre in drills. 20c. lb. 10 lbs. at 15c. 100 lbs. $1.00.

Flax

1194. Flax. When grown for seed, sow one bushel to acre; if fibre is wanted 2 to 3 bushels. Lb. 10c. Pk. $1.00. Bu. of 50 lbs. $3.25. Prices fluctuate.

Buckwheat

Buckwheat. For a late Summer crop Buckwheat is very desirable and profitable, especially in mountainous sections. It is easily grown, makes splendid flower food for bees and of a large yield of grain, which can usually be sold for remuneration prices. As a smothering crop where the land contains objectionable weeds, it is very desirable, and it puts the soil in admirable condition for crops to follow.

1160. Japanese Buckwheat. It has the advantage of remaining for sometime in bloom and produces seed earlier. It resists drought and blight very well. As much as 10 bushels to the acre have been harvested every year, making it very profitable to raise. Sow 1 bushel per acre. Pk. 50c. Bu. $1.75. Please write us for latest prices.

Speltz, or Emmer

1210. Speltz. Prepare your ground as you would for wheat or oats, sow at the rate of two bushels per acre. It is extremely hardy and can be sown earlier than Spring wheat or oats, as light frost does not affect it; it can be sown later, but early sowing is better. Pk. 50c. Bu. of 40 lbs. $1.50. Please write us for prices.

Mammoth Russian Sunflower

1211. Sunflower has proved to be the best paying crop of anything that has been planted during the last two years. Sow in March to April, 50 lbs. per acre. Plant with Corn drills in rows 3 to 3½ feet apart and thin to 1 plant every 18 to 22 inches, cover very lightly, not over 2 to 2½ inches, the less the better. 5 lbs. 50c. 10 lbs. 75c. 100 lbs. 9.00.

1149. Hairy Vetch (Vicia villosa) This is a very valuable forage plant and is rapidly becoming more popular each year, as the farmer of this section is learning more of its great value. It is very hardy, is valuable as a Winter cover crop to prevent leaching, and for forage and fertilizing purposes. It is an annual, but resows itself and will continue to grow in well-drained soils and thrives surprisingly on poor, light land and will endure extremes of drought, heat and cold. It improves the soil, being a great nitrogen gatherer. The roots bear innumerable nodules or nitrogen-gathering bacteria. They take the nitrogen from the air and restore it to the soil, where it is so much needed. It belongs to the Pea family, but the vines are much longer and the foliage is more abundant. It may be sown either in the Spring or Fall with about half a bushel of Rye or Oats for support. It grows rapidly and is particularly valuable in sections where Clover does not thrive. In the North it remains green all Winter under the snow and is invaluable for early pasturing or sowing. The Department of Agriculture estimates the value of an acre of this Vetch plowed over equal to commercial fertilizer at the rate of from $16 to $40 an acre. When sown in August or September it covers the ground before frost and prevents leaching of the Winter and Spring. When sown in April or May it can be cut in July, the second growth affording excellent pasture during the Summer. The yield of green fodder is from twelve to twenty tons to the acre. This may seem to be an exaggerated statement, but when the amazing storing properties of this plant are known the yield is readily accounted for. As many as twenty long vines spring from each root. When raised for hay it should be left standing until some seeds have become well formed. Not only does it produce an enormous amount of very valuable feed, but it at the same time restores to the soil a great amount of nitrogen. If 40 to 50 pounds of seed are sown per acre, 50 to 60 pounds of seed required to the acre. "Gold" Brand, Lb. 20c. 10 lbs. at 15c. Bu. of 100 lbs. at 15c. We write for latest market prices.

Spring Vetches or Tares

1150. Closely associated with peas in character. Used for the same purpose as Hairy Vetch, but must be planted in the Spring wherever the Winters are severe, as this variety is not so hardy as Hairy Vetch. Highly valuable for soil building and for green manuring. Sometimes grown with oats for mowing and feeding to stock. Thrives best in well-drained soil, doing best in loams or sandy loams, though excellent crops are grown both on sandy and gravelly soils. Sow 70 to 90 pounds per acre, and plant with Corn drills, 4 to 6 plants per foot. Sow in Spring while the ground is cool and moist or in early Autumn. "Gold" Brand, Lb. 15c. 10 lbs. at 10c. 100 lbs. at 8c. We write for latest market prices.

Oregon Vetch

1275. Same as Spring Vetch, but owing to its hardiness is known as Oregon or Winter Vetch. It can be planted in the Fall in all of the Southern States as well as in the Spring with results about the same. It is hardy in cold and sometimes will stand 50 to 60 pounds of seed per acre. Sow 50 to 60 pounds Vetch and 40 pounds Oats. "Gold" Brand, Lb. 15c. 10 lbs. at 12c. 50 lbs. at 10c. 100 lbs. at 8c. We write for latest market prices.

Sow Scarified Seed and Increase Your Yield

We will Scarify your Sweet Clover, Alfalfa or Burr Clover for one cent per pound above our listed prices

Sweet Clover, on average contains 50 per cent hard seed, Alfalfa on average contains 25 cent hard seed. Although the seed may be 100 per cent pure, tests have proven it sometimes takes six months to a year to germinate. If you order early, you will get your seed early.

Have your seed scarified and practically all of them will grow. The scarifying is done by a machine specially built for the purpose of scarifying the hard outer coating of the seed, thereby allowing the moisture to penetrate quicker, producing a more rapid and complete germination. The extra cost of scarifying is more than made up in the large increase in yields obtained.
INOCULATE YOUR LEGUME SEED FOR ONLY 50 CENTS PER ACRE WITH STANDARD INOCULATION
And Help the Crops Enrich Your Land on Which They Grow

Legumes without the presence of proper bacteria rob the soil of nitrogen, making it poorer the same as do other crops, and since nearly all soils are short of nitrogen, it is very important that legume crops should be soil-builders, not soil-robbers.

Legumes when supplied with strong active nitrogen-gathering bacteria of the proper kind are enabled to produce larger yields and also enrich the land. These bacteria when present in the soil in sufficient quantity attach themselves to the roots of legumes, wherein they live, and draw large quantities of nitrogen from the air. This nitrogen drawn from the air by the bacteria greatly aids the growth of the crop with which they are living, and also at the same time there is being deposited in the soil quantities of nitrogen to grow further good crops of any kind.

Some soils may contain enough of the proper bacteria; however, many soils do not. Legume crops not amply supplied with these nitrogen-gathering bacteria do not do full work in improving the soil, but on the contrary may be wearing it out. Since the importance of these bacteria is an established fact, it is most advisable to make sure of having crops well supplied. This can be done by using reliable inoculating cultures on the seed before planting.

These cultures are easily and effectively handled by anyone following the simple directions for use found on the bottles. This is the safest, quickest and cheapest way of improving your soil. This inoculation is not for direct use on such crops as Corn, Cotton, Grain, Potatoes, etc. When used on all the legume crops such as Vetch, Alfafla, Soy Beans, Cow Peas, Clovers, Peanuts, etc., large quantities of nitrogen accumulates in the roots and is left in the soil to grow good succeeding crops of Corn, Cotton, Grain, etc. Inoculation does double work—first, improving the crops inoculated, and second, enriching the soil to grow good crops of the kinds which cannot be inoculated.

GROW BETTER CROPS

SAVE FERTILIZER EXPENSE

All this you can do by growing inoculated legumes, and we strongly advise you to inoculate your Cow Peas, Soy Beans, Vetch, Alfafla, Peanuts, Clovers and all other legume seed before sowing.

Mulford Cultures for Legumes

Mulford Cultures contain pure, tested strains of active, vigorous nitrogen-fixing bacteria for inoculating seeds of legumes or soil.

Mulford Cultures are "different" and should not be confused with other brands.

The color is different (they are dark, almost black, due to a special ingredient added to increase the growth and activity of the bacteria).

The count is different (bacterial counts show fully twice as many bacteria as in the old form cultures).

The bottle is different (being sealed—an important feature which prevents all possibility of contamination from the outside air).

Legumes offer the best-known means of maintaining soil fertility and rejuvenating over-cropped and worn-out fields. They add both humus and nitrogen to your soil and thus increase your yield of Wheat, Cotton, Corn and other non-legume crops.

The U.S. Department of Agriculture and many State Agricultural Experiment Stations recommend inoculation of legumes with nitrogen-fixing bacteria to induce a prompt "catch" and increase your yield.

MULFORD CULTURES ARE PREPARED FOR

FREE DESCRIPTIVE LITERATURE SENT UPON REQUEST
Cow Peas

Peas could be made to bring more nitrogen to the soils of this country every year than is now purchased annually by the farmers at the cost of millions of dollars.—Yearbook of the U.S. Department of Agriculture.

The great soil improvers. Makes poor land rich. Makes good land more productive. Also makes a splendid and nutritious hay crop, enriching the soil even when the crop is cut off.

1175. Mixed Cow Peas. We strongly recommend sowing Mixed Cow Peas as a soil improving crop. The weighty growing varieties holding up the vines vary in maturity, they will make a better growth and give more satisfactory results, yielding better crops of vines and more forage. They are composed of the Black, Black Eye, Clays, Whitewater, Will, Wonderful, New Era and Soja Beans. If once tried you will sow others where large crops are desired. Bu. $2.85. 10 Bu. at $2.75. Please write us for latest prices.

1159. New Era. This new extra early Cow Pea is unquestionably one of the most valuable varieties in cultivation. It is quicker in growth than any other Cow Pea in cultivation; makes a very large growth of vine and very prolific yield of Peas. The vines stand upright, enabling the Peas to be easily gathered. The Peas are fully one-third smaller in size than any other Cow Pea, so that it does not require nearly as much to seed an acre. Bu. $2.85. 10 Bu. at $2.75. Please write us for latest prices.

1166. Wonderful or Unknown Pea. Seed medium sized and buff. Vines erect if planted early, trailing if planted late. Seed matures late. Bu. $2.85. 10 Bu. at $2.75. Please write us for latest prices.

1208. Shinynee Pea. Very popular, seed large, medium white and red, early maturing, erect vines. Bu. $2.85. 10 Bu. at $2.75. Please write us for latest prices.

1190. Red Rippers. Red seeded, resembles Black Cow Peas in growth of vines, but 10 days earlier and most prolific. Bu. $2.85. 10 Bu. at $2.75. Please write us for later varieties.

1211. Gray Crowders. Vines trailing, seed large and motled blue and gray. Matures medium late. Bu. $2.85. 10 Bu. at $2.75. Please write us for latest prices, and for late varieties.

Canada Field Peas

1165. Here is a crop which is not only profitable, but will return to the land the much needed nitrogen. Peas are second only to Clover in their enriching properties and can be grown under almost any condition of soil or climate. There is always a ready market for Peas. The good stock can be planted early and mature seed will be ready for market by June, July, or August, depending upon the variety. Seed may be planted at any time of the season and will produce a heavy yield in good time. Peas are a paying crop, and can be profitably planted in many ways.

First. When sown alone or with oats and fed green. It is surprising the amount of fodder which is produced in this way. If sown together, the Peas should be sown first and plowed under about four inches deep, the Oats may then be drilled in.

Fourth. For plowing under when Peas and Oats are sown together and each species of grain are back to back and then plowed under. They are nearly equal in value to Clover, used as a manure and to enrich the soil. Sown in January, February or early March. Pk. $1.00. Bu. $3.50. Write for prices.

Soja Beans

1242. Mammoth Yellow. The largest growing and most popular Soja Bean for forage purposes, although a little later in maturing than other varieties. Bu. $2.35. 10 Bu. at $2.25.

1243. Tar-Heel or Mammoth Black. Slightly earlier than Mammoth Yellow and produces about same amount of forage. Bu. $2.35. 10 Bu. at $2.25.

1244. Mammoth Brown. Matures slightly earlier than Mammoth Yellow and produces about one-third more forage. Bu. $2.35. 10 Bu. at $2.25.

1245. Early Hollybrooks. Seed smaller than Mammoth Yellow. Matures two to three weeks earlier and is adapted to sections with short seasons. A sure and vigorous cropper. Bu. $2.75. 10 Bu. at $2.65.

1246. Wilson Black. Very small seed, matures in about ninety days, can be grown in the Northern States where an early variety is desired. Bu. $3.50. 10 Bu. at $3.50.

1247. Pekin. Similar in appearance to Wilson, maturing about the same time. Average height 2½ to 3 feet. Bu. $3.50. 10 Bu. at $3.50.

1248. Sable. Small seed, similar in appearance to Pekin and Wilson and produces about the same amount of forage, but matures slightly earlier. Bu. $3.50. 10 Bu. at $3.50.

Seed Oats

1150. Burt or 90-Day Oats. The earliest, most prolific and surest cropping of Spring Oats, supplant about an ordinary Series. A fine, new, early maturing Cow Pea, some years back the urgent demand for this Oat is grown it comes into great favor. For a Spring Oat for seeding in March and April it is the best and surest of Spring Oats. It is earlier to mature, free from rust, healthy, clean and vigorous growth of straw, and makes a very good yield of clean, bright and heavy grain. On account of its earlierness to mature, it escapes the dry hot weather we frequently experience in June. These Oats will mature three weeks earlier than others and account one of the surest cropping varieties of the South. Color and appearance of grain somewhat resemble the rust-proof Oat. Pk. 40c. Bu. $1.00. Please write us for latest prices.

1191. Red Rust-Proof Oats. These Oats are very popular throughout the South, especially on the dry, sandy soils of the coast region. They are also preferred for low grounds or in situations where other oats are much inclined to rust. Pk. 40c. Bu. $1.00. Prices fluctuate.

1195. White Spring Oats. This is the variety most generally sown throughout the North and West, and is also so largely grown in this section, although the newest varieties offered by us are decidedly preferable, both as to yield and reliability of cropping. Price of $1.50 per bushel for cleanest grade of seed (heaviest and cleanest quality), $1.25 per bushel for clean grade, $1.00 per bushel for ordinary. Please write us for market prices.

1272. Appler Oats. The Appler Oat is equally adapted for sowing both in the Spring and Fall, but when sown in the Spring should be sown before the middle of March. It is a strong, quick growing Oat, bouncy head and heavy grain. One of the best and most reliable Rust-Proof Oats for the South. Pk. 40c. Bu. $1.00. Please write for market prices.

1273. Buncroft Oats. An improved strain of Rust-Proof Oats. One of the best, largest yielding and surest cropping of Spring Oats. Matures in about 95 days. Pk. 40c. Bu. $1.00. Please write for market prices.

Burt or 90-Day Oats

Burt or 90-Day Oats

New Era Cow Peas. 43 Days after Planting
1113. Improved Leaming Corn. Its extreme earliness and fine quality has made it very popular with the farmers, and especially with those in the localities where the seasons are short. It produces from 65 to 90 bushels to the acre, in accordance with the quality of the soil. The ears and grains are of medium size. Pt. 15c. Qt. 15c. 40 cts. 45c. Pt. 75c. Bu. $2.50.

1112. Improved Golden Dent Corn. We sell thousands of bushels of this splendid Yellow Corn every year, and it is one of the best and most reliable cropping Yellow Corn in cultivation. It makes a large sized ear, small cob, deep grains which are of a bright, attractive golden yellow color. It is singularly robust, and withstands injury by adverse weather or other unfavorable conditions better than any other sort we know of, the ears and grains maturing remarkably well, and always being marketed in bright, sound condition. Produces two or three ears to the stalk, and for a first class large yielding yellow corn, particularly adapted to the South, it is strongly recommended. Pt. 15c. Qt. 15c. 40 cts. 45c. Pt. 75c. Bu. $2.50.

1113. Iowa Gold Mine Corn. A splendid Yellow Dent variety. It is early, ears are not excessively large, but of a good size and symmetrical. Color a bright, golden yellow, shining like a new corn direct from the moist. Grain is very dry, solid and dries out nearly as soon as it rises. Seventy pounds of ear Corn make 60 to 62 pounds of shelled Corn, and in hauling to market, weighs out five bushels more to the wagon load than common varieties in the same size wagons. Seventy pounds of Iowa Gold Mine Corn on the ear on the average, furnish the grower 64 pounds of shelled Corn and only 6 pounds of cobs. This cannot be equaled by any other Corn in the world. The kernels are deep, wedge-shaped. Pt. 10c. Qt. 15c. 40 cts. 35c. Pt. 60c. Bu. $2.50.

Boligiano’s Wonderful New Prosperity Yellow Dent Corn

1117. Iowa Silver Mine Corn. The stalks grow to 7 to 8 feet high and set the ears about 3½ to 4 feet from the ground. Just the right height for easy picking. Early, maturing in 95 days, dries out rapidly and is ready for market very early. Sow early. It has a clean, long, soft, red ear, a tall cob with 15 to 20 rows, and long and red and the kernels on the cob are very close together, so that there is scarcely any room between them. The Silver Yellow Dent Corn variety makes a splendid Yellow Dent variety except “Prosperity.” The ears average 8 to 10 inches long. The stalk is very hard and is not easily blown down. It matures in 90 to 100 days and is a handsome yielder in Middle and Southern States. Pt. 10c. Qt. 15c. 40 cts. 45c. Pt. 75c. Bu. $2.50.

White Varieties of Seed Corn

1117. Iowa Silver Mine Corn. The stalks grow to 7 to 8 feet high and set the ears about 3½ to 4 feet from the ground. Just the right height for easy picking. Early, maturing in 95 days, dries out rapidly and is ready for market very early. Sow early. It has a clean, long, soft, red ear, a tall cob with 15 to 20 rows, and long and red and the kernels on the cob are very close together, so that there is scarcely any room between them. The Silver Yellow Dent Corn variety makes a splendid Yellow Dent variety except “Prosperity.” The ears average 8 to 10 inches long. The stalk is very hard and is not easily blown down. It matures in 90 to 100 days and is a handsome yielder in Middle and Southern States. Pt. 10c. Qt. 15c. 40 cts. 45c. Pt. 75c. Bu. $2.50.

Kaffir Corn—The Great Forage Plant

1117. White Kaffir Corn. Makes nutritious food for stock and poultry. Kaffir Corn in the last few years, has been generally grown with Cow Peas, broadcast at the rate of a peck of Kaffir Corn to a bushel of Cow Peas per acre. The Kaffir Corn helps to hold the Cow Peas up off the ground, thus causes a large growth of Cow Peas, and both can be cut together, making an enormous yielding crop of most nutritious feed. For a forage crop when sown by itself Kaffir Corn should be sown broadcast at the rate of 5½ to 1 bushel per acre. When sown with Cow Peas, Kaffir Corn will grow on top of Cow Peas, and in all stages it is available for green food. Bu. 10c. Pt. 60c. Bu. $0.50. 81.75. Special price in quantity. Write for latest prices.

1118. Early Amber Sorghum. Furnishes a large yield of most nutritious forage, which can be fed either green or cured, and will yield 2 or 3 cuttings a year, standing out thicker each time it is cut. It grows 10 to 12 feet high. Sow broadcast for forage at the rate of 1 to 1½ bushels per acre. When sown in drills sow at the rate of 1 peck per acre in drills 3½ to 4 feet apart. Pt. 5c. Pa. 10c. Pt. 75c. Bu. $0.50.

1119. Red Kaffir Corn. Non-saccharine. The plant is low, stalk, perfectly sweet—edible green material. It can be sown at any time, and in all stages it is available for green food. Bu. 10c. Pt. 60c. Bu. $0.50. 81.75. Special price in quantity. Write for latest prices.

1120. White Kaffir Corn. When sown with Kaffir Corn, somewhat similar to the Kaffir Corn, valuable for both forage and grain. Cultivation is same as for Kaffir Corn. 10c. Pt. 60c. Bu. $0.50. 81.75. Special price in quantity. Write for latest prices.

1122. Early Orange Sorghum. This variety is rapidly growing in favor wherever it is tried. Similar in growth to Early Amber, but it is claimed that it produces a larger yield of sugary stalks. 5c. Bu. $0.25. 75c. Bu. $0.50. Price Buctuates.
Bolgiano's Giant Orchid Flowering Countess Spencer Type

69

Mrs. Bolgiano's The Aurora by the 5c borne 10c. Cross OZ. 10c. $2.50.

Mrs. Bolgiano's The Lb. 5c

The Eighteenth Century

1. Macie Correlli Spencer. The large flowers are brilliant rose carmine or red of the true Spencer form. The best type 10c. Oz. 25c. 1/4 lb. $1.00. Lb. $3.00.

2. Mrs. Routzahn Spencer. The beautiful coloring is buff or apricot ground flushed with pink deepening toward the edges. Charmingly a cut flower. Pkts. 5c and 10c. 1/4 lb. 75c. Lb. $2.50.

3. Senator Spencer. The color is a varying combination of deep claret, chocolate, striped and flaked on a ground of light heliotrope. The vises are a perfect mass of bloom throughout the season. Pkts. 5c and 10c. Oz. 25c. 1/4 lb. 75c. Lb. $2.50.

4. True Countess Spencer. The coloring is a soft rose-pink, which deepens at the outer edges and becomes still richer or more heavily suffused with crimson. In form and coloring Countess Spencer is simply exquisite. Pkts. 5c and 10c. Oz. 30c. 1/4 lb. 90c. Lb. $2.75.

5. Blanche Ferry Spencer. Pink and White. These beautiful contrasted colors in the large wavy standard and wings are a welcome addition. Pkts. 5c and 10c. Oz. 30c. 1/4 lb. 90c. Lb. $2.75.

6. White Spencer. A pure wavy white of enormous size and splendid substance. Pkts. 5c and 10c. Oz. 30c. 1/4 lb. 90c. Lb. $2.75.

7. Asta Ohn Spencer. This is the first lavendar of the True Spencer. The large flowers are waved and fluted. Pkts. 5c and 10c. Oz. 25c. 1/4 lb. 75c. Lb. $2.50.

This wonderful mixture contains only the rarest and most lovely Countess Spencer varieties, grown separately, then mixed in proper proportion so as to contain all varieties and colors. Pkts. 5c and 10c. Oz. 20c. 1/4 lb. 50c. Lb. $1.75.

The New Spencer Sweet Pea—Fiery Cross

The Wonderful New Spencer Sweet Pea that has Attracted so much Attention the World Over

Fiery Cross is a most appropriate name for this most wonderful Sweet Pea. During the seventeenth and eighteenth centuries, when Scotland was continually at war, the method employed by the chiefs to gather the clans to repel invaders was by means of a fiery cross, which was taken from hamlet to hamlet by the yeomanry. The fiery cross was simply a blazing pine branch. The Color of Fire—Fiery Cross is the famous Sweet Pea for which the originator received $47,000 per ounce or $1.50 per seed recently. Fiery Cross has all the appearance of live fire, the color being a scorching fire-red, or scarlet, without any shading and which scintillates and glitters in bright sunlight, thus adding a glowing, fire-like sheen which radiates over the flower. Unlike most of the orange-scarlet varieties, it does not scorch or burn even during extended periods of intense sunshine, therefore it can be grown in all soils without shading. The beautiful waved and fluted flowers are borne freely in threes and fours, well placed on long stems. Pkt. 25c.

Beautiful Flowers, Delicious Vegetables, Luxurious House Plants

All These Pleasures Are Assured if You Use BON-ARBOR, the Ideal Food and Tonic for Household Plants and Roof Garden and Vegetable Gardens—Clean, Safe, Odorous, Effective

Bon-Arbor is immediately soluble in cold water, therefore all the important ingredients are readily available when required by the plant's growth. Bon-Arbor contains Nitrogen, Phosphoric Acid and Potash in sufficient quantities, to stimulate the growth it makes.

BON-ARBOR Is Put Up As Follows:

One-half-pound package, making 15 gallons, by mail postpaid, 35c; 1-pound package, making 30 gallons, by mail postpaid, 60c; 5-pound package, making 150 gallons, by express, not prepaid, $2.50.
Boligiano's Reliable Flower Seeds Produce the Most Beautiful Flowers that Grow

Boligiano's Reliable Flower Seeds Are Fresh, Pure and True

Very Large Packets 5c Each, 6 for 25c, Mammoth Packets 10c Each, 4 for 25c. Parcel Post Rates, see Page 3

Plain Culture Directions Printed on Each of Our Flower Seed Packets. With this Help You Are Sure of Success

1. Abutilon. Flowering Maple. Elegant flowering perennial shrubs, of strong growth and easy cultivation, free flowering with various colored beautiful drooping flowers. Considered indespensable for flowering indoors during the Winter and Spring months and useful for bedding out in the Summer. Pkts. 5c, 10c and 25c; 1 Oz. $1.10. Oz. $4.00

2. Achillea. From Spring sown seed covered with heads of palest white flowers, very double. Useful for cut flowers. Pkts. 5c, 10c and 25c.

3. Aconitum. Napoleon Monk's Hood or Wolfshane. A Hardy perennial, growing in any good garden soil, producing long spikes of curious-shaped blue and white flowers. Well adapted for planting among shrubbery or in shady corners of the garden. 3 to 4 feet. Pkts. 5c, 10c and 25c.

4. Agrostemma. A pretty annual "Everlasting," growing about 15 inches high, bearing lovely white or rose-pink flowers, which, when cut in the bud stage, can be dried and used in Winter bouquets. A nice thing to grow in a mixed border aside from its use as an everlasting. Double mixed. Pkts. 5c, 10c and 25c. Oz. 3c.

5. Adenia. Mountain Fringe. Garinish. A graceful hardy perennial clump, but as it resumes itself year after year, it might be considered perennial. The feathery foliage closely resembles that of the Maiden Hair Fern. The flowers are tube-shaped, flesh-colored, somewhat like the Bleeding Heart, and completely cover the plant. For covering trellises, etc., it is very desirable. Flowers the first year from seed. Pkts. 5c, 10c and 25c.

7. Ageratum. One of the best Summer-blooming plants. They are rapid growers and constant bloomers. During the hot, dry Summer months their bright flowers are produced in the greatest profusion of charming blue or white flowers. Pkts. 5c and 10c. Oz. 25c.

8. Agrostemma. Rose of Heaven. Coronaria. An attractive free flowering, hardy perennial of easy culture, producing glowing crimson flowers like a single pink and silver-white foliage, blooms the first season; fine for cutting. 2 feet. Pkts. 5c and 10c. Oz. 25c. 4 Ozs. 75c.

9. Alyssum. Sweet. Little Gem. A beautiful white variety of Sweet Alyssum, especially adapted to edging borders and rock work. The plants grow about 6 inches, produce hundreds of flowers and form a mass of blooms 15 to 18 inches in diameter. Hardy annual. Pkts. 5c and 10c. Oz. 40c. 1 OZ. 85c. 1/2 lb. $1.00.

11. Amaranthus. Caudatus. Love Lies Bleeding. Rapid growing garden annual, with long, drooping, crimson flowering spikes, 3 to 5 inches high. Pkts. 5c and 10c. Oz. 15c.

13. Anchusa. Italia Dropmore. One of the best hardy perennials, and becoming more popular each season, grows 2 to 3 feet high, and bears an abundance of flowers of the richest gentian-blue during May and June. Pkts. 5c. 10c and 25c.

15. Antirrhinum. Snap Dragon. Beautiful spikes of gayly colored flowers which are one of the best cut flowers which can be grown from seed. While for beds or borders they are a pleasure, being in flowers all the time if placed in a sunny position. Pkts. 5c. 10c. Oz. 30c. 4 Ozs. $1.00.

16. Aquilegia, or Columbine. An elegant, graceful, beautiful Spring flowering plant, producing exquisitely spurred flowers on stems rising 2 feet above the fern-like foliage; splendid for cutting. Double mixed. Pkts. 5c, 10c and 25c.

17. Arabis. Alpina. Rock Cress. Early Spring flowering plant especially adapted for edging and rockery, plants form a dense carpet completely covered with pure white blossoms, perennial. May. 6 inches. Pkts. 5c, 10c and 25c.

18. Arctotis. Grandis. African Daisy. Buxury annual plants, producing the entire season, on long stems, large daisy-like flowers, pure white on the upper surface, the reverse side of petals bluish-blue. 2 feet. Pkts. 5c, 10c and 25c.

19. Argemone. Grandiflora. The Thrifty Poppy. Two feet. Lovely plants with an ornamental foliage and large, handsome, Poppy-like flowers, snow-white, filled in the center with golden stamens, very beautiful. Pkts. 5c, 10c and 25c.

21. Asparagus. Sprengera. Emerald Feather. One of the best plants to grow for suspended baskets, window boxes, vases, etc., for the greenhouses in Winter and outdoors in the Summer. Pkts. 5c, 10c and 25c. 1/2 Oz. 50c. Oz. 1.00.

Boligiano's Constant Blooming Ageratum

Sweet Alyssum—Little Gem
Bolgiano’s Trustworthy Flower Seeds for 1917

**Bolgiano’s Giant Flowered Asters**

**Giant Hohenzollern Asters**

**The Finesh Ostrich Feather Type of Aster.** Much larger than the Giant Comet, the petals longer, more twisted, and produced in greater abundance. **Borne on long stems.**

- **White.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.50.
- **Crimson.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.50.
- **Orange.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.50.
- **Light Blue.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.50.
- **Deep Lilac.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.50.
- **Blue.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.50.
- **Mixed.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.50.

**Truffant’s Peony Flowered Perfection Asters.** For mid-season flowering we recommend these beautiful Asters; they are sturdily erect or upright in growth, averaging 2 feet high, produce fine, large double flowers.

- **Snow White.** Pkts. 5c and 10c. 1/4 Oz. 50c. Oz. $1.25.
- **Dark Blue.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.25.
- **Glowing Dark Crimson.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.25.
- **Light Red.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.25.
- **Light Blue.** Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. $1.25.
- **Mixed Varieties.** Pkts. 5c, 10c and 25c.

**Balsam.** Love in a puff. A rapid growing, annual climber; succeeds best in light soil, warm situation. Flowers white, seed vessels look like miniature balloons and they are of great interest. Pkts. 5c and 10c. 1/4 Oz. 50c. Oz. 20c.

**B الحديث.** Tuberous rooted. The plants are of robust, compact, habituated, dark green foliage, and brilliant, double cinnabar-scarlet flowers. Pkts. 5c, 10c and 25c.

**Bolbitis.** Large Daisy. A large growing, Spring flowering plant, a companion to the Pearly and Forget-Me-Not. Loves a shady place and will reward the gardener with a mass of blossoms for succeeding years if left undisturbed. Pkts. 5c, 10c and 25c. 1/4 Oz. 50c. Oz. 20c.

**Begonia.** Tuberous Rooted. The plants are robust, compact, habituated, dark green foliage, and brilliant, double cinnabar-scarlet flowers. Pkts. 5c, 10c and 25c.

**Brückchen.** Swan River Daisy. Freely blooming, 3-foot growth; annuals; covered during the greater part of Summer with a profusion of pretty blue or white flowers, suitable for edgings, small beds or patio culture; 9 inches. Pkts. 5c, 10c and 25c.

**Browalia.** One foot. One of our favorite, profuse-blooming hedging-plants, covered with rich, beautiful, winged flowers during the Summer and Autumn months, supplying a shade of intense purple which is very attractive, growing freely in any rich soil; blooms freely in the Winter if lifted in Autumn and cut back. Mixed varieties. Pkts. 5c, 10c and 25c.

**Cannas.** Giant-flowered, mixed. Please the seed in one spot with a fence and soak in lake water for 24 hours; another flowering white, dwarf profuse garden annual. 1 foot high. Pkts. 5c, 10c and 25c.

**Canary Bird Vine.** A rapid-growing Summer climbing annual, growing 10 to 15 feet high. It will cover trellis work in the most graceful manner, and the long branched soft-petalled, large, bright yellow flowers, which resemble a canary bird with expanded wings. Pkts. 5c and 10c. Oz. 25c.

**Carnation.** Marguerite. The plants of this wonderfully fine strain may be made to bloom in 3 weeks. The flowers are large, double, very fragrant and appear in very attractive shades of colors. Pkts. 5c, 10c and 25c.

**Colchicum.** Cockshocks. This beautiful dwarf plant has dark green leaves and forms immense corms-beauty heads; ostrich plumes, etc. Pkts. 5c, 10c and 25c.

222. **Torenia.** Fournieri. A splendid annual plant for vases, hanging baskets, borders, etc., covered the entire season with a mass of bloom. A most showy, graceful, and useful plant for combination with bright yellow center. Pkts. 5c, 10c and 25c.

223. **Triitoma.** Red Hot Poker Plant. Showy plants either for bedding, vases or pot culture. A most striking ornamental Autumn plant; valuable for shrubs, flower borders or beds; large spikes of orange-scarlet flowers; 4 to 5 feet. Pkts. 5c, 10c and 25c.

224. **Tunica.** Saxifraga. A neat hardy perennial plant, grows from few inches high and bearing the entire season, numerous elegant pink flowers. It is especially adapted for rockery or border plant; 1 foot. Pkts. 5c, 10c and 25c.

225. **Valeriana.** Veralien, Officinallis, Garden Heliotrope. A fine, old-fashioned hardy plant, with heads of rose flowers, with a strong Heliotrope odor. Pkts. 5c, 10c and 25c. Oz. 25c.

226. **Verbena.** Mammosa. This Verbena produces magnificent flowers in wide range of colors, with leaves larger than a silver quarter. The colors are rich and varied, embracing all the bright shades. Pkts. 5c, 10c and 25c.

227. **Verbena.** Busy or dwarf. These are free flowering hardly annuals of low spreading growth. Single plants in rich soil will cover a space 3 to 4 feet in diameter and furnish a profusion of flowers. Several varieties will keep the plants bloom much more freely. Pkts. 5c, 10c and 25c. 1/4 Oz., 50c. Oz. $1.75.

228. **Viola.** Scentella SPECTACI. An elegant, hardy perennial border plant; growing about 18 inches high; bearing all Summer long spikes of bright blue flowers. Pkts. 5c, 10c and 25c.

229. **Vinca Rosea.** Madagascar Periwinkle. Dwarf bedding plants with deep green glossy foliage and bright single blossoms of striking beauty; sow early. Pkts. 5c, 10c and 25c.

230. **Vincaria.** Very free blooming annuals. They form compact plants about 1 foot high and are covered from early Summer till Fall with their bright flowers, shaped somewhat like a single pink, borne on long stems; it is best to sow them where they are to bloom, thinning them out to prevent overcrowding. Pkts. 5c and 10c. Oz. 25c.

231. **Wallflower.** German. Finest Mixed. An old favorite garden flower. The large, massive spikes of the Wallflower are very conspicuous in the beds and borders and are very useful in making bouquets. Height about 1 1/2 feet. Pkts. 5c, 10c and 25c.

232. **Wild Cucumber.** Quickest grower of all climbers. Thickly dotted with pretty, white fragrant flowers followed by ornamental seed pods. Pkts. 5c and 10c. Oz. 25c.

233. **Xeranthemum.** Everlasting or Immortelle. Annual. One of the prettiest and most satisfactory of the everlasting bearing bright rose, purple and white flowers, which are not only showy in the garden, but useful for dried flowers in Winter bouquets. Grows about 3 feet high and can be sown in the open ground early in May, growing in any sunny position, remaining in bloom from early Summer till Frost. Mixed colors. Pkts. 5c, 10c and 25c.

234. **Zinnias.** Giant Mammoth. Mixed. The garden annuals are greatly improved; the plants form handsome bushes 2 feet in height, with large, double flowers of all brilliant colors. Pkts. 5c, 10c and 25c. Oz. 50c.

235. **Zinnias.** Dwarf. Thick branching little plants about 1 foot high; they fairly bristle with tiny, short-stemmed double flowers like a large daisy in size. They may be used with success in pots as well as for groups and edgings. Pkts. 5c, 10c and 25c. Oz. 50c.
Bolgiano's Excelsior Double Pearl

Tuberoses

Mailing Weight 1 lb. per box. 5 lbs. per 100
Parcel Post Rates, see page 3.

One of the most fragrant and most popular of the summer flowering plants. Easily recognized by its fragrance and beautiful flower spikes, which are borne on long stems, making it an admirable cut-flower for home decoration. Plant in open ground after the first day of May. If started in pots and then transplanted to open ground it can be had much earlier.

MAMMOTH BULBS

Bolgiano's Mammoth Excelsior Dwarf Pearl Tuberoses are a special selection which we have perfected after years of selecting and improving. This mammoth strain is positively the highest type of Tuberose. The kind to grow if you desire prize blooms. Prices: 5c each. 50c doz. $2.75 per 100.

First Size Bulbs. These are choice, selected stock, free flowering, which are borne on long stalks. They are the kind that are ordinarily sold for Mammoth Bulbs. Prices: 3 for 12c, 50c doz. $1.00 per 100.

Second Size Bulbs. All flowering, often sold by so-called bargain stores under the name of first-class. Prices: 6 for 12c, 20c doz. $1.00 per 100.

Bolgiano's Fragrant Paeonies

"QUEEN OF SPRING FLOWERS"

The old-fashioned Paeony official was in our grandmother's garden, while still popular because of their early flowering, have been eclipsed by the wonderfully improved sorts introduced in recent years. They are the "Queen of Spring Flowers," and are well adapted for massing in beds, and particularly valuable for planting in groups throughout the perennial or shrubbery border, where their brilliant hues add attraction to all around. Their requirements are so simple—a good, rich, deep soil, and an open, sunny position, which, however, is not absolutely necessary, as they thrive almost equally as well in a partly shaded position, and a liberal supply of water during their growing season being sufficient to give an abundance and wealth of flowers, which rival the finest Roses in coloring and fragrance, and produce during their flowering season a gorgeous effect not equalled by any other flower. They are perfectly hardy, requiring no protection, even in the most severe climate, and once planted increase in beauty each year.

An important point to observe in the planting of Herbaceous Paeonies is not to plant too deep. The roots should be placed so that the crown is covered with 2 inches of soil. Too deep planting is a frequent cause of blighting. Mailing Weight 1 lb. Each.

Unnamed Paeonies to Color—All Double Flowering. Parcel Post Rates, see page 3.

Our Paeonies to color you will find unsurpassed. They are fine, large flowers with rich colors, free bloomers. The roots we offer are strong. Be sure and try them. We have these Paeonies in Crimson, Red, White, Pink, Rose colors. Separate, 20c each. 3 for 50c.

Calladium or Elephant Ears

Calladium or Elephant Ears. One of the most effective plants in cultivation for the flower border or for planting out on the lawn. It will grow in any garden soil, and is of the easiest culture. To obtain the best results it should be planted where it will obtain plenty of water and abundance of rich compost. Foliage light green. When full size it stands 6 feet high and bears immense leaves 3 to 4 feet long by 2½ feet wide. Should not be planted in the open until May 1st, but to get them in early growth can be started indoors.

Mammoth Bulbs

These are particularly fine for center of beds, giving a beautiful effect where Cannas and Scarlet Sage are planted on the outside borders. They are the choicest and most select bulbs, producing the most massive effect with their foliage. Prices: 12 inches in circumference, each 25c. $2.75 doz. By mail add 10c per bulb.

Extra Large Bulbs. 9 to 11 inches in circumference 15c each. $1.30 doz. By mail add 10c per bulb.

Large Bulbs. 7 to 9 inches in circumference 10c each. $1.00 doz. By mail add 7c per bulb.

Small Bulbs. 5 to 7 inches in circumference 5c each. 50c doz. By mail add 5c per bulb.

Large Flowering Cannas

Enormous brilliant clusters of blooms borne on spikes above broad leaves of green or bronze in tropical effect characterizes the Canna Bed of today. No other bedding plant will give the same uniform good results in our region. No garden is complete, whether it be large or small, without a Canna Bed.

Culture. Cannas should be planted in good, rich garden soil, mixed with half of old rotten stable manure, by the end of May, when danger from frost is past. Water sparingly for first two weeks after planting. When growing freely, water liberally. Set the plants about 18 inches apart each way, and if more than one kind is used, be careful to plant the taller growing kinds in the center and the dwarf ones along the edges. This applies to planting in beds.

King Humbert. In this grand Canna we have a combination of the highest type of flowers with the finest bronze foliage. Its flowers measure 6 inches in diameter, produced in gigantic trusses, a brilliant orange-scarlet with bright red markings; foliage broad and massive, of a rich coppery-bronze; 5 feet, 10c each. $1.00 doz.

Burbank. 3 feet. Green foliage. The flowers are gigantic in size. Toward the inner part the petals show fine crimson spots; all the rest of the flower is of a rich canary-yellow. 3c each. 50c doz.

Egandale. 4 feet. Bronze foliage. Considered by experts the best in this class. Strong compact flower spikes. Color currant red. 7c each. 50c doz.

Chas. Henderson. 4 feet. Crimson flowers. Good bedding. Roots Winter well. 5c each. 50c doz.

If to go by mail add 10c per doz. to any of the above for postage.

Tuberous Rooted Begonias

Unexcelled for summer bedding, such as lawn beds and borders. They should be grown more extensively than they now are, for they require no more care than ordinary bedding plants. They will thrive either in full sunshine or partial shade, but when fully exposed to the sun the beds must be kept moist. Single mixed colors 5c each. Double mixed colors 7c each. 50c doz. Add 10c per doz. if to go by mail.

Madeira Vine Roots

An old-fashioned popular vine, covering a large space in a short time. Fleshy heart-shaped leaves of a light green, and numerous racemes of feathery white flowers of delicious fragrance. Mammoth Roots 15c each. $1.30 doz. Large roots 10c each. $1.00 doz. Small roots 5c each. 50c doz. Add 10c per doz. if to go by mail.
Gladiolus

Milling Weight 1 Lb. per Doz. 5 Lbs. per 100. Parcel Post Rates, see Page 3.

Rare and Beautiful Varieties

The Most Popular Cut Flower of the Day Now Within the Reach of All

This flower has made wonderful strides during recent years. Its popularity today is exceeded by few other flowers and it has by no means reached its limit. Failure with this flower has never been known. They will grow in any open position and bloom well. They are not only showy in the garden, but when cut with the first flowers open for 10 days in the house. The newer colorings defy the choicest orads. Plant bulbs 4 inches deep, 6 inches apart and stake when 2 feet high. Flowers appear from early July until late in the Fall.

America. A beautiful, soft, flesh-pink. The flowers are of the largest size. The petals are round, thick and strong and will last at least 10 days in the house after being cut. By far the most vigorous and easily grown Gladiolus known. Stalks 2 to 3 feet long. Mammoth Bulbs 5c each. 40c doz. $3.00 per 100. Extra Large Bulbs 3c each. 30c doz. $2.25 per 100.

Peace. A grand white with pale lilac featherings on interior petals; large flowers correctly placed on a heavy straight stalk 5 feet high. Peace is a wonderful variety, being a splendid keeper when cut. The flowers Midsummer and late when the best of other Gladiolus are gone. Mammoth Bulbs 10c each. $1.00 doz. $7.50 per 100.

Niagara. Immense flowers often 4½ inches across; color entirely new in Gladiolus. Soft primrose-yellow, slightly tinged rose-pink in throat, penciled with carmine on two lower petals. Mammoth Bulbs 10c each. $1.00 doz. $7.50 per 100.

Panama. Owing to its habit, color and form, it is sure to become the most popular Gladiolus in the near future. It has all the desirable features of the variety America, but in color is a rich rose-pink. It is unquestionably one of the finest. The stalks are tall and very robust, many flowers appearing at one time. Mammoth Bulbs 10c each. $1.00 doz. $7.00 per 100.

Halley. Salmon-pink shaded yellow. Very large, well expanded flowers. The pre-dominating color of the flower is a delicate pink, with a slight roseate tinge. The lower petals bear a creamy blotch with a bright red stripe through the center producing a superb effect. Mammoth Bulbs 5c each. 40c doz. $3.00 per 100.

Empress of India. Rich velvety dark red with deeper shadings. One of the richest colored varieties. Immense flowers on strong stalks. Very decorative. Mammoth Bulbs 7c each. 75c doz. $5.00 per 100.

Pink Beauty. Very early and free flowering. Splendid for cutting. Long stalks of good size flowers. Color deep rose-pink with violet rose center. Mammoth Bulbs 5c each. 50c doz. $3.00 per 100.

Augusta. A lovely and useful variety. A real gem of the garden. Beautiful flowers of pure white with blue anthers, which open all at one time. Very good stem length. Mammoth Bulbs 5c each. 40c doz. $3.00 per 100.

Glory of Holland. A beautiful pure white with lavender anthers. Flowers very large; A vigorous grower and free bloomers. Considered a handsome Gladiolus by all Gladiolus lovers. Mammoth Bulbs 5c each. 40c doz. $3.00 per 100.

Mrs. Francis King. A beautiful scarlet-pink of recent introduction which has everywhere created wide comment for its startling beauty. Immense flowers on spikes growing four feet high. The spikes are covered with a mass of blooms. A wonder among Gladiolus. Mammoth Bulbs 5c each. 30c doz. $3.00 per 100.

Brenchleyensis. An old standard variety. One of the best for bedding or planting in front of shrubbery where one shade of rich scarlet is desired. The flowers, which appear in masses all at one time, are of a vermillion scarlet color. Splendid for cutting. 5c each. 40c doz. $3.00 per 100.

Giant Gladioli Childii. 4 to 5 feet high, of free branching habit and profuse bloom. 7 to 9 inches across, each stem produces 3 or 4 spikes. All shades and markings. 5c each. 50c per doz. $3.00 per 100.

Groll's Hybrid. A mixture together with all sorts of Hybrids, consisting of Gadavensis, Lemoine and Childii, making in one bed the greatest collection and variation of color. 5c each. 50c per doz. $3.00 per 100.

Silver Trophy Strain. The rarest, most wonderfully beautiful mixture of Gladiolus in the world. It contains the newest and rarest Blues, Clematis, Lilac, Heliotrope, Reds, Scarlet, Crimson, White, Lights and Yellows. All shades of white, cream, yellow and in many combinations relieved by stains and blotches of rich colors in most wonderfully pleasing contrasts. No such exquisite combinations offered elsewhere in the world. 5c each. 50c per doz. $3.00 per 100.

Lemoine Hybrids. A showy and most splendid flowering variety, consisting of more than forty of the named sorts. 5c each. 50c per doz. $2.50 per 100.

New Giant Nanceanus. French Mammoth Flowering Gladiolus, flowers of immense size borne on long stalks, covered with profuse blooms. All shades and markings. 5c each. 35c per doz. $2.50 per 100.

The Illinois Self-Watering Flower Boxes

Made entirely of metal and will last for years. Will not rust or leak. Require attention about once in every twenty days. Made for Porches, Windows, Hanging Baskets, Jardinieres and Special Designs. They care for your plants while you visit your friends.

We Guarantee

We will replace any box that leaks or wears out in any part within FIVE YEARS of date of purchase. We will refund the purchase price of any box or pot not giving satisfaction if returned within 60 days.

Operation

A study of the accompanying illustration shows the water reservoir (E), the false bottom (D). Sponges through false bottom (C). Soil, 

Sub-irrigation is provided for, by a small opening in one end immediately above the line of the false bottom, which prevents any possibility of a heavy downpour of rain ever drowning out the plants. It will be noted that this plan is what is known as 'Self-watering' and is conceded by all authorities to be the best practice ever devised for the growth of any kind of plant life.

A liberal supply of air to the roots is constantly maintained through the sponges, and the soil will always be found moist and lean, and moisture is always evenly distributed from top to bottom of soil. You may think you cannot grow Ferns or Foliage in your home, but a trial of Illinois Self-Watering Flower Boxes will convince you that you are mistaken.

18-in., double, 1.25
20-in., double, 1.50
Bolgiano’s Bird Houses

KEEP YOUR BIRDS AT HOME

Great enthusiasm is now being shown in the protection of our native song birds; fewer birds migrate because the many bird friends are doing all in their power to keep the birds at home by placing feeding boxes and shelters conspicuously on their lawns and groves, to feed and shelter them from the Winter storms. In doing this you are furnishing food for the birds when it is impossible for them to find food from natural sources.

You understand birds are great insect destroyers; it is reported by the United States Department of Agriculture that Blue Birds, Robins, Black Capped Chickadees, House Wren, Brown Thrasher, Cat Birds, Barn Swallows, Towhee, Song Sparrows, Field Sparrows, White Crowned, Blue Grass, Baltimore Oriole, Mockingbird, Red Winged Blackbird, Bobaliink, Blue Jay, Phoeboe, Flickers, Red Bearded Woodpeckers and Yellow Billed Cuckoo are all great insect destroyers. The Government has done very extensively in their investigation, and on examining the stomach of the birds they have found the larger percentage of its contents to be insects, and many of these insects are giving the fruit growers the most trouble; had our birds been protected years ago, spraying would not be necessary today. From the Government investigation was learned another important truth, that birds feed on weed seed and this is of great benefit to the American farmer, as it reduces the crop of weeds that often times prove a destruction to crops in wet seasons.

Why should we neglect something so important and something that means so much to our welfare? Let us impress you to start now and use your best efforts to protect your birds and keep them at home.

Put up feeding boxes and feeding shelters. Keep plenty of feed in them. We can supply you with the many different varieties. Wild seeds make a good feed for the birds. If you want birds to have their home in the grove near your home, take advantage of the opportunity now and put up bird nest boxes. They will build their nests there in the Spring, thus making your home a source of pleasure with their morning songs which is more beautiful than having all the trees filled with birds warbling their songs? Don’t delay in putting up the bird box nest, as they locate their nest building early.

We wish we could make our words strong enough for you to understand that it is just as much profit for you to feed and care for the birds as it is for you to feed your livestock. Write to the Department of Agriculture for Farmers’ Bulletin No. 630. This will give you knowledge that will cause you to study the bird proposition and you will get busy in doing all you should to make your location a place for birds to dwell.

Grass Catchers

No. 1. Metal Bottom Catcher. 16 inches deep, made of heavy duck; heavy galvanized wire frame; adjustable steel hocks, will fit any mower, equipped with perfection handle. Adjustable to mowers, 12 to 16 inches wide, $1.25 each.
No. 2. Metal Bottom Catcher. Same as No. 1, but for mowers, 16 to 20 inches wide, $1.50.

Blackman’s Medicated Salt Brick

The Best and Most Convenient Stock Remedy Known

Our Medicated Salt Brick contains absolutely nothing but Dairy Salt mixed with Sulphur for a blood purifier, Copperas for worms and the bowls, Salt peter for the kidneys, and Nux Vomica, one of the best known tonics, as prescribed by Dr. G. B. Blackman, a graduate of the American Veterinary College of New York City, for the ordinary diseases of the animals for which it is intended. Price 25c per brick. $2.75 Dozen.

Wire Snips

Made of the best steel. Just the thing for home use. Always needed. Price 60c.

Iron Age Tree Pruner

This trimmer saves time because you operate it without lifting go your hold. One hand holds the pole at the bottom and the other works the sliding galvanized iron grip.

Made after "lazy-tongs" design that gives more leverage than theatcher constructed trimmer of similar type.

Tool steel shearing knife. Handles limbs up to 3/8 inch—in fact, anything that you can hold the tool over.

You cannot beat this trimmer at the price. Furnished in the following sizes:
8 foot, $1.00 each. 10 foot, $1.75 each. 12 foot, $2.50 each.

“Perfection” Sprayer

Highest Priced Sprayer in the World—and Worth it

For spraying, disinfecting or whitewashing on plants, bushes, trees, etc. Made of heavy metal, with fewer parts, stronger in construction, more powerful in action. Tank 7 1/4", x 20", lock sealed with twenty-four rivets. Hose attached with clamps. All furnished with automatic shut-off nozzles. Made of galvanized steel or solid brass.

Price, galvanized steel, $5.00, Price brass, $7.50.

“Modoc” Bucket Pumps

Will whiten and spray with same nozzle by simply turning the disc. Equipped with 5-ply pressure hose, fastened with clamps. Price $4.00.

Machine Oil

The best refined oil to be used on your lawn mowers or any of your delicate machinery. Price $1.00.

Dry Powdered Tuber-Tonic

The splendid results which have been secured by potato and vegetable growers everywhere through the use of S-W Tuber-Tonics—the combination insecticidal and fungicidal spray in paste form—have led us to the development of this material in the dry form, and we offer the grower and farmer S-W Dry Tuber-Tonic.

This material is a finely divided powder which is unaffected by heat or cold, and which reaches the consumer in perfect condition for use under any and all conditions, and which eliminates excessive freight charges, such as past materials necessarily carry with them Price 35c Lb.

Lang’s Weeder

One of the best weeders for market gardeners. Price 25c.

Bamboo Rods

Eight-foot brass lined rods with stopcock. Just the thing to use when spraying your trees. Price $3.00.

Gasoline Torches

The best torch made for burning catapillars off trees. Price $1.50.

Plow Lines

Five-eight-inch Manila rope. The best made. Price 15c Lb.
**Bolgiano’s High Grade Lawn Mowers**

Our Lawn Mowers are guaranteed in every respect; no pains or expense have been spared to produce the best mower that mechanical skill can devise.

Mechler's Poultry House Scraper
$1.00
The "Iron Age" Plows, Cultivators, Hoes, Rakes and Drill Seeders

"Iron Age" No. 6 Combined Double Wheel Hoe, Hill and Drill Seeder
A practical tool for the market gardener; will sow all kinds of seed from Celery to Beans with the greatest regularity. Can be changed instantly from drill to hill-dropper, which will drop seed 4, 6, 8, 12 or 24 inches apart. Complete with cultivators, rakes, hoes, plows. Price $15.00.

"Iron Age" No. 7. Same as No. 6. No attachments. Price $11.25.

No. 14—No. 6 Combined Hill and Drill Seeder (side hoes and teeth only). Price $10.25.

"Iron Age" No. 4 Combined Double and Single Wheel Hoe and Drill Seeder
This machine is the same as No. 6, only that it has not the drill-dropping device and opening plow. Both tools as double and single wheel hoes are identical. Price $13.75.

No. 5. As a drill seeder only. Price $10.00.

No. 40. Combined Drill Seeder. (Side hoes and teeth only.) Price $12.00.

"Iron Age" No. 17 Combined Single Wheel Hoe and Drill Seeder
This machine sows only in drills; it does not alternate into a hill planter. Many market gardeners demand a separate machine for planting in drills. It is equipped with a complete set of cultivators, such as hoes, cultivator teeth, rakes, plows, vine lifter, and an attachment for marking out the rows. Price $12.50.

"Iron Age" No. 18. Same as No. 17. As a seeder only. No attachments. $9.50.

No. 15, same as No. 17. With Drill and Hill Dropping Device with all attachments. Price $15.75.

No. 16, same as No. 15. No attachments. Price $10.75.

"Iron Age" No. 1 Double Wheel Hoe with Cultivators, Rakes and Plows
An indispensable machine to the market gardener or any one cultivating a garden. This machine complete with all attachments. Price $8.75.

No. 3. plain (with side hoes only) $5.50.

No. 12. No. 1 with side hoes and teeth only. Price $7.00.

New 1917 Complete "Iron Age" Catalogue sent on Request
Orchard Brand Insecticides

"Orchard Brand" Lime Sulphur Solution

For Use in the Dormant Period

This material combines the great fungicidal properties of Sulphur with the Scale remedy and is especially recommended for Peach and Plum trees which need the combined treatment in the Fall and Spring. In spraying this material care should be exercised to avoid getting it in the eyes, and goggles should protect the hands.

Add 10 parts cold water to one part of Lime Sulphur solution and stir thoroughly. Apply with spray pump.

1 qt. can. 25¢ 5 gal. can. $2.00
1 gal. can. 10 lb. bag, per gal. 3.00
1 gal. can. 15¢ bbl., per gal. 16¢

Carbomcll Hydroshelters

These are highly recommended by the State Department of Agriculture for testing the gravity of lime sulphur solution; one should be in the hands of every man who uses this material. Price 75¢. Postpaid 90c. With directions.

Orchard Brand Soluble Oil 95%

For use in dormant period. This is one of the greatest remedies for scale insects. Add 15 parts of water to one part of Soluble Oil, stir thoroughly and apply with spray pump. (See page 86). Gal. $1.50. 5 gal. $5.00, 10 gal. $9.00. 15 bbl., 80c per gal. Bbl., 75c per gal.

Orchard Brand Arsenate of Lead (Paste)

Kills Codling Moth, Worms, Curculio, Caterpillars, Potato Bugs, Rose Bugs and all chewing insects without injury to foliage or buds. Directions: For all chewing insects, use 2 to 4 ounces to a gallon of water. Add water slowly till thickened to a thin paste before adding to the volume of water.

1-lb. package, per lb. 25¢ 2-lb. package, per lb. 17¢ 3-lb. package, per lb. 14c

Orchard Brand Bordeaux Mixture (Paste)

Recommended for Rust, Scab and all kinds of Blot and other fungous diseases. Should be used on Potatoes, Grape Vines and all fruit trees. Directions: For Apple and Pear trees, 10 to 12 pounds to 50 gallons of water; Peach and Plum trees, 2 to 3 pounds to 50 gallons of water. To increase spray force, add 20c to the above.

1-lb. package, per lb. 25¢ 2-lb. package, per lb. 17¢ 3-lb. package, per lb. 15c

Orchard Brand Bordeaux Arsenate Lead Mixture (Paste)

This is a combined Fungicide and Insecticide specially recommended for Apple and Pear trees; also for Potatoes, Melon and Cucumber vines. Directions: Apple and Pear trees, 8 to 12 pounds to 50 gallons of water; Peach and Plum trees, 2 to 3 pounds to 50 gallons of water.

1-lb. package, per lb. 25¢ 2-lb. package, per lb. 17¢ 3-lb. package, per lb. 16c

Orchard Brand Oriole Weed Killer

Destroys Weeds, Grass, Poison Ivy, Sumac and all kinds of undesirable vegetation. An application of this will keep drives, walks and tennis courts absolutely free from weeds. Orchard Brand Oriole Weed Killer is a liquid which is to be diluted in water. It can be applied by an ordinary sprinkler or watering pot. Mix one part to 49 parts of water. 1 qt. can 40c. 1/2-gal. can 75¢.

Dry Powder Arsenate of Lead

One pound of Dry Arsenate of Lead equals three pounds of any paste Arsenate of Lead. It may be used in place of any other Arsenate of Lead. Stays in suspension better, covers more thoroughly and sticks on the foliage longer; no lumps, no sediment, no waste; cheaper, cleaner and better in every particular. Easily prepared for the spray tank. Price, 1 lb. 50c. 5 lbs. 40c. lb. 25 lbs. 35c. lb. 30 lbs. 30c. 100 lbs. 27b.

Sulphur Tobacco Soap

An excellent article for the person with a few plants. Especially good for destroying scale on palms and other plants. Soluble in warm water. Per 3-oz. package, 10c; postage 2c. 20c per 8-oz. package; postage 4c.

Kerosene Emulsion

(Liquid) Ready for use by simply adding water, 25 to 50 parts to one. This is strictly an insecticide for plant lice of all kinds, rose bugs, melon insects, fowl, human and animal lice, red spiders, green fly and sucking insects. Pint 20c. Qt. 35c. Gal. 90c. 5 gal. $4.00.

Alpine

For destroying Aphids, Green Fly, Thrip, Red Spider and other greenhouse and out-door pests, use 1 ounce to 1 gallon of the latter. 1/4 pt. 25c. 1/2 pt. 40c. Qt. 65c. Qt. $1.00. Gal. $2.50.

Fish Oil and Tobacco Soap

Makes an excellent wash for trees and plants where insect and eggs affect the bark. 1 lb. 25c.
The New “Kant-Klog” Sprayer

Kant-Klog Sprayer, style “G,” is operated by compressed air, with a patented Kant-Klog nozzle that throws seven different sizes of round or flat sprays and solid streams.

The sprayer body is made of heavy galvanized steel. Top and bottom are dome shaped, joined to body under heavy pressure, making a complete double seam.

The air pump is made of heavy brass two inches in diameter, hose couplings are solid brass, standard cut ends heavily ribbed to prevent hose from slipping off.

A few seconds’ working of the air pump thoroughly agitates the solution and charges the sprayer with compressed air. This being a very powerful and elastic force, will, as soon as the thumb presses the “shut-off,” force out the liquid in the form of a spray or a solid continuous stream as desired. After sprayer is charged you need not stop for anything; just walk along from one row to another, the machine will supply sufficient spray to enable you to do the work as fast as you walk.

When properly charged the tank holds 8 gallons of solution and 1 gallon of compressed air; and two workings of the air pump will discharge the entire contents. Used in greenhouses, poultry houses, the garden and for all plant itching trees. The “Kant-Klog” nozzle furnished with each machine without extra cost, and special attention is called to this nozzle, as it is the only one that can be cleaned without touching the spraying nozzle. The first and only nozzle ever made that gives both round and flat, or solid sprays. By express or freight, not prepaid. Galvanized steel reservoir, “Kant-Klog” nozzle, complete, $3.00.

With brass reservoir and “Kant-Klog” nozzle, complete, 87.55. Mailing weight, 10 lbs.

Iron Age Vertical Barrel Sprayer

The Auto-Spray Pump

A Self-Operating or Automatic Sprayer.

Length of Cylinder, 21 in.; weight, loaded, 30 pounds; diameter of cylinder, 7 in.; capacity, about 4 gallons; weight, empty, 7 lbs.; extension pipes extra.

Auto-Spray No. 1C. Galvanized Reservoir. Stop Cock. Price $5.00.

Auto-Spray No. 1A. Brass Reservoir. Stop Cock. Price $8.00.

Junior No. 5 Spray and Force Pump

This pump does away entirely with the objectionable foaming. The pumps, leather suction, packing, etc., require no fastening, as they held themselves down. Will pump from a well, barrel, tank, spring or creek. Has automatic mixer, to keep solution stirred. It is practically impossible for any part to get out of order or everything except handle and hose of a solid brass. Throws three sizes of solid continuous streams and two sizes of line, round spray. By express, not prepaid, $8.50. Mailing weight, 5 lbs.

Extension Pipe made of brass, 3 ft. long... 40c.

Brass Elbow...

Mailing weight, 1 lb.

Elgin Lawn Sprinkler

No back pressure on the hose. Price 75c.

Water shield to be placed on Elgin Lawn Sprinkler so that sprinkler can be put close to horse walk and not wet them. Price 10c. extra. Mailing weight, 3 lbs.

“B” Lawn Sprinkler—Number 1

Is MADE ESPECIALLY for use on terraces and sloping grounds where the water usually runs off before it has time to soak in.

This sprinkler is designed to distribute water very slowly and evenly. Under full pressure 40 feet long by twenty feet wide with PERFECTLY SQUARE CORNERS. Price $1.25.

No. 313—Single Powder Gun

No. 313. Tight, valveless, rustless-steel bellows with distributing tube or nozzle, funnel, spray spreader, elbow for spraying underneath of leaves, handles of convenient length. Price $1.25 each.

We can also furnish a Double Powder Gun, No. 314. Price $1.75 each.
Boligiano's Poultry and Poultry Supply Department

The Largest in the United States

Write for Boligiano's Beautifully Illustrated (in colors) Poultry and Poultry Supply Catalogue for 1917—It's Free

It's the Largest and Best Catalogue devoted entirely to Poultry and All Poultry Supplies published.

Contains Valuable Up-to-date Information for Poultry Men and Farmers. It gives the key to a modern Poultry Plant, the Proper Feed, the Best Breeds, etc.

WE ARE MEMBERS

American Poultry Association
International Day Chick Association

The object of this Association is to foster, promote, improve and protect the baby chick industry and all allied branches of poultry husbandry. Our Frederick H. Thayer is a director in this Association.

Single Comb White Leghorns
Single Birds and Pens for Sale
Also Day-Old Chicks

"Profitable Poultry Facts" (See Cut)

By FREDERICK H. THAYER

That's the title of the valuable book written by Frederick H. Thayer, of Cornell University Poultry Husbandry, manager of Boligiano's Poultry Department. It's the A to Z of Poultry Raising; contains over 100 illustrations.

It's Invaluable to the Amateur—Very Helpful to the Experienced

Following are a few of the subjects it treats on:

"The Story of a Chick at a Glance."
"How to Set a Hen."
"Successful Artificial Incubation."
"Successful Feeding of Baby Chicks."
"Pulling the Farm Out of Debt."
"Profitable Poultry Feeding."
"Sanitation Versus Disease."
"Eggs and Egg Producing Organisms."
"Killing and Picking Poultry."
"Duck Culture."
"Preparing Poultry for Exhibition."

This Valuable Poultry Book Free

Regular price is 50c. Contains more real help than Poultry Books selling for as high as $5.00, but in order to get this valuable information into the hands of every Poultry Raiser, we are giving it free with a purchase of $2.50 or over in our Poultry Department, or we will send it to anyone sending us 10c in stamps.

Live Baby Chicks

Last season over 75,000 Baby Chicks were shipped by us over all parts of the United States. These chicks sent to over 500 different people.

The number of complaints received from this army of customers is so small and far between that it is hardly noticeable. On the other hand we have letters by the hundred telling of the fine condition the chicks arrived in, their hardiness, quick growing qualities, large egg production. The record is one we are justly proud of.

Poultry and Pigeon Supplies

As the Grain Market is continually fluctuating, it is impossible to give prices here that will hold. Send us a list of your requirements and we will take pleasure in quoting you our lowest prices.

"Square-Deal" Chick Starter. Saves the lives of Baby chicks.
"Square-Deal" Chick Developer. Quickly develops growing Chicks.
"Square-Deal" Growing Mash. Keeps the Chicks growing.
"Square-Deal" Pigeon Food No. 1. A Pigeon Food of the Highest Quality.
"Square-Deal" Pigeon Food No. 2. A Wonderful Flying Mixture.
"Square-Deal" Pigeon Food No. 3. Like No. 2, only contains some wheat.
"Square-Deal" Pigeon Food No. 4. Especially adapted to Fancy Pigeons.

Feeding Rice White Kaflir Corn, Red Kaflir Corn, Milo Maize, Sunflower Seed, Extra Large Sunflower, Hemp Seed, Tobacco Stems, Tobacco Dust, Canary Bird Seed, Corn Chop, Middlings, Flax Seed Meal, Wheat Bran, Oats, Millet, Yellow Millet, Mixed Bird Millet, Bird Vetches, Flax Seed, Feeding Wheat, the Highest Quality Doubly Cooked Oats, Buckwheat Bran, Feeding Buckwheat, Wild Buckwheat, Hulled Oats, Crushed Oats, Oat Groats, Whole White Corn, Yellow Corn, Cracked Corn, Fine Cracked Corn, Argentine Flint Corn for Pigeons, Cracked Wheat Sifted, Ground Oats, Rolled Oats, Bird Ripe, Feeding Barley, Steel Cut Oats, Canada Peas, Green Wrinkled Peas, Soy Beans for Feeding, Maple Peas, Peanuts for Pigeons, Feeding Oats, Feed Health Grit for Pigeons, Hen’s-to-Grit, Charcoal, prepared all sizes, White Rice Pop Corn, Cracked Corn and Crushed Oats, Cotton Seed Meal, Fried Brewers’ Grains, Distiller’s Grains, Miso Sprout Grit, “Square-Deal” Health Grit, Digestor Tackelage for Hens, Golden Grain, Dairy Food, Golden Grain Horse and Mule Feed, Puritan Horse and Mule Feed, Perfection Dog Feed.

Thoroughbred Stock—Either Single Birds or Pens

We can furnish all breeds of Poultry, Turkeys, Ducks and Pigeons. Thoroughbred Eggs for hatching and Day-Old Chicks of Season, Satisfaction Guaranteed. Prices reasonable. For any Poultry Information, write our Mr. Fred. H. Thayer.

**Fertilizers for the Farm, Garden and Lawn**

We present a list of our brands of Fertilizers. You cannot judge the merits of a Fertilizer only by the analysis, but you must have a knowledge of the basis from which it has been made.

It is a well known fact that the animal waste products produced in the abattoirs give the purest and most available basis for Ammonia and Phosphoric Acid. This is the basis of our goods. The company that manufactures our Fertilizers owns and controls the kinds of growth in the garden, which are independent of the great trust, to secure for our goods this unexcelled source for our plant food. The expense is almost as much working and reaping one half a crop as it would be to harvest a full crop, which a good garden will help to produce.

**Bolgiano's Own Lawn Fertilizer**

Produces a rapid and rich green growth of grass. 10 lbs. to 300 sq. ft. 500 to 1,500 lbs. per acre. 

Price: Packages 10c. By mail 20c. 5 lbs. 25c. 10 lbs. 45c. 25 lbs. $1.00. 50 lbs. $1.75. 100 lbs. $2.75. 200 lbs. $5.00. 500 lbs. $12.00.

**SHEEP'S HEAD** BRAND PURE PURIFIED SHEEP MANURE

Contains nitrogen, phosphoric acid, ammonia and potash in liberal proportions. It is unequalled as a fertilizer for the vegetable garden, flower garden, house plants, fruit house, etc. It is also dissolved in water and used as a liquid tonic for the house and office plants.

Four columns in the analysis represent the following ingredients respectively: Ammonia, Phosphoric Acid, Potash, Bone of Plants of Lime.
